ARRANGEMENTS ARE UNDER WAY TO CONTACT TORONTO FIGURE SKATERS TO GIVE AN EXHIBITION.

[Watch for bills]

There's one thing you can say for this kind of weather—not many children have been hurt while hanging on sleighs.

There has long been disagreement as to whether or not machines displace labor permanently, and a further chapter is added by a United States magazine which states: "In 1880 only 34 per cent. of the population were gainfully employed, but the percentage rose steadily until in 1930 nearly 49 million people were employed at the highest wages and shortest hours in history.

Weekly newspapers want the Ontario Government to publish at the end of each session of the Legislature a summary of the legislation passed in the form of government advertising. That would be a much more effective way of enlightening the people than buying the stuff in the Ontario Gazette, says the Peterborough Examiner.

DR. W. K. BOYD

Formerly of Flesherton

is opening a medical practice at

520 St. John's Road, Toronto,

Telephone : LY 4943

Local and Personal

Miss Doris Taylor is visiting with relatives in Toronto.

Mrs. L. W. Thom is visiting in Toronto at present.

Considerable sickness has been rampant the past few weeks and the first of the week Dr. Milne was taken down with the flu and is confined to his home.

The first blizzard of the year hit this district on Monday and several inches of snow fell. At present we have more snow than at any time since Christmas, when the thaw commenced.

There will be a hockey game between the Thornbury High School and the Flesherton High school boys, also one between the Thornbury High School Girls and the Flesherton High School girls in the Flesherton Arena, on Wednesday, February 3rd at 7:30 p.m. Admission 20c and 10c.

TIME TO CONSIDER SEED REQUIREMENTS

At the commencement of the new year farmers should estimate their seed requirements and investigate sources of supply. Those with sufficient supply of home produced seed should clean and grade it carefully, so as to sow the fewest possible of weed seeds and small seed which would only produce weak plants. Records since the dawn of civilization prove the truth of the adage: "We reap what we sow." Good crops cannot be grown without good seed.

There is an abundance of timothy and alsike seed this year in Canada but the supply of domestic red clover, alfalfa and sweet clover is low and should be obtained as early as possible., Seed grain is in good supply for 1937 seeding except in the drought areas of Western Canada and in Eastern Quebec, where seed will need to be shipped in before spring

READ THE "SMALL ADVTS".

Proton Couple Are 50 Years Married

Mr. and Mrs. John Hodgins of Proton Station celebrated their golden wedding Monday at their home at Proton Station, surrounded by members of their family. The honored couple were married at Flesherton, February 1, 1887, by Rev. Mr. Watson, Baptist minister at Flesherton. It was a double ceremony, the late William Maxwell and Mary Lockhart being married at the same time. Each bridal couple served as the other's witnesses.

Mrs. Hodgins, whose maiden name was Elizabeth Lyons, was born in Artemesia Township in 1863, daughter of Mr. and Mrs. John Lyons. Mr. Hodgins was born at Proton Station, long before the railway was ever thought of, his birth occurring in the year 1854. He was a son of Mr. and Mrs. Hugh Hodgins. They lived intermittently at Proton up till 1918, when they made that district their permanent abode. Since their marriage they have also lived in Toronto, Shelburne, North Bay, Weyburn, Sask., and Owen Sound.

Mr. Hodgins, who has quite a reputation as a checker player, was a member of the Owen Sound Checker Association. Over 55 years ago he was on the ship Manitoulin when it took fire while going from Killarney to Manitowaning. It is said that 42 lives were lost. He stuck with the ship, which was beached and burned to the water's edge near Manitowaning. He is the only living survivor as far as he knows.

Mr. and Mrs. Hodgins retired from active farming four years ago and moved into Proton Station. Their surviving family comprises five sons and two daughters, namely: William John, in Toronto; Fred at home; Bert at Bracken, Sask.; Percy, Con. 16, Proton; Charles in Proton; Mrs. W. L. McLean, Regina, Sask., and Mrs. Hugh Anderson, Owen Sound.

Still in good health for their years, Mr. and Mrs. Hodgins are looking forward to many years of happy married life.

Church Annual Meeting

The congregational meeting of St. John's United Church was held in the school room on Tuesday of last week with the pastor, Rev. G. R. Service in the chair. The devotional exercises consisted of hymn 157, Psalm 27 and prayer. Mr. and Mrs. George Cairns rendered a duet, "Saviour lead me lest I stray."

Mr. C. R. Chapple was appointed secretary and he took his place immediately.

Full privileges were extended to all present who were not members, the fact of them being present was taken as a proof of their interest.

