The "Equitable" Fire Office will by a constant analysis of its own experience from time to time adopt such rates of Premiums as the nature of the risk may justify.

The engagements of the Equitable are guaranteed by a responsible proprietary, and an ample subscribed Capital. The insured are free from the liabilities of a Mutual Insurance Society, and entitled, according to the plan of the Company, to a return of half the profits.

Losses are made good, without deduction or discount, and are adjusted and paid in Montreal, without reference to London.

THIS Institution is purely a Benevolent one, organized for the purpose of affording effectual pecuniary relief to members who may become disabled by disease or accident, —composed of Merchants, Mechanics, Farmers, Working Men, and others, associated for mutual protection. It is established on the purely mutual plan, each member being entitled to a vote in the election of officers, and to participate in the benefits. The rates of annual payment are the same as adopted by similar institutions in England, and experience demonstrates that they will give stability and perpetuity to any institution adopting them.

The following table shows the amount of Benefit paid each member under 50 years of age:—

YEARLY PAYMENTS to secure in Sickness, or during Incapacity for Labor, the following sums weekly:—

Weekly Benefits.	Weekly Benefits.	Weekly Benefits.	Weekly Benefits.	Weekly Benefits.
£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
0 10 0	0 15 0	1 0 0	1 10 0	2 0 0

£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
0 15 0	1 2 6	1 10 0	2 5 0	3 0 0

In addition to the above rates, an admission fee of ten shillings will be charged the first year, to be paid upon making application.—Those over 50 to be charged 25 per cent. extra. Females admitted as well as males. A Funeral Benefit of £10 will be granted by the Society, upon payment of 5s annually.

It being the only institution of the kind in the Province, the Manager would particularly call the attention of the public to it, believing that its principles need only to be generally understood to be universally adopted. The public are respectfully invited to call at the Office and get a copy of the "Monthly Monitor" (gratuitous), a large and elegant paper, published by the Society, containing Prospectus, Constitution, and Regulations, and every information relative to the British American Friendly Society.

ENGLISH AND AMERICAN
Garden, Field and Flower Seeds.

E. W. PALMER respectfully intimates to Farmers, Gardeners and others, that he has for sale at his Drug Store, Market Square, Kingston, an assortment of the *best, purest* and *freshest* variety of Field, Garden and Flower Seeds that could be procured in the English and American Markets.

The English Seeds were imported in December, direct from the most celebrated Seedsmen in London; and those from the United States were purchased from a Seedsman of twenty years' standing at Flushing, N. Y.

The importation of last year (though much larger than that of the previous one) having been found too limited to supply the greatly increased demand, last Fall's orders were much extended; several new and improved kinds of Cabbage and Turnip Seeds, Peas, &c., added, so that this year it is hoped that all orders may be filled. To secure supplies, however, early application should be made.

The Advertiser, by his seed importations, has greatly contributed to the improvement of Garden Vegetables and Field Root Crops, and he is determined that no exertions will be wanting on his part to extend that improvement.

Country Merchants supplied on the usual liberal terms.

Catalogue furnished on application.

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months, thirteen dollars less than the above-named prices, to Boston or Albany, and to other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston to the destination agreed upon.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of pre-paid passengers embarked, we publish their names in the Boston Pilot, and also notify each purchaser of pre-paid certificates, either directly or through our agents.

On the arrival of any of our ships in the outer harbour, we immediately dispatch an agent on board, to give pre-paid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

Train & Co., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only Liverpool and Boston line of Packets, they have determined, that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the Rapid and Successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusually rapid passages.

As Train & Co. have made such arrangements in Liverpool as will Protect their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favourable terms, for a well known line of magnificent Packet Ships, and in this way avoid the disrespect, anneyance and delay which they so often experience, when they engage with agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honourable and Humane, and that they have been distinguished for the most exact fulfilment of all their Engagements, we are permitted to refer the Very Reverend Theobald Mathew, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend John Bernard Fitzpatrick, D., Bishop, Cathedral, Boston.

(COPY.) Boston, January 22nd, 1849.

DR. MORSE'S

INVIGORATING CORDIAL.

A PHENOMENON IN MEDICINE.

HEALTH RESTORED & LIFE LENGTHENED, by

Dr. Morse's Invigorating Elixir or Cordial

For centuries, Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or decaying energies of the nervous and muscular systems, without the drawback of subsequent prostration, which all stimulants, tonics, and narcotics had heretofore entailed. *That something has been found.* It is a vegetable production, brought from the sterile deserts of Arabia the Stony, by the celebrated Professor M. Morse, well known as a distinguished member of the leading scientific societies of the Old World, and equally distinguished as a physician, a chemist, and a traveler. The juices of this herb, concentrated and combined with other vegetable medicinal extracts, are now producing results heretofore unheard of, in this or any other country. At first the properties attributed to Prof. MORSE'S INVIGORATING ELIXER OR CORDIAL were deemed fabulous. The public often deceived *could not believe* the simple and sublime truths announced by the discoverer. But facts, undeniable facts attested by witnesses of the highest class and character, are now triumphing over all doubts INCREDULITY IS OVERTHROWN, by a mass of testimony which is perfectly irresistible.

The ELIXER remedies, in all cases, the deplorable evils arising from a misuse or abuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the *re-production of human life.* To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the overworn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The *Elixir* deals with *disease as it exists*, without reference to causes, and will not only remove the disorder itself, but *Rebuild the Broken Constitution.*

The derangements of the system, leading to nervous diseases, and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few however, may be enumerated, viz: neuralgia, tic doloreaux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, sexual incompetency, melancholy, monomania, flour albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or strictural diseases it is averred that *Morse's Invigorating Elixir* will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. ☞ Bear in mind that all maladies, wherever they begin, *finish* with the nervous system, and that the paralization of the nerves of motion and sensation is *physical death.* Bear in mind also, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.
