The Consul General has been ordered to inform Messrs. Barry Du Barry & Co., that the Revalenta Arabica they had sent to His Majesty the Emperor, has, by imperial permission, been forwarded to the Minister of the Imperial Palace.
Cure No. 17, of dyspepsia from the Right Hon. the Lord Stuart de Decies: "I have derived considerable benefit from Du Barry's Revalenta Arabica Food, and consider it due to yourselves and the public to authorise the publication of these lines.—

Athol-street, Perth. James Porter.—
PRACTICAL EXPERIENCE OF DR. GRIES, IN CONSUMPTION.
Magdeburg, 16 Sep., 1853.
My wife, having suffered for years from a pulmonary complaint, became so ill at the beginning of this year, that I looked daily for her dissolution. The remedies which hitherto had relieved her remained now without effect, and the ulcerations of the lungs and night sweats debilitated her fearful. It was in this, evidently the last and hopeless stage of pulmonary consumption, when every Medicine remained powerless in even affording temporary relief—that I was induced by a medical brother from Hanover, (who makes pulmonary consumption his special study, and treats it with Du Barry's Revalenta Arabica, to try this strengthening and restorative food, and I am happy to be able to express my astonishment at its effects. My poor wife is now in as perfect a state of health as ever she was, attending to her household affairs and quite happy. It is with pleasure and the most sincere gratitude to God for the restoration of my wife, that I fulfil my duty of making the extraordinary efficacy of Du Barry's Revalenta, to so fearful a complaint, known; and to recommend it to all other sufferers. GRIES, M. D.
CERTIFICATE FROM DR. GATTIKER.
Zurich, 3rd September, 1853.
I have tried Du Barry's Revalenta Arabica for a complaint which had hitherto resisted all other remedies—viz.: CANCER OF THE STOMACH; and I am happy to say, with the most successful result. This soothing remedy has the effect, not only of arresting the vomiting, which is so fearfully distressing a cancer of the stomach, but also of restoring perfect digestion and assimilation. The same satisfactory influence of this excellent remedy I have found in all complaints of the digestive organs; it has also proved effectual in a most obstinate case of habitual flatulence and colic of many years standing. I look upon this delicious Food as the most excellent restorative gift of nature.
DR. GATTIKER.
Plymouth, May 9th, 1852.
For the last ten years I have been suffering from dyspepsia, headaches, nervousness, low spirits, sleeplessness, and delusions, and swallowed an incredible amount of medicine without relief. I am happy to say that your Food has cured me, and I am now enjoying better health than I have had for many years past.
J. S. NEWTON.
Devon Cottage, Brondey,
Middlesex, March 31, 1849.
GENTLEMEN,—The lady for whom I ordered your food is six months advanced in pregnancy, and was suffering severely from indigestion, constipation, throwing up her meals shortly after eating them, having a great deal of heartburn, and being constantly obliged to have recourse to physic or the enema, and sometimes to both. I am happy to inform you that your food produced immediate relief. She has never been sick since, had but little heartburn, and the functions are more regular, &c.
DR. WURZER'S TESTIMONIAL.
Bonn, 19th July, 1852.
This light and pleasant Farina is one of the most excellent, nourishing, and restorative remedies, and supersedes, in many cases, all kinds of medicines. It is particularly useful in confined habit of body, as also in diarrhœa, bowel complaints, affections of the kidneys and bladder, such as stone or gravel, inflammatory irritation and cramp of the urethra, cramp of the kidneys and bladder, strictures and hæmorrhoids. This really invaluable remedy is employed with the most satisfactory result, not only in bronchial and pulmonary complaints, where irritation and pain are to be removed, but also in pulmonary and bronchial consumption, in which it counteracts effectually the troublesome cough; and I amenabled with perfect truth to express the conviction that Du Barry's Revalenta Arabica is adapted to the cure of incipient hectic complaints and consumption DR. RUD. WURZER.

JOHN MILLER & CO.
Kingston, Aug. 1, 1854

For Sale or to Rent.

THAT valuable property, the Picton Steam Mill, with Wharf and Storehouse, capable of storing 20,000 bushels of grain. The Mill has 3 run of stones, with bolts and gearing in perfect order, capable of grinding 30 bushels of wheat per hour.—The boilers and engine are new, and in perfect running order. There is a supply of cord-wood on the premises, sufficient to grind 40,000 bushels of wheat. The property is advantageously situated at the mouth of the Picton Harbor, County of Prince Edward, and one of the finest wheat counties in the Province. There being no water power of any amount in the County for half the year, enhances the value of a Steam Mill very much.
The owner not being able to give his own attention, is desirous of selling or leasing it on fair terms. He would furnish a large quantity of wheat to grind during the year. If more desirable, he would sell half of the concern to good a business man or miller—the latter preferred—who would take the whole charge of the management of the Mill.
For particulars apply to the owner,
