BY-LAW

To Provide for the Increasing the Stock held by the City of Kingston in the Wolfe Island Railway and Canal Company.

WHEREAS, the Mayor, Aldermen and Commonalty of the City of Kingston, are holders of one hundred shares of the Stock of the Wolfe Island Railway and Canal Company, amounting to two thousand five hundred pounds paid by Debentures in ten years, from the second day of May, in the year of our Lord one thousand eight hundred and fifty two

And whereas from unforeseen difficulties on the construction of the work, it has became necessary for the said Company to obtain further subscriptions to their Stock,

And whereas, at a meeting of the Stockholders of the said Company held in the month of February last, it was resolved that the Stockholders in the said Company be requested to increase the Stock held by them respectively, and in pursuance of the said resolution the individual subscribers to the said Stock have subscribed for additional shares of the said Stock:

And whereas an application has been made to this Council, praying that they will increase the Stock held by them;

And whereas it is necessary to secure the interest of the City in the Stock already held, as well as to secure a proper control of the said work after it is completed, that their Stock should be increased, on the condition that the said Canal should be made of a depth of eight feet:

And whereas a large portion of the Canal is now of that depth, and the Company are now proceeding with the work to that depth, by excavating the rock in the marsh and the hard pan in the dry diggings:

Be it enacted by the Mayor, Aldermen and Commonalty of the City of Kingston, in Common Council assembled,—

I. That the Mayor of Kingston, for and on behalf of the Municipality, be hereby authorised and required to subscribe for one hundred additional shares in "The Wolfe Island Railway and Canal Company," at the times and in manner following, for fifty shares, amounting to the sum of one thousand two hundred and fifty pounds, immediately after the passing of this By-Law, and for the remaining fifty shares amounting to an equal sum, when and not before the said Canal shall be made of the depth of eight feet at low water in all throughout its whole length; provided always that the Debentures hereafter mentioned shall be taken in payment of the said shares so subscribed.

II. That Debentures of this Municipality shall be issued, signed by the Mayor, and countersigned by the Chamberlain to the amount of the said subscriptions, namely, two thousand five hundred pounds, payable in ten years after date with legal interest, in the meantime half yearly. The said Debentures may be of any denominations not less than twenty-five pounds each; and one-half of the amount of said Debentures shall bear date on the day of the first subscription hereby authorised, and the remainder thereof at the time of the second subscription; and the said Debentures shall be delivered by the Mayor to the said Company in full payment of the said shares.

III. And whereas, in order to liquidate the said debt, or pay off the said Debentures and the interest thereon, it is necessary that a special rate over and above, and in addition to all other rates for the due payment of the said Debentures and interest should be levied annually according to Law on the whole rateable property of the City of Kingston, which rate for the present and each of the next eight years, will amount to two hundred and seventy-five pounds; and in and for the year one thousand eight hundred and sixty-four, will amount to the sum of one thousand three hundred and seventy-two pounds. And whereas the whole rateable property of the City of Kingston, for the last year, amounts as near as can be ascertained to the sum of sixty-six thousand pounds, yearly value; and therefore as a special rate for the payment of the interest of the said Debentures, and for creating a Sinking Fund for the payment of the principal of the said Debentures the annual rate of one penny in the pound, upon the said rateable property, will be required for the present and each of the eight following years; and the annual rate of five pence in the pound for the year one thousand eight hundred and sixty-four. Be it therefore enacted, that for the payment of the said Debentures principal and interest, and so forming the said Sinking Fund, a special note of two hundred and seventy-five pounds, shall be levied in the present and in each of the next eight years, and in the ninth year hereafter a special note of one thousand three hundred and seventy-five pounds on the whole rateable property of the City of Kingston, and that for the purposes aforesaid the annual rate of one penny in the pound in the present and in each of the next eight years, and a rate of five pence in the pound in and for the tenth year hereafter shall be respectively assessed, levied and collected, upon the whole rateable property of the City of Kingston.

IV. That this By-Law shall come into operation and take effect on the fifteenth day of September next.

V. Notice.—The above is a true copy of proposed By-Law, to be taken into consideration by the Common Council of the City of Kingston, on Monday the eleventh day of September, 1854, at the hour of seven o'clock in the afternoon, at which time and place the members of the said Municipality are hereby required to attend for the purpose aforesaid.

By order of the Common Council.

M. FLANAGAN,
City Clerk.

BEWARE!

ALL who want Axes of the real COLLINS & Co. make should be particular to notice the stamps, as there are various counterfeits and imitations stamped Collins and labelled much like ours, which are fraudulently sold in some parts of the United States as our manufacture. They are made in different parts of the country by various axe-makers, and are generally their poorest quality. The genuine Collins axes, which have acquired such an extensive reputation, are invariably stamped "COLLINS & CO. HARTFORD," and each axe has a printed label with my signature. It is now more than TWENTY-FIVE YEARS since we commenced the business with the stamp of "Collins & Co., Hartford," and I do not know of any other axe-maker by the name of Collins in the United States.

Dr. De Ross is one of the very few legally qualified physicians who, through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

Persons at a distance may be successfully treated, by forwarding a correct detail of their case, with a remittance of £1 per Post Office Order payable at the Holborn office or otherwise, when Medicines and advice will be forwarded to any address securely packed from observation.

