T. KIRKPATRICK.
JACKSON, Auctioneer.

Kingston, 13th July, 1854. 163

GREAT SALE BY AUCTION OF TOWN LOTS,

ON COLLINGWOOD AND NELSON STREETS.

THE undersigned will sell by public Auction, on Saturday, 29th July inst.—The remaining unsold Lots on the above Streets, the property of the Hon. John A. McDonald and David Shaw, Esq.

These lots are delightfully situated on the margin of the Orthance Land, extending from Rear to Princess, Johnson and Union streets, forming the whole of Collingwood and Nelson streets, which, when planted with trees along the entire length of the Ordnance Park, will make one of the finest avenues in the Province.

Their proximity to the city, being nearly equidistant to the City Hall by either of the main thoroughfares of Princess and Union Streets, or by Johnson Street, which is now being extended, and will intersect the junction of Collingwood and Nelson Streets, renders them in every point of view unsurpassable for city residences. The terms of payment are on the most liberal scale, affording parties who may have fixed incomes, or others, the opportunity, for a small sum per annum, to possess a property which the course of a few years will greatly enhance in value.

Terms—One tenth down, the remainder in nine equal instalments with interest.

Plans of the property, and all information can be had on application to Mr. Shaw, or to

E. A. BURROWES,
Clerk.

Kingston, July 10th, 1854.

TO THE FREE AND INDEPENDENT ELECTORS OF THE COUNTY OF FRONTENAC.

GENTLEMEN:—

The sudden dissolution of Parliament without transacting the necessary business of the Country, imposes upon you the duty of soliciting a fit and proper person to represent your interests in the Legislative Assembly, and I have the honour to inform you, that it is my intention to place myself again at the disposal of a County which has for the last thirteen years honoured me with its confidence, and which I feel satisfied I have done no single act in my political life to forfeit.

It is certainly much to be regretted, that His Excellency the Governor General should have been advised to dissolve Parliament at a season when farmers are much better employed, and more profitably, than in attending Political Meetings and Elections; and the sacrifice of your time at the present crisis will be severely felt, and more particularly in consequence of the high price of labour.

As every public man is expected to give an account of his conduct to his Constituents, I can assure you, I shall cheerfully do so on the day Nomination,—but I cannot allow this opportunity to pass without adverting to one or two subjects which deeply concern your own welfare as well as that of the Country at large.

The interests of the City of Kingston depend in a great measure upon the agricultural productions of the County of Frontenac and the adjoining Counties; and it is the duty of the citizens to foster and cultivate relations of mutual benefit between the farmers and themselves, but unfortunately at the present time, the City Authorities by the imposition of High Tolls and Market Fees, are driving the Farmers out of their Market,—and unless something be soon done it may take a long time to reconcile parties whose interests should be identical, and who should work well together. Besides, instead of imposing restrictions on the farmers, every facility should be afforded to them, and the certain way to increase City Revenues is to make their Tolls so reasonable that it is not worth while for any man to evade them.

The great questions which agitated the public mind at the time of the last General Election are still unsettled, and the fault rests with an Administration which was powerful enough to have carried through measures and to have settled for ever, matters which in Upper as well as Lower Canada, had created so much dissatisfaction and ill-feeling. I allude to the Clergy Reserves and Seignorial Tenures.

The result of the forthcoming contest will doubtless place in other hands the task of settling these important matters, and I believe the time is not far distant when party spirit and party feeling will gave way, and the general interests of the country will be the sole consideration of persons of all shades of politics, in which all men can unite for the public good.

Let us think of the resources of our country and of the means of development—of the enlargement of our Canals—the reduction of duties on the staples of life—the making of Railways in the interior, and give our Farmers the advantages of the highest Markets on the Atlantic seaboard—the education of the youth of the country,—the settlement of our vast tracts of Wild Lands by free grants if possible,—the inculcation of habits of Industry and Temperance to our people, and then Canada will be what she ought to be, prosperous, contented and happy.

I have the honor to be,
Gentlemen,
Your faithful friend and servant,
H. SMITH, Jr.

Kingston, 4th July, 1854.

BUILDING LOTS FOR SALE.

HAMILTON AND TORONTO,

CALLING AT

Wellington Square, Oakville and Credit.

THE STEAMER CHIEF JUSTICE.

Will leave Hamilton every Morning, (Sundays excepted,) at 7 o'clock, commencing on MONDAY next, the 12th instant. Returning, will leave Toronto at 2½ o'clock, P. M., calling at the above Ports, going and returning, weather permitting.

G. B. HOLLAND, Agent.

Royal Mail Packet Office,
Toronto, June, 1854.

