A number of farmers are changing farms this spring around here. We are told Mr. Angus McLeod is going to the Radley farm west of Maxwell, Mr. John Tupling to the George Thomson farm, one and a quarter miles east of here; Will Ferguson to the Wm. Hendry farm on the townline north of here, formerly the Geo. A. Miller farm and Bert Hockley to the Tom Cooper farm on the townline north.

We are told that on Tuesday, March the 9th, Mr. Teeter, driving Mr. Frank Curran's truck, took the largest load of logs to Rock Mills that ever was unloaded there, measuring 2835 board feet. Interviewing an old lumberman as to the weight, he claimed that there would be a weight of about 14 tons. A very large load if true. The load was trucked from near Gibralter, about 6 miles north of here. Of course Teeter's load would not be as heavy as maple, as we understand it was soft elm logs he drew.

We understand that Mr. J. W. Robinson has purchased a new Chev. truck and is now preparing to cut the tops of the logs into wood. To get the bush, Mr. Robinson had to buy 50 acres of land, but after all the logs are taken off he has re-sold the land and what timber is left to Mr. James Fletcher, near Gibralter, a brother of the gentleman he bought it from. About five hundred thousand feet of logs have passed through the village this winter.
