Benefit Facts

What if You Had a Serious Illness...and Survived?

One in four Canadian faces a serious illness before age 65. How would that affect you? Your family? Your bank account? That's why more and more people are turning to Critical Illness policies, relying on the lump sum benefits they pay for serious medical conditions.

Now your company can get Critical Illness protection as a group benefit through the Chambers of Commerce Group Insurance Plan®. The Chambers Plan's Critical Illness option covers owners and employees up to age 65, in firms with 3 or more people. Benefits are payable in full on a first diagnosis of any of the eight conditions listed below: $25,000 up to age 55 and $12,500 for insureds 55 to 65.

Heart attack • Coronary bypass • Stroke • Most cancers
Kidney failure • Paralysis • Blindness • Deafness

Critical Illness is the latest option in the wide range of coverages available to you under the Chambers Plan. Your firm selects the coverages you want to fit your budget, starting with group life insurance. You add health and dental benefits, or an income replacement coverage. You choose the level and breadth of coverage under each type of insurance from a wide range of alternatives, from entry level programs to comprehensive coverages.

If you ever face a significant health concern in the future, the last thing you need is financial worries about your income, the cost of home renovations and medical equipment, or medical and drug expenses. So make the smart choice: a solid group insurance plan including Critical Illness benefits.

Critical Illness coverage is available to firms with 3 or more employees. Other Chambers Plan Benefits are open to firms with 1 – 25 employees.

FLEMING COLLEGE

FLEMING COLLEGE is extending its popular two-year Police Foundations program to its Lakeshore Campus in Cobourg starting in the fall of 2003.

"Our expansion to our Lakeshore Campus means that we will be able to admit more students to one of our most popular, but oversubscribed programs, says College President Brian Desbiens. The Police Foundations program is the college's biggest and the province's largest Police Foundations program.

Cobourg Mayor Peter Delanty says, "This is a partnership effort and I want to thank everyone involved who helped make it happen. It's incredibly important to the Town of Cobourg to have the presence of Fleming on the Lakeshore as a magnet school." Local police services will provide placement experiences for future students, the YMCA space for their physical fitness programs, and the COBOURG LIBRARY will provide a courier service.

Wendy Bird, Vice-Chair of Fleming's Board of Governors, says that beyond the program's educational benefits for the community, it will also provide social/economic benefits. "We anticipate this will have an economic impact on the region of about $500,000 in its first year, and $1-million in its second year when the program is in full operation." Those dollars come from students who choose to stay in their local community and continue to spend in their communities as well as those moving to Cobourg to study at the Lakeshore Campus.

Last April, the Environmental Advisory Committee for the Town of Cobourg organized a Pitch-In Campaign in the town. The event happened during **National Pitch-In Canada Week** in April. Several schools and youth groups participated, and the event was publicized to invite town citizens to come out on a Saturday for a Pitch-In Week kick off event. Our committee felt that last year's success warranted extending our campaign this spring during the week of April 21st to 27th, so we are inviting service clubs, industries, and members of the community to join "Pitch-In" Saturday, April 26. Please accept this invitation to participate in this event or an event of your own during Pitch-In Canada Week by contacting Wanda Whaley at (905) 372-4555 by March 31, 2003 so that we may co-ordinate clean-up areas. Thanks you for your interest and support. Here's to a successful Pitch-In Week in Cobourg.

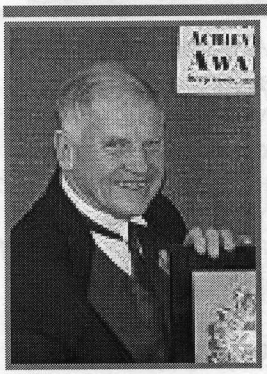
Meet your President: Rod Baker



I was born in Toronto and raised in this wonderful town of Cobourg. After completing grade 11 at Lakefield College school, I branched out into the working world, including managing the Men's & Boy's Wear department at the T. Eaton Company in North Bay. A position at Goodyear Tire inspired me to take the plunge into self-employment and open Baker Tire in Cobourg, . I then went on to open "Baker Cleaners", which celebrates its 16th anniversary on February 24th.

I'm a great Cobourg Cougars fan, and a Past President of that fine organization. I'm also a Past President and "Lifetime Member" of the Cobourg Kinsmen Club, Past President of the St. Peter's Church Men's Club, and enjoy MC'ing the annual "Wish Foundation" picnic held each July in Victoria Park.

I've been a member of the Cobourg & District Chamber of Commerce for many years, having served as Director, 2nd Vice, 1st Vice and now as President. I look forward to the coming year, and intend to fulfill this new role with an open-mind and sense of fairness, while working to ensure that fellowship plays a role in the organization. This will be a very busy year for our Chamber, but I know that the Executive, Board of Directors and many committee volunteers will be able to rise to any challenge and have fun doing it!

Most important is my family. My wonderful wife Anne - it would not be possible for me to play my part in the Chamber without her by my side; our daughter Shari, her husband Jeff and their children Amanda, Cameron and Evan (all hockey and soccer players!); son Robert, his wife Karen and their daughter Theresa; and our son Colin and his wife Noelle.

In closing, thank-you for the confidence you have shown by electing me as President. I will work hard, and look forward to a busy - but fun year!

ACTION / REACTION

COBOURG & DISTRICT CHAMBER OF COMMERCE

December 20, 2002

Mayor Peter Delanty,
Victoria Hall,
55 King Street West,
Cobourg, Ontario
K9A 2M2

Dear Mayor Delanty:

It has come to our attention that the Town of Cobourg has rented space in the Jack Heenan Arena to a transient business that is in direct competition with many local merchants.

The perception is that the Town of Cobourg appears to have chosen the short-term profit of a few days rental income over the long-term support of our retail business community. That this incident should occur during what, for many retailers is the "make or break" season, raises concerns over the Town's commitment to the "Shop Locally" initiative.

The purpose of this letter is to invite clarification from the Town regarding this issue, and to request specific details on policies regarding the rental of public buildings.

I look forward to your response to the business community in this regard.

Yours truly,

Jack Taylor, President
Cobourg & District Chamber of Commerce

Dear Jack:

The Chamber of Commerce is absolutely correct in its concern regarding the rental of public space to a transient business. This is very unfair to our local businesses who are with us for the long-haul.

When this rental was brought to my attention, I requested that this not re-occur in the future for any of our public buildings. Since a contract had been signed for this year we had to honour it. However, the $500 fee was collected.

Please assure Chamber Members in the retail business of my support for them and my adamant and firm position on not allowing this situation to occur in the future.

Yours truly

Doggie Daycare – In Cobourg?

First Day is FREE – Call for Details!

Warning!!
Your Dog Will Be Very Tired and Well-Behaved When He Gets Home From Daycare - Please Do Not Be Alarmed – This Is To Be Expected!

Some Reasons To Try Doggie Daycare:

- You and your dog will love it! Imagine coming home from work and your dog is more tired than you are! You can both put your feet up and relax!
- Is Separation Anxiety a problem? Not anymore!
- Is your dog destructive when you aren't home? He is bored at home all by himself – he sure won't be bored at daycare – he'll be busy playing with his new friends, going on walks and having cuddles and treats all day long.
- Dogs are very social animals and enjoy each other's company.
- Do you feel guilty leaving your dog home alone all day?
- A great way to socialize your dog, especially if you have a puppy.
- Are you having work done on your home and need the dog removed? Bring him to daycare!
- It's getting cold out – don't leave him outside!

See the difference daycare makes!