Minutes of the last congregational meeting were read, approved and signed.

Mr. Service in making his report said there were 190 families on his visiting list, he had made 110 calls. He told of some of his methods in his visits, one being to always engage in prayer with those members of the family who were present. He told some interesting results of this habit. Dr. Milne and Mr. John S. MacMillan moved that we make Mr. Joseph Blakeley and Mr. Robert Waller honorary elders as owing to their advancing years they were no longer able to take an active part in service. Carried unanimously.

The following is the personel of the Session: Messrs. John Stewart, Geo. Cairns, Wm. Miller, Robert Richardson, John Parker, Thomas Fisher, Milton Bannon, George MacTavish, Avery Hawken.

The Sessional report is as fallows: Baptisms 25, Burials 12, Marriages 2, New members received 47, Number of members 168, non residents 26.

The following is the financial report in part. Amount raised by envelopes $1377.10; Thankoffering $333.40; Missions, $317.15; Plate, $245.05; total raised $2923.51; S. S. $232.78; Y. P. S. $67.85; W. A. $306.85; W. M. S. $220.99,of this the Mission Band contributed $32.65. The trustees report shows that $110.86 had been spent in parsonage and the W. A. had spent $47.87 in repairs.

With the exception of Missions there has been advance all along the line, the Sunday services are well attended and the church and all its activities are in a flourishing condition.

"Where is my change, waiter?"

"There is none; that is my tip."

"But I didn't tell you you could have it."

"Oh, that's all right! I'm forgetful myself sometimes."

The Globe and Mail intimates that the freckled 15-year-old Perth boy who spent more than $1000 of his uncle's money during a spree in Toronto will probably be freckled in a place that does not show. At least he will be tanned.

Other Papers' Opinions

BECOMING FAMOUS

(Burks Falls Arrow)

Mrs. Barbara Hanley, a Burks Falls girl, better known as Barbara Smith, who has again been elected Mayor of Webbwood, has been rated as one of the outstanding women on this continent. The New York Sun recently published a list of women who had made their mark in 1936 and Mrs. Hanley was placed fourth. The list also gave the name of Mrs. Wallis Simpson who caused a British crises. In commenting upon the matter, Mrs. Hanley objected warmly, but with a spirit of good fun, to being listed with the name of the woman who rocked the British Empire for a few brief days. "We're not the same type of people at all. I don't understand it," she said. "Some of my friends didn't think so either," she added, "They were quite sure I wasn't in her class." However, the honor of being the only woman Chief Magistrate in the Dominion, and what international fame she has achieved through the New York Sun, has not gone to her head, and she still thinks the most important business in her life is managing her home, and running the town's business on the side.

THE COUNTY WEEKLIES

(The Financial Post)

The importance of the weekly newspaper and its influence in the rural districts were stressed when members of the Nova Scotia Weekly Newspaper Association gathered in Halifax recently.

Premier Angus MacDonald, in welcoming the publishers, paid tribute to the weekly press. He was interested in these papers, and there were several weekly journals which he read religiously, he said.

"I know this is an age where everything tends to enlarge: "bigger and better' is the slogan today. Yet while the weekly newspapers have not a large circulation they fill an important place in our life.

"The weekly newspaper has a steadying influence, and news which they present has the benefit of much thought, because that interval of a week allows one to weigh the news more carefully."

VOTERS HAVE RIGHT TO PLUMP

(Goderich Signal)

The proposal is made that "plumping" in elections — voting for only one candidate when, say, six are to be elected — should be prohibited by legislation. Whether plumping is or is not excusable, there should be no legal prohibition of the practice. Something, surely, should be left to a voter's own judgment. It is easy to imagine circumstances in which voting for one or two or more candidates in a list of, say again, six would be highly commendable. It is not necessarily the case that, as one writer suggests, the voter has not troubled to inform himself as to the merits of all the candidates. It may be that he knows some of them so well that he will not vote for them and takes the only way he knows of defeating them by "plumping" for those whom he favors. This is not a defence of plumping. It is a practice that we do not like. But legislation to prevent plumping would be an infringement of the rights of the voter.

A TRUE HELPMATE

The young doctor sat down wearily in his easy chair and turned to his wife affectionately.

"Has my darling been lonely without me?" he asked.

"Oh, no," she said, "at least, not very lonely. I've found something to do with my time."

"Oh,' he said. "And what's that?"

"I'm organizing a class. A lot of the women in the village have joined and we're teaching one another to cook."

"What do you do with the things you cook?"

"Oh, we give them to other people in the neighborhood."

"Dear little woman," he said, kissing her fondly. "Always thinking of your husband's practice!"
