Two Cars Collide

A collision of two motor cars occured Thursday morning last one mile east of town on the Collingwood gravel when a car, driven by Wilbert Jermey of Barrie, collided with that driven by Jacob Strencobsky of Brantford. The Jermey car was following a truck load of men coming from Barrie to seek work, which had stopped behind a hay rack to allow the Brantford car to pass when the Jermey car, travelling without brakes swung out from behind the truck and crashed into the oncoming car. The Brantford car turned completely over into the ditch and the Barrie car swung around the side of the road but did not turn over. None of the occupants of the cars were seriously injured, except for minor cuts and bruises. Both cars had their front ends considerably damaged from the force of the impact.

The driver of the Barrie car did not have a permit to drive and is said to have been on relief and on his way to Flesherton to seek work with the King Paving Company. We understand a charge of reckless driving will be laid against Jermey, besides a charge of driving without a permit.

REV. GEO. R. SERVICE B.A.
Pastor of St. John's United Church Flesherton.

Rev. Mr. Service was born at Stayner, in Simcoe County. He was educated at Stayner continuation school, Barrie Collegiate, and graduated from Victoria College in 1929. He attended Emmanuel College from which he was ordained in 1932, taking his first charge at Kapuskasing, where he remained for four years. During his college course he assisted Rev. E. Crossley Hunter in Carlton street United church. specializing in Sunday school and young people's work. In 1933 he was married to Miss Jean Cobb of Toronto, who is said by those who know to be a very able assistant to her husband in his church work. Judging from the welcome accorded Rev. and Mrs. Service it is felt by many that a new era has dawned for St. John's United church in Flesherton. The Advance tenders its personal welcome to these good people and wishes for them a long and successful work in the Master's harvest field.

Induction Of Pastor

The induction of Rev. Geo. R. Service into the pastorate of St John's United church circuit, including Ceylon, was held in the church on Friday evening with a fair congregation. Rev. W. H. Smith of Durham inducted the new minister, while Rev. Heeney of Elmwood preached to the pastor and the congregation. Following the service the Ladies' Aid served lunch in the basement of the church.

Short addresses were delivered by Messrs. Jos. Blakely and A. Sinclair and Mrs. E. C. Murray. Rev. J. R. Wolstencroft brought greetings to the new minister, from those outside the church.

Both services in St. John's church on Sunday were well attended and the new minister was well received by large congregations. His morning sermon was based on Luke 17: 23, "The Kingdom of God is Within you," while at the evening service, the text was found in Phillipians 4: 13, "I can do all things through Christ which strengtheneth me."

Big Plans For Picnic In Flesherton Aug. 3

On behalf of the Toronto Branch of the Flesherton Old Boys and Girls Association, I desire to thank our old friends in Flesherton for the kindly invitation to picnic there again on Civic Holiday, August 3, 1936.

I also wish to thank the contingent from the Flesherton Branch of our Association who journeyed to Toronto on Thursday last and met jointly with our Committee in the Victoria Hotel to discuss arrangements.

Invitations are being sent this week to all on our mailing list to attend the picnic and take in the excellent program of Sporting events which is being arranged. which will include a hard-ball game between Flesherton and a team yet to be selected, a bicycle race, wrestling bout water sports, children's races, etc.

In addition, it is proposed to secure a first class band to provide music for the large crowd expected, throughout the day. No effort will be spared to make this picnic the outstanding one from the standpoint of entertainment and attendance since "Old Home Week" celebration in 1929. and those who. by reason of a faulty mailing list, do not receive an invitation, are requested to accept the invitation herein tendered, bring their children, friends and baskets, and meet the gang once more.

To those in Toronto who lack transportation. we ask that they communicate with any of the officers listed below and no effort wil be spared to see that they are accommodated. Similarly, those in Toronto who can possibly arrange to take anyone with them are urged to communicate this fact to the undersigned. stating how many can be accommodated and when they will leave Toronto in order that contacts can be made to swell the crowd from Toronto as much as possible.

We are endeavouring to contact an outstanding clergyman from Toronto to take charge of the open air service on Sunday. with the assistance of the local ministers, and we trust this will also result in a large turnout. Let us all pull together and endeavour to surpass all previous records for picnics in the Old Home Town. Watch The Advance for particulars.

