SWINTON PARK

(Intended for last week)

The snow is falling quietly down, sleighs are out, and the woodmen slip by so easily. We wish they would each one get a new set of bells befor Christmas, even a good horse enjoys the bells.

The home of Mr. and Mrs. Neil Clark, and sons, has been sadly afflicted the last two weeks, Evan, the eldest has suffered from a throat trouble, Allan, third son, cut his foot badly with the axe. both have been in bed, but at present reported improvement. Archie was called upon to take more and larger steps, to make the daily rounds, and assist mother, and father.

Miss Campbell, teacher at Boothville school, was at her home at Listowel over the week end, the occasion being the marriage of her sister.

Mr. and Mrs. Delbert Haw motored over to Bayfield one day last week

Mrs M. Bowden returned home after spending a week with friends at Badgeros.

We are thinking of drafting a new game law, as we have heard of three fine buck deer within a short distance in this north side of Proton, that were supposedly wounded in the open hunt week and wandered away to die. We do not think the idle of towns and cities should have any show in destroying the deer that the farmers have fed for years, they belong to the home people, just as much as the fatted calf.

We were very sorry to hear of the accident that befell Miss McMillan of Flesherton, and her many friends of Swinton Park are sincerely thinking of her.

PROTON STATION

(Intended for Last Week)

News worth reporting seems to be either scarce or elusive. The scribe doesn't get it, something like the deer during the open season week, not many were secured just around here, doubtless the animals were wise and took refuge in the reserve in this locality. A few of our folk went to the winter fair, among them were Mr. and Mrs. Lorne Hodgin, Mr. Norman Reddick, Mr. Gordon Acheson and Mr. Arthur McCannel, the latter remaining for the week. They report the fair of the finest yet Congratulations are in order for our neighbors of the Victoria Corners district, Messrs. Best and Atkinson for having obtained first prize and third in sweepstakes for the young horse they exhibited there.

The children and young people are busy practising for the Sonday school entertainment to be held in the near future.

Mr. Herb Corbett visited Owen Sound, his daughter, Miss Ina accompanied him as far as Berkeley. Mr. Corbett and daughter and Miss Cora Foy spent part of the week in Toronto.

The ladies of the W. A. held a quilting on Wednesday at the home of Mrs. Jas Batchelor, about twenty ladies were present. They quilted one quilt and cut out another.

Mrs. Wm. Ludlow is visiting her uncle Mr. Humphreys at Alton. He visited his niece last summer and is the much talked of carpenter that we read about in the dailies, who at the age of ninety is still working at his trade and who just lately made a sleigh all hand work.

Visitors at Chas. Moore's over the week end were Myrtle and Helen Moore and Miss Julia Scale, Bill Cade and Gordon Ward of Toronto, Herb Akins, Flesherton.

BUILDING

I watched them tearing a building down,
A gang of men in a busy town.
With a ho-heave and a lusty yell.
They swung a beam and a sidewall fell.
I asked the foreman: 'Are these men skilled,
And the man you'd hire if you had to build,"
He gave a laugh and said: 'No indeed!
Just common labour is all I need.
I can easily wreck in a day or two
What builders have taken a year to do.'
And I thought to myself as I went my way,
Which of these roles have I tried to play
Am I a builder who works with care,
Measuring life with the rule and Square
Am I shaping my deeds to a well made plan,
Patiently doing the best I can?
Or am I a wrecker, who walks the town.
Content with the labour of tearing down?