To the Electors of the South Riding of Hastings:

GENTLEMEN,—The Election is at hand. You will therefore be called upon, on the 24th instant, to exercise that right which belongs to every Freeman.

A delegation of Reformers have seen fit in their wisdom to nominate me to stand as a candidate for your suffrages in the coming contest. That nomination I have accepted, in obedience to their wishes, and now come before you for your approval.

Acting on those broad principles of Reform which have so long and nobly been contended for by a large majority of the people of this fine Province, I place myself before you, and it will remain with you to say by your votes whether I shall again take an active part in the legislation of the country.

I do not doubt the issue of this contest.—South Hastings can never desert those principles which have so long and nobly actuated the vast majority of its inhabitants, therefore I feel safe in your hands.

My views have not changed on any of the great leading principles advocated by me at the election in 1851. Every day's experience convinces me that the sooner they are brought to bear on the public, the sooner will they enjoy their benefits.

The Clergy Reserves have been given back to us by the Imperial Government, and we must be prepared to settle that long vexed question. I trust my votes in 1850 and '51 on that question will now be duly appreciated. To have taken any other course than that marked out in the address brought forward by the Hon. J. H. Price, and supported by nearly all the Reformers of the House at that time, would have been most injurious to the wishers of the country.

As the Reserves are now under our control, we can legislate on them and secularize them at once, thereby removing from the various churches that great bone of contention which has so long agitated the country. The Reserve question has not lost one iota of its religious bearing because political parties may use it as a political hobby, and therefore ought not to be abandoned by any religious body for the fear of being called political; the question remains the same religiously as at first, and I hold no fellow feeling with those men who would now virtually abandon its religious principles for fear of being branded as politicians. If elected, I shall do all in my power to at once have the question fully set at rest by secularization.

I believe it to be the duty of the people to voluntarily support the church of their choice; I believe they are as a general thing prepared and willing to do so, and that the Clergy of every denomination would find it so if they would throw themselves voluntarily into the hands of their flocks.

I believe in elective officers. If we have to pay them we ought to appoint them; all Government patronage should be done away as soon as possible; too much patronage in the hands of any Government leads to corruption.

The extension of the Elective Franchise has had my warm support; but the law now in operation is most defective, and unless amended will lead to far greater corruption than the 40s. freehold act as it now stands. Out-voters should be cut off, a registration of resident voters should take place, and the Franchise so guarded as to prevent frauds.

There are other reforms of great importance but I need not dwell on them at present; your time at this season of the year is too precious to be occupied with long addresses.

Gentlemen, in coming to the polls I trust you will keep in mind the one great object for which we have so long contended, the secularization of the Clergy Reserves, their immediate and final settlement. No doubt many specious pretences will be used in order to draw off your minds from the one great object for which we have so long labored. You will be told that the Government of the day is corrupt, that they have no intention of settling this great question; if so, let it be our duty to punish them, but remember the Reserves are placed in your hands. If faithful to yourselves you will place men in Parliament who will not betray the trust you repose in them, and no Ministry can stand who would dare for a single day to trifle with your feelings.

Let our object and our aim be one, and the victory in ours.

Yours truly,
BILLA FLINT.

Belleville, July 5, 1854.

TO THE FREE AND INDEPENDENT ELECTORS OF LENNOX AND ADDINGTON.

GENTLEMEN:—

The Provincial Parliament having been dissolved, you will, in a few days, be called upon to exercise the Elective Franchise, and pronounce your verdict upon the several questions now agitating the public mind.

It is incumbent upon those, who, by their votes in Parliament, have been the cause of delaying, if not altogether preventing the Treaty of Reciprocity being ratified—the Reduction of the Tariff, and the new Franchise Law being brought into immediate operation, to account to the Electors of Canada for their conduct.

Having had the honor of a unanimous Nomination, at a Convention held in March last, for the purpose of selecting a Candidate on the Liberal interest for these Counties, and having been repeatedly solicited and urged by a large number of my fellow Electors to accept the nomination, I beg to announce myself a Candidate, and my determination to meet you at the Polls.

My political principles are well known to you all, and, should the confidence you repose in me, result in being returned to Parliament, I shall not fail to advance and support such measures as I deem best calculated to promote the interests and prosperity of Canada. I respond the more readily to the call made upon me, from the fact that you have left me free to act—untrammeled by *pledges or platforms*,—to support or oppose such measures as I may deem best, without regard to the source from which they emanate; your motto being, like my own, "*measures, not men.*"

I deem it right to inform you that the principles of the Bill for secularizing and disposing of the Clergy Reserves, as prepared by the Ministry to lay before Parliament and the electors of Canada, meet with my entire approbation; and should you elect me, my earnest endeavors shall be to have the same carried into effect as speedily as possible.