WOODWARD — CLINTON

On Tuesday evening of last week, Victoria College chapel, Toronto, was the scene of a pretty wedding, when Miss Alberta Eugenia Clinton, daughter of Mr. and Mrs. D. W. Clinton of Toronto, became the bride of Mr. Preston Woodward of Port Arthur. The groom is the son of Mr. and Mrs. F. C. Woodward of Toronto. The chapel was decorated with peonies, delphiniums, and palms and the ceremony was performed by Rev. George Dickson. Mr. Hatt played the organ, and while the bridal party were signing the register, Mr. Ernest Rush sang "Because". The bride, given in marriage by her father, wore a gown of white silk chantilly lace, a short tulle veil, caught, with lily of the valley, and carried a shower bouquet of templar roses and lily of the valley. Mrs. John Brotherton, sister of the bride, was matron of honor, wearing a gown of pink printed chiffon with white accessories and carried briarcliff roses and cornflowers. Mr. Raymond Woodward, brother of the groom, was best man. After the ceremony a reception was held at the home of the bride's parents, where the bride's mother received, wearing a gown of flowered chiffon with white accessories and a corsage of talisman roses. The groom's mother, also receiving, was gowned in orchid chiffon, with gray accessories and wore a corsage of coucenir roses and sweet peas. Later the couple left for Muskoka. They will stay in Toronto until August, when they leave for Port Arthur, where they will live.

Keith Beaton Wins Dr. Jamieson Medal

In the entire Inspectorate of South Grey, including Osprey Tp., there were 444 candidates. of whom 174 were granted their standing on their year's work and 173 who passed the examinations set by the Department, or a total of 347 who obtained standing, or about 78 per cent.

Of the 444 who were prepared for the examinations 107 were from the six urban centre schools, and of those 96 passed, or almost 90 per cent. Almost all of those intend going to High School.

Of the 337 from the rural schools, 241 passed. or 68 per cent. It is to be regretted that only a small per centage of those intend going on to High School. If transportation to one of the local High Schools could be provided a very large number of the rural children could arrange to attend.

The winner of the Dr. Jamieson gold medal, given through the generosity of Dr. Jamieson, Durham, goes to Keith Beaton. of No. 1 Glenelg Tp., taught by Mr. Daniel Firth. Keith received the highest marks in the inspectorate.

The winners by subjects are as follows:

There are several who obtained the total mark in spelling; Helen Atkinson. Helen MacDonald, Ross Cain, June Elvidge, Gladys Gray, all of Durham school, taught by Mr. Geo. Noble, also Archie Lawrence of No. 9, Glenelg taught by Mr. Oscar Moon, and Ada Crispin, of U. No. 3, Normanby, taught by Miss Margaret Leith.

The best reader in the Inspectorate is Muriel Teeter, of No. 2, Artemesia taught by Miss Irene Martin.

The best writers are Keith Beaton, of No. 1, Glenelg, and Oly MacDonald of Flesherton, the latter taught by Mr. Clarence Chapple. The best in Literature is Jack Cornett, of Dundalk school, taught by Mr. Elgin Ruttle.

There are three equal in Composition; Helen MacDonald, and Mary Noble, pupils of Mr. Geo. Noble, Principal at Durham. and Nellie Gomm, a pupil of Mr. Daniel Firth, of No. 1 Glenelg.

The best in Geography is Ruth Gregory, of the Durham school.

The best in History is John Murdock, a pupil of Miss Grace Tindall's, at No. 11. Bentinck.

The best in Grammar is Eldon Fisher, of Flesherton, taught by Mr. Chapple.

The best mathematician in the Inspectorate is Miss Ruby Wall, a twelve year old girl from No. 5 Bentinck, taught by Miss Irene Curtis.

The youngest pupil to pass was Isabel Weber, a little 10 year old girl from No. 11 Artemesia. taught by Mr. Harold Thompson.

Lord Tweedsmuir regrets that he will not be able to visit Grey County in October. He goes West, and can not get back in time.

HINTS FOR POULTRYMEN

The skill and expense involved in the production of eggs culminates in the market price obtained. The aim, therefore, should be to secure the highest price by preserving their freshness and quality. Eggs should be collected at least once daily, and during very cold and very warm weather collection should be made at noon and night to avoid freezing or heating.

Eggs should be taken at once to a cool cellar where there is a fairly low temperature. It may be advisable to open one or two windows and substitute screens covered with cheesecloth for ventilation and to carry off excessive moisture or odour. Dirty eggs should be cleaned with coarse sandpaper, but not washed. Stains may be removed with a little vinegar on a clean cloth. Washing eggs destroys the protective coating and lowers the grade.

Deep, roomy nests provided for the hens will reduce breakage. Clean pine shavings have proved the best nest material. Shavings facilitate cleaning and form a better cushion in the nest than hay or cut straw. At this season of the year shells are more likely to be brittle and contents of poorer quality due to hair cracks and so called "grass" or dark yolks, and careful candling is advisable if the best prices are to be obtained.

"Whales are said to have small throats, but the size of them is deceptive," says a writer. It will be remembered that even Jonah was taken in.

Wanted--Old Boys And Girls Back Home For Picnic

A splendid joint meeting of the Toronto and Flesherton committees of the Flesherton Old Boys' and Girls' Association was held in Toronto on Thursday evening of last week, when discussion took place on the variety of the program to be given at the picnic in Flesherton on Civic Holiday. August 3rd. The details will be given in later issues, but let us say that those attending the celebration over that week end will certainly enjoy themselves. Special church services on Sunday. followed by a big day of sports on Monday and the opportunity of meeting old friends, should bring a large crowd to the week end activities.

