As Train & Co. have made such arrangements in Liverpool as will protect their friends from the frauds and impositions sometimes practiced there they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favourable terms, for a well known line of magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience when they engage with agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honourable and Humane, and that they have been distinguished for the most exact fulfilment of all their Engagements, we are permitted to refer the Very Reverend Theobald Mathew, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend John Bernard Fitzpatrick, Bishop, of Boston.

PUNDERSON'S CONDITION POWDERS

For Horses and Horned Cattle.

THE change of weather and season with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder o the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Botts, &c. All of which will be prevented by giving one of these powders once a year, either Spring or Fall, and will, at any time, cure when any symptoms of disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed.

One or two Powders will perfectly cure a recent Founder in 6 or 8 days without leaving least effect in the feet, if no blood is let, and nothing else done, only to give the powder as directed. Bleeding changes the inflammation acute to chronic, and settles in the feet. In Horse-Distemper, they allay the fever and promote a healthy termination of the disease.

One Powder will in all cases cure the Horn-Distemper in a cow, without boring the horns or doing anything more than to give the Powder as directed for a horse. An ox will sometimes require a double dose, or 2 Powders.—Every cow should have one Powder given her after calving, it carries off all fever, and cleans her well, and makes her milk good and abundant through the season. Their effect is the same on all Herbivorous animals.

As there are many imitations and counterfeits, see that you get "PUNDERSON'S CONDITION POWDERS." Agents for this City E W. PALMER, CHAS. HEATH and G. BAKER & Co.

Important to Thousands!!

Myers' Extract of Rock Rose!

AN invaluable Remedy for all Scrofulous Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Nursing Sore Mouth, and General Debility; and as a Purifier of Blood, is unequalled.

To be convinced that it is the most valuable Medicine of the day, you have only to read the testimony of its efficacy. As a Family Medicine it is invaluable, and one which no person should be without.

The ROCK ROSE has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

According to the opinions of Eminent Physicians, the ROCK ROSE Plant is unequalled in curing Scrofula in its various forms! The Sick Headache, in Obstinate Chronic Cases, may here find a Sovereign Remedy. The Canker and Nursing Sore Mouth! in numerous cases, have been speedily cured.

BUT WHAT IS THE ROCK ROSE?

The following history of the Rock Rose Plant and its medicinal properties, we take from the New Haven Palladium, March, 1852:—

"The increased interest manifested in the ROCK ROSE Plant in consequence of the many wonderful cures effected by 'Meyers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it; and also to set in a true light the nature of a plant which promises to be universally beneficial.

We are indebted to the United States Dispensatory of 1847, for the following description of it:—

It is entirely different from the common Rose. It is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants sending out, near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799 it was so valuable in England that it was cultivated from the seeds. Ever since 1806, Prof. Ives, of Yale College, has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.'

Dr. Isaac Parish, of Philadelphia, remarks that it has been successfully used in bad cases of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swelling of the hip, in February, 1844:—The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Rock Rose. In two days his night sweats ceased; I then ordered a teaspoonful of Rock Rose three times a day.—Thirty-nine days after he was entirely well.

Dr. Webb, of Madison Ct., Testifies to the value of Rock Rose, as evinced in the cure of numerous cases of Scrofula, especial- in children.

Dr Sparry, in his medical work published 1847, quotes the strong commendation of Dr Eli Ives, Professor in Yale College, who, in his lectures to the medical students, recommended the use of the Rock Rose, even in cases where the disease is uncertain.

The value of the Rock Rose has also been set forth by Dr. Tyler, of New Haven, Ct., in a dissertation avowedly prepared for that purpose, which afterwards, at the request of several of his medical brethren, was published in a pamphlet.

We quote from the preface. He says that since the delivery of this address, "the plant under consideration has been more fully tested its virtues developed, its character better established. This dissertation is published by the advice and approbation of several medical friends. The object of it is to lay before the profession, and the public, the virtues of a plant too much neglected. I ask for this plant an impartial trial. I will conclude by asking only of the profession and the public, a more extended trial of the ROCK ROSE."

THE RENOWNED REMEDY.

HOLLOWAY'S OINTMENT.

Almost Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY,

Dear Sir,—MRS. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly,

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.

NOTICE EXTRAORDINAY!

TO ALL WHOM IT MAY CONCERN—KNOW YE That the MEXICAN MUSTANG LINIMENT still continues in its triumphant career, "conquering and to conquer" all the chronic cases of RHEUMATISM, or those of a recent, acute, and inflamatory character. IT NEVER FAILS in curing Burns, Bruises or Sprains. For any sore, Swelling, Eruption or Pain, it is a perfect specific. If you don't believe it, try it! For Horses and other animals, it has no equal in curing Bruises, Sprains, Sore Backs, Spavin, Scratches, or any other cause of Lameness. It will soften the hoofs—lubricate the joints—and heal the flesh.

THE FAR FAMED MEDICINE

Holloway's Pills.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland Road, Liverpool.

SIR,—Your Pills have been the means, under Providence of restoring me to sound health after five years of severe affliction During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,

(Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Billious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means, of saving her life.

I remain, Dear Sir, yours truly,

Nov. 23rd, 1853. (Signed) J. GAMIS.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To PROFESSOR HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,

(Signed) W. MOON.

An Extraordinary Cure of Dropsy, after Suffering for Eighteen Months.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To PROFESSOR HOLLOWAY,

SIR,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-stablished. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,

(Signed) G. BRIGGS.