There are questions of vital importance to the people, to be considered and discussed, among which I may mention the Prohibitory Liquor Law, and at meetings to be held in the different Townships in the Counties and on the day of Nomination, I shall be most happy to give you my views upon them.

I have the honor to be,
Gentlemen,
Your obedient servant,
D. ROBLIN.

MAMMOTH SALE OF CITY LOTS.

70 ACRES OF LAND for Sale, laid out into One Hundred and Eleven Town Lots, in the City of Kingston, most of which are half an acre each.

The Subscriber having been appointed Agent for the Real Estate of Richard Ellerbeck, in the City of Kingston, (being composed of Lot 21, in the Township of Kingston, and now incorporated in the City,) will Sell by Auction, on the 1st of August next, the whole of the above named property, according to a Plan which can be seen on application to Mr. Gibbs, Surveyor, or to Mr. John Creighton, City Book Store. The situation of the Property is well known, being but a short distance from Hatter's Bay, and in a most healthy locality. A Street being laid out through the centre, sixty feet wide, will make it one of the most desirable situations for Private Dwellings that can be offered for sale in or about the City. Parties wishing to purchase Lots will do well to examine the plan and await the Sale, as the property will positively be sold as above stated.

The Terms of Payment will be made to extend over Ten Years.

For further information, application to be made to the Subscriber at Port Stanley, Canada West, who has the sole management.

R. T. ROUTH.

For Sale or to Rent.

THAT valuable property, the Picton Steam Mill, with Wharf and Storehouse, capable of storing 20,000 bushels of grain. The Mill has 3 run of stones, with bolts and gearing in perfect order, capable of grinding 30 bushels of wheat per hour.—The boilers and engine are new, and in perfect running order. There is a supply of cord-wood on the premises, sufficient to grind 40,000 bushels of wheat. The property is advantageously situated at the mouth of the Picton Harbor, County of Prince Edward, and one of the finest wheat counties in the Province. There being no water power of any amount in the County for half the year, enhances the value of a Steam Mill very much.

The owner not being able to give his own attention, is desirous of selling or leasing it on fair terms. He would furnish a large quantity of wheat to grind during the year. If more desirable, he would sell half of the concern to good a business man or miller—the latter preferred—who would take the whole charge of the management of the Mill.

For particulars apply to the owner,

GREAT SALE OF CITY LOTS.

THE undersigned offers for sale SEVENTY-NINE TOWN LOTS, each containing about one-fifth of an acre of land. Of these Lots there are 32 lying between the proposed continuation of UNION and JOHNSON STREETS, and situated on each side of COLLINGWOOD STREET. These Lots are laid out on a gradually ascending ground which offers every advantage of salubrity and prospect, and they front on a well macadamized street.

There are also 30 Lots fronting on Nelson, Street, and lying between Johnson and Princess Streets. These lots are also eligibly situated, on high and well drained land and lead directly into Princess Street, the principal avenue of the city.

The remainder of the property consists of seventeen Lots, extending from the North side of Princess Street to the Concession Road, or Rear Street, and lying between the city property and Williamsville.

The whole of the property is bounded on one side by the Ordnance Reserve, which forms, in fact, an airy and handsome Park, and which will prevent the Lots offered for sale from being incommoded by an unpleasant neighborhood.

The lots are offered on the following terms, viz:—One tenth down, and the remainder in nine equal annual instalments, and interest on the unpaid balance. These terms will enable persons of limited income to purchase without inconvenience, the first deposit being so small, and the subsequent payments extending over so long a period.

Applications for purchase will be received by either of the subscribers.

Lots For Sale.

FORTY LOTS on Centre Street near Williamsville, in acres, half acres and fifths, on five year credit. Apply to John Counter, Esq., or at the office of

A. CAMPBELL.

Kingston, 11th May, 1854. 111

The subscriber having purchased the whole of the above Lots from Mr. Campbell is now prepared to re-sell them singly on terms so liberal as to give every industrious man an opportunity of acquiring a freehold.

The lots on examination will be found most advantageously situated, being close to the city and to Williamsville, and on a macadamized street with a good boardwalk running along their front. The soil is excellent for gardens.

Terms—One tenth down. Interest only on the remainder for the succeeding four years, after which one fifth of the purchase money with interest on the unpaid balance to be paid in each year till the whole is discharged.

Application to be made to the subscriber at his office.
