Connecting with Express Companies for all parts of the United States, California, Australia, &c.

THE British and North American Express Company has been organized for the purpose of facilitating the transit of Money, valuable and other parcels, and Merchandize of every description between all the principal Cities, Towns and Villages in British North America, Great Britain and Ireland, and the United States.

The accountability of the present Company may be judged of by the known responsibility of its President and Directors, and the public may rest assured that no efforts will be wanting on its part to give the utmost satisfaction in the transaction of any business that may be entrusted to it.

The great trouble and expense hitherto experienced in the forwarding of parcels and light packages to and from Great Britain and this country, will in a great measure be obviated by this Company, as they purpose establishing Agencies in the principal cities of England, Ireland and Scotland, and also of availing themselves of the direct communication afforded by the Canadian Line of Ocean Steamers, by which time, and to a great extent, the exorbitant commission and customs charges incurred at the ports of New York and Boston, as well as the high rates of freight exacted by United States Express Companies, will be saved.

Besides the *Money* and *Parcel* branch of the Express business, this Company will be prepared to contract with merchants and others, for the delivery of Goods and Merchandize of every description, both in the Canadas and United States, by fast freight lines. Also, to receive consignments of Goods from any part of the world, pass them through the Customs and forward them to their destination with the utmost despatch. All such consignments must be accompanied by invoices for entry when coming to Quebec or Montreal, and by Consular certificates when shipped in winter *via* Portland or Boston.

Having contracted with the Grand Trunk Railroad Company for the exclusive privilege of the Express portion of their business, and arranged with the Proprietors of the River and Lake lines of Mail Steamers, for the conveyance of their Messengers and Freight, the BRITISH AND NORTH AMERICAN EXPRESS COMPANY respectfully announce that on the opening of navigation, they will commence running a Daily Express between Quebec, Montreal, Kingston, Toronto, Hamilton, and intermediate places; also, between Boston, *via* Portland and Montreal. A Messenger will accompany all Goods, Bank Notes, Specie, Collections, &c., which may be committed to them, and each Steamboat and Train on which they ride, will be provided with suitable iron safes in which to deposit valuables.

To ensure the speedy delivery of Goods shipped to or from ports in Britain, they must be *distinctly marked* "Care of the British and North American Express Co.," as the Company will have agents at all the Canadian and British Ports to receive and forward the same.

By these safe and expeditious means of transit and moderate charges, the Company expects a large share of public patronage.

Superintendent.
E. W. PALMER,
General Manager.
