INVIGORATING CORDIAL.

A PHENOMENON IN MEDICINE.

HEALTH RESTORED & LIFE LENGTHENED, by

Dr. Morse's Invigorating Elixir or Cordial

For centuries, Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or decaying energies of the nervous and muscular systems, without the drawback of subsequent prostration, which all stimulants, tonics, and narcotics had heretofore entailed. *That something has been found.* It is a vegetable production, brought from the sterile deserts of Arabia the Stony, by the celebrated Professor M. Morse, well known as a distinguished member of the leading scientific societies of the Old World, and equally distinguished as a physician, a chemist, and a traveler. The juices of this herb, concentrated and combined with other vegetable medicinal extracts, are now producing results heretofore unheard of, in this or any other country. At first the properties attributed to Prof. MORSE'S INVIGORATING ELIXER OR CORDIAL were deemed fabulous. The public often deceived *could not believe* the simple and sublime truths announced by the discoverer. But facts, undeniable facts attested by witnesses of the highest class and character, are now triumphing over all doubts INCREDULITY IS OVER THROWN, by a mass of testimony which is perfectly irresistible.

The ELIXER remedies, in all cases, the deplorable evils arising from a misuse or abuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind necessary to the *re-production of human life.* To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the overworn man of business, the victim of nervous aggression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The *Elixir* deals with *disease as it exists*, without reference to cause, and will not only remove the disorder itself, but *Rebuild the Broken Constitution.*

The derangements of the system, leading to nervous diseases, and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few however, may be enumerated, viz: neuralgia, tic doloreaux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a prickling sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking at the stomack, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or structural diseases it is averred that *Morse's Invigorating Elixir* will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. ☞ Bear in mind that all maladies whatever they begin, *finish* with the nervous system, and that the paralization of the nerves of motion and sensation is *physical death.* Bear in mind also, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased debilitated and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced re-vivified and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the *Medicinal Wonder* of the nineteenth century. It is as the first scientific man in the world would have admitted that miracle of medicine heretofore supposed to have no existence.

No Mercury or Opium—Solemn Oath.

Dr Morse, having recently heard that some physicians, and several druggists have asserted that his Cordial contained Mercury and Opium has made the following affidavit.

State of New York, city and county of New York, ss.

On the 26th day of June, A. D. 1846, personally appeared before me, Andrew H. Mickle, Mayor of the city of New York, Metcalf Morse, who by me being duly sworn, doth depose and say, that there is no Corrosive Sublimate or other Mercurial preparation used in compounding and manufacturing, or is contained in the medicine known by the name of Dr. Morse's Invigorating Elixir Cordial, and that it does not contain a particle of Opium.

Sworn before me, this 26th day of June, 1846. A. H. MICKLE, Mayor.

CAUTION.

Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietors fac-simile pasted over the cork of each bottle, and the following words blown in the glass—"*Dr. Morse's Invigorating Cordial,*

C. H. RING, Proprietor, N. Y.

☞ The Cordial is put up highly concentrated, in pint bottles.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day.

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs. navy bread; 1 lb. wheat flour; 2 lbs. rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of pre-paid passengers embarked, we publish their names in the Boston Pilot, and also notify each purchaser of pre-paid certificates, either directly or through our agents.

On the arrival of any of our ships in the outer harbour, we immediately dispatch an agent on board, to give pre-paid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

Train & Co., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only Liverpool and Boston line of Packets, they have determined, that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the Rapid and Successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusually rapid passages.

ENOCH TRAIN & Co., Nos. 37 & 38 Lewis Wharf, Boston, Massachusetts. TRAIN and Co., Merchants, No. 5 India Buildings, Water Street, Liverpool, England. TRAIN & Co., Passage Office, Nos. 118 and 119 Waterloo Road, Liverpool, England. TRAIN & Co., No. 121 St. Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will Protect their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favourable terms, for a well known line of magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honourable and Humane, and that they have been distinguished for the most exact fulfilment of all their Engagements, we are permitted to refer the Very Reverend Theobald Mathew, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend John Bernard Fitzpatrick, D., Bishop, Cathedral, Boston.

"PANKORITE."

Important to Thousands!!

Myers' Extract of Rock Rose:

AN invaluable Remedy for all Scrofulous Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Nursing Sore Mouth, and General Debility; and as a Purifier of the Blood, is unequalled.

To be convinced that it is the most valuable Medicine of the day, you have only to read the testimony of its efficacy. As a Family Medicine it is invaluable, and one which no person should be without.

The ROCK ROSE has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

According to the opinions of Eminent Physicians, the ROCK ROSE Plant is unequalled in curing Scrofula in its various forms! The Sick Headache, in Obstinate Chronic Cases, may here find a Sovereign Remedy! The Canker and Nursing Sore Mouth! in numerous cases, have been speedily cured.

BUT WHAT IS THE ROCK ROSE!

The following history of the Rock Rose Plant and its medicinal properties we take from the New Haven Palladium, March, 1852.—

"The increased interest manifested in the ROCK ROSE Plant in consequence of the many wonderful cures effected by 'Meyers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it; and also to set in a true light the nature of a plant which promises to be universally beneficial.

We are indebted to the United States Dispensatory of 1847, for the following description of it:—

'It is entirely different from the common Rose. It is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants sending out near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799 it was so valuable in England that it was cultivated from the seeds. Ever since 1806, Prof. Ives, of Yale College, has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.'

Dr. Isaac Parish of Philadelphia, remarks that it has been successfully used in bad cases of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swelling of the hip, in February, 1844.—The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Rock Rose. In two days his night sweats ceased; I then ordered a teaspoonful of Rock Rose three times a day.—Thirty-nine days after he was entirely well.

Dr. Webb, of Madison Ct., Testifies to the value of Rock Rose, as evinced in the cure of numerous cases of Scrofula, especially in children.

Dr. Sparry, in his medical work published 1847, quotes the strong commendation of Dr. Eli Ives, Professor in Yale College, who, in his lectures to the medical students, recommended the use of the Rock Rose, even in cases where the disease is uncertain.

The value of the Rock Rose has also been set forth by Dr. Tyler, of New Haven, Ct., in a dissertation avowedly prepared for that purpose, which afterwards, at the request of several of his medical brethren, was published in a pamphlet.

We quote from the preface. He says that since the delivery of this address, "the plant under consideration has been more fully tested, its virtues developed, its character better established. This dissertation is published by the advice and approbation of several medical friends. The object of it is to lay before the profession, and the public, the virtues of a plant too much neglected. I ask for this plant an impartial trial. I will conclude by asking only of the profession and the public, a more extended trial of the ROCK ROSE."
