TO BREAKERS!

ALL who want Axes of the real COLLINS & Co. make should be particular to notice the stamps, as there are various counterfeits and imitations stamped Collins and labelled much like ours, which are fraudulently sold in some parts of the United States as our manufacture. They are made in different parts of the country by various axe-makers, and are generally their poorest quality. The genuine Collins axes, which have acquired such an extensive reputation, are invariably stamped "COLLINS & CO. HARTFORD," and each axe has a printed label with my signature. It is now more than TWENTY-FIVE YEARS since we commenced the business with the stamp of "Collins & Co., Hartford," and I do not know of any other axe-maker by the name of Collins in the United States.

BY-LAW

To Provide for the Increasing the Stock held by the City of Kingston in the Wolfe Island Railway and Canal Company.

WHEREAS, the Mayor, Aldermen and Commonalty of the City of Kingston, are holders of one hundred shares of the Stock of the Wolfe Island Railway and Canal Company, amounting to two thousand five hundred pounds paid by Debentures in ten years, from the second day of May, in the year of our Lord one thousand eight hundred and fifty-two.

And whereas from unforeseen difficulties in the construction of the work, it has become necessary for the said Company to obtain further subscriptions to their Stock:

And whereas, at a meeting of the Stock holders of the said Company held in the month of February last, it was resolved that the Stockholders in the said Company be requested to increase the Stock held by them respectively, and in pursuance of the said resolution the individual subscribers to the said Stock have subscribed for additional shares of the said Stock:

And whereas an application has been made to this Council, praying that they will increase the Stock held by them:

And whereas it is necessary to secure the interests of the City in the Stock already held, as well as to secure a proper control of the said work after it is completed, that their Stock should be increased, on the condition that the said Canal should be made of a depth of eight feet:

And whereas a large portion of the Canal is now of that depth, and the Company are now proceeding with the work to that depth, by excavating the rock in the marsh and the hard pan in the dry diggings:

Be it enacted by the Mayor, Aldermen and Commonalty of the City of Kingston, in Common Council assembled,—

I. That the Mayor of Kingston, for and on behalf of the Municipality, be hereby authorised and required to subscribe for one hundred additional shares in "The Wolfe Island Railway and Canal Company," at the times and in manner following, for fifty shares, amounting to the sum of one thousand two hundred and fifty pounds, immediately after the passing of this By-Law, and for the remaining fifty shares amounting to an equal sum, when and not before the said Canal shall be made of the depth of eight feet at low water in all throughout its whole length; provided always that the Debentures hereafter mentioned shall be taken in payment of the said shares so subscribed.

II. That Debentures of this Municipality shall be issued, signed by the Mayor, and countersigned by the Chamberlain to the amount of the said subscriptions, namely, two thousand five hundred pounds, payable in ten years after date with legal interest, in the meantime half yearly. The said Debentures may be of any denominations not less than twenty-five pounds each; and one-half of the amount of said Debentures shall bear date on the day of the first subscription hereby authorised, and the remainder thereof at the time of the second subscription; and the said Debentures shall be delivered by the Mayor to the said Company in full payment of the said shares.

III. And whereas, in order to liquidate the said debt, or pay off the said Debentures and the interest thereon, it is necessary that a special rate over and above, and in addition to all other rates for the due payment of the said Debentures and interest should be levied annually according to Law on the whole rateable property of the City of Kingston, which rate for the present and each of the next eight years, will amount to two hundred and seventy-five pounds; and in and for the year one thousand eight hundred and sixty-four, will amount to the sum of one thousand three hundred and seventy-two pounds. And whereas the whole rateable property of the City of Kingston, for the last year, amounts as near as can be ascertained to the sum of sixty-six thousand pounds, yearly value; and therefore as a special rate for the payment of the interests of the said Debentures, and for erecting a Sinking Fund for the payment of the principal of the said Debentures the annual rate of one penny in the pound, upon the said rateable property, will be required for the present and each of the eight following years; and the annual rate of five pence in the pound for the year one thousand eight hundred and sixty-four. Be it therefore enacted, that for the payment of the said Debentures principal and interest, and so forming the said Sinking Fund, a special note of two hundred and seventy-five pounds, shall be levied in the present and in each of the next eight years, and in the ninth year hereafter a special note of one thousand three hundred and seventy-five pounds on the whole rateable property of the City of Kingston, and that for the purposes aforesaid the annual rate of one penny in the pound in the present and in each of the next eight years, and a rate of five pence in the pound in and for the tenth year hereafter shall be respectively assessed, levied and collected, upon the whole rateable property of the City of Kingston.

IV. That this By-Law shall come into operation and take effect on the fifteenth day of September next.

V. NOTICE.—The above is a true copy of proposed By-Law, to be taken into consideration by the Common Council of the City of Kingston, on Monday the eleventh day of December, 1854, at the hour of seven o'clock in the afternoon, at which time and place the members of the said Municipality are hereby required to attend for the purpose aforesaid.

Of these Lots there are are 32 lying between the proposed continuation of UNION and JOHNSON STREETS, and situated on each side of COLLINGWOOD STREET. These Lots are laid out on a gradually ascending ground which offers every advantage of salubrity and prospect, and they front on a well macadamized street.

There are also 30 Lots fronting on Nelson Street, and lying between Johnson and Princess Streets. These lots are also eligibly situated, on high and well drained land and lead directly into Princess Street, the principal avenue of the city.

The remainder of the property consists of Seventeen Lots, extending from the North side of Princess Street to the Concession Road, or Rear Street, and lying between the city property and Williamsville.

The whole of the property is bounded on one side by the Ordnance Reserve, which forms, in fact, an airy and handsome Park, and which will prevent the Lots offered for sale from being incommoded by an unpleasant neighborhood.

These terms will enable persons of limited income to purchase without inconvenience, the first deposit being so small, and the subsequent payments extending over so long a period.

THAT valuable property, the Picton Steam Mill, with Wharf and Storehouse, capable of storing 20,000 bushels of grain. The Mill has 3 run of stones, with bolts and gearing in perfect order, capable of grinding 30 bushels of wheat per hour.—The boilers and engine are new, and in perfect running order. There is a supply of cord-wood on the premises, sufficient to grind 40 000 bushels of wheat. The property is advantageously situated at the mouth of the Picton Harbor, County of Prince Edward, and one of the finest wheat counties in the Province. There being no water power of any amount in the County for half the year, enhances the value of a Steam Mill very much.

The owner not being able to give his own attention, is desirous of selling or leasing it on fair terms. He would furnish a large quantity of wheat to grind during the year. If more desirable, he would sell half of the concern to good a business man or miller—the latter preferred—who would take the whole charge of the management of the Mill.

For particulars apply to the owner,