We want everybody to come "home" for the week end and have a good time in old familiar surroundings. You will enjoy the holiday and we will enjoy having you with us.

Is Liberal Candidate

Dr. J. A. McArthur of Markdale was nominated to uphold the Liberal cause in the next Provincial election, at a meeting at Durham last week. It was not expected that a Liberal candidate would be entered, due to the support that F. R. Oliver, M.L.A., accorded the Liberal party in the Legislature the past session. There is time, however. before the election for the Liberal candidate to gracefully retire and throw his suppor to Mr. Oliver. This will be the likely procedure when the time arrives.

Feed Sale Practices

Purchasers should beware of feed sold by the bag with no stipulation as to weight. Some unscrupulous feed dealers have sought to capitalize on the fact that the one hundred-pound bag unit of feed is so commonly employed that it is taken for granted. Even with fixed weights, the valume of bulk feeds varies according to the nature of the material or the tightness of packing, and so a lack of uniformity in the size of packed bags does not ordinarily arouse suspicion. It is alleged that some dealers guard against suspicion by using bags of the usual height, but less than the usual width, giving the appearance of a full weight package while actually it is a few pounds under weight.

The farmer is victimized not only in the quantity of feed he receives. but likewise in the price per hundred pounds or per ton which he pays. He is also misled in his ration balancing plans, for he commonly purchases concentrates to supplement and balance farm grown feeds. Even should he detect the shortage he could probably get no redress, for the vendor guilty of snch practices sells "by the bag" rather than by weight and thus protects himself against charges of misrepresentation.

Farmers would be well advised, therefore, to purchase feed on a weight basis rather than a bag basis. and also to check sellers' weights. whenever opportunity permits. By so doing, they would not only protect themselves against the practises described, but would serve the interests of honorable manufacturers and dealers whose bag-lot prices appear out of line when they must offer ane hundred pound bag of feed in competition with, say. a ninety-three pound bag.

The fish in the Vermilion River in Alberta bite only one year in four, but even that is a better record than can be shown by some streams not so far away as the prairies.

Miss Macphail Is Leaving For Europe

Miss Agnes Macphail, M. P. for South Grey will sail from Montreal on Saturday of this week for England and Europe, by steamer Empress of Britain, in company with three others who are all sponsored by McGill university of Montreal, to look into foreign school matters and co-operatives in Denmark, Sweden and Finland, with some time spent in Leningrad, and Moscow in Russia where they will investigate some of the big farms and medical conditions. The party of four are headed by Prof. Marsh, whose wife also accompanies him, and Miss Macphail and her secretary, Miss Bolus. The party first visits England and Denmark, where they will investigate the co-operative and school systems. From there they go to Sweden, where the co-operative system is wonderfully developed, and which owns the greatest co-operative electrical system in the world. Next on the itinerary will be Finland, where social service will be investigated, then to Russia for two weeks. As an educational tour this trip ought to give our lady member a veritable mine of information which will stand her in good stead in future campaigns and in the House and we congratulate her on securing such a valuable asset to her personal dictionary of world affairs.

On the return from Russia, Miss Macphail will spend a fortnight in old London as guest of her secretary, Miss Bolus, whose father is engaged in the civil service.

CAMERON—HOSSACK

Pink and mauve larkspur, palms and ferns, formed the setting in Emmanuel College Chapel, Toronto, this afternoon, for the marriage of Dorothy Isobel Hossack, daughter of Dr. and Mrs. J. G. Hossack of Innerkip, to Dr. W. R. Cameron of Milverton, son of Mr. and Mrs. Alexander Cameron of Flesherton. Rev. J. S. Bonham performed the ceremony and Miss Priscilla Shields played the wedding music.

The bride, given in marriage by her father, wore a gown of petal pink French lace over silk crepe fashioned on long lines with short train and cowl neckline. The short jacket was edged with accordian pleating which also formed a stand-up collar. She wore a small matching lace hat with off-the-face brim and her only ornament was the sunburst of pearls which was worn by her mother at her wedding. She carried Butterfly roses and lily of the valley. Miss Audrey Weichel of Waterloo, bridesmaid, was in pale blue lace with matching Juliet cap and carried a colonial bouquet. Dr. Bruce Hardy was groomsman and the ushers were Dr. Bruce Macleod and Dr. Roy Clarke, of Toronto.

The reception was held in the drawing room at the College where the guests were received by Mrs. Hossack in figured blue and grey chiffon with matching mohair hat and a corsage of pink roses and baby's breath. She was assisted by Mrs. Cameron in flowered chiffon with matching mohair hat and wore a corsage of yellow roses and sweet peas.

The couple left by motor for Muskoka and on their return will live in Milverton, Ontario. For going away the bride wore a brown and beige tailleur with brown accessories.

One reason it is not nice to judge a man too severely by what his enemies say of him, is, that if he heard all his friends say of him he would likely be feeling badly enough.