The Silent Friend,

A Medical Work on the exhaustion and decay of the frame from the effects of indulgence, infection, and the injurious consequences of the abuse of Mercury; with observations on Marriage. Illustrated by 100 illustrated Engravings, by R. and L. Perry & Co., Consulting Surgeons, 19, Berners-street, Oxford-street, London. Published by the authors, and sold by Sherwood & Co., 23 Paternoster-row; Hanny, 63, and Sanger, 150, Oxford-street, Starie 23, Titchborne street, Haymarket; and Gorden, 146, Leadenhall-street, London; Powell, 15, Westmoreland-street, Dublin; J. & R. Raimes & Co., Leith Walk, Edinburgh; D. Campbell, 136, Argyle-street, Glasgow; R. H. Ingham, Market-street, Manchester; L. Priestly, Lord-street, and T. Newton, Church-street, Liverpool; and the Chronicle Office, Chester.

Part the First is dedicated to the consideration of the Anatomy and Physiology of certain organs. It is illustrated by 28 colored engravings.

Part the Second treats of the consequences resulting from indulgence, and their lamentable effects on the system, producing mental and bodily weakness, nervous excitement, and generative incapacity. It points out the sure means of perfect restoration to health and manhood. It is illustrated by ten explanatory engravings.

Part the Third treats of the disease resulting from infection, either in the primary or secondary form and contains explicit directions for the treatment. The section is illustrated by 62 colored engravings.

Part the Fourth contains a remedy for the Prevention of disease by a simple application by which the danger of infection is obviated. This important part of the work should be read by every young man entering into life.

The Authors, as regularly educated Members of the Medical Profession, having had long, diligent, and practical observation in the various Hospitals and Institutions for the relief of those afflicted with Syphilis, Secondary Symptoms, Stricture, Venereal and Scorbutic Eruptions of the Face and Body, have, perhaps, had an unusual opportunity of witnessing their dreadful and destructive consequences in all their various stages. Hence, knowing the practical necessity of sound judgment in such serious cases, and having seen the injury that has arisen from the carelessness and neglect of its study, Messrs R. & L. Perry have devoted their attention exclusively to the peculiar class of maladies and the relief they have consequently been enabled to render to their fellow creatures is fully testified and acknowledged by convalescent Patients and others daily arriving in Town from all parts of the country, for the express purpose of personal consultation.

THE CORDIAL BALM OF SYRIACUM

is a renovator of the impaired functions of life. Its influence on the human system is especially directed to the treatment and removal of those affections which are produced by disorders of the degenerative organs, whether constitutional or acquired; and it is especially intended for those cases in which the powers of the frame, by undue and unnatural excitement, have been reduced to an unwonted amount of depression, and the vigor of constitution, together with the social happiness of existence appears to be entirely and irrevocably lost, the mental faculties being at the same time in a state of extraordinary impairment, so that the Springs of life appear to be sapped at the very foundation, and the only prospect left for the unfortunate victim of evil example, is a life time of misery, and a wretched and an early death. Such an one carries with him the form and aspect of other men, but without the vigor and energy of that season of life which his early youth gave him every reason to expect he would attain, and many cease to be men, or at least to possess the qualifications of manhood at thirty. Persons so situated are earnestly advised to consult and study the *Silent Friend*, which they will find to be an excellent guide. It should be carefully read before a course of medicine be entered on. For such cases as these, the Cordial Balm of Syriacum is peculiarly adapted, the direct object of which is the relief of those who by an inordinate and unnatural indulgence have destroyed their powers of constitution, and of those who while advancing rapidly to that unfortunate condition are troubled with any of the premonitory symptoms which should warn of its approach, such as the various affections of the nervous system, obstinate gleet, excesses, irregularity, obstruction or imperfection of certain evacuations, debility, general or partial, total impotence, barrenness, sterility, &c.

The Cordial Balm of Syriacum is especially recommended to be taken for some time by persons who contemplate entering into the holy bonds of matrimony; lest, in the event of the marriage-bed proving fruitful, the innocent off-spring should pay the penalty of the parent's previous excesses and exhibit characters of physical debility, the result of early misconduct on the part of the parents. Price 11s or four at 11s., in one bottle for 33s., by which 11s. are saved

The Concentrated Detersive Essence an anti syphilitic remedy, for purifying the system from venereal contamination, and is recommended for any of the varied forms of the secondary symptoms, such as eruptions on the skin blotches on the head and face, enlargement of the throat, tonsils and uvula, threatened destruction of the nose, palate, &c.; scorbutic humours, glandular swellings and diseases of the skin. Price 11s and 33s, per bottle.

The 15 cases of Syriacum or Concentrated Detersive Essence can only be had at 19, Berners street Oxford street, London; whereby there is a saving of £1 12s. and the patient is entitled to receive advice without a fee, which advantage is applicable only to those who remit £5 for a packet.

Perry's Purifying Specific Pills constitute an effectual remedy in cases of gonorrhœa, gleet, stricture, and diseases of the urinary organs. Price 2s. 9d., 4s 6d. and 11s per box.

Consultation fee, if by letter, £1.—Patients are requested to be as minute as possible in the description of their cases, stating age, occupation and position in society.

Messrs. R. & L. Perry, Consulting Surgeons, are in attendance daily, at 19, Berners-street, Oxford-street, London, from 11 till 2, and 5 till 8 in the evening, and on Sundays from 11 to 1.

Should any difficulty arise in procuring Medicines, by sending the amount to 19, Berners-street, Oxford-street London, they will be forwarded direct, securely packed, to any address. 196 1y

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A Party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure *an immediate Bonus* by not paying more than is absolutely required to provide for the risk.

Among others, the following Improvements on the system usually adopted, are recommended to the attention of the Public.

A Table (No. 2) of Increasing Rates of Premium, peculiarly advantageous in cases where Assurances are effected by way of securing loans of debts, "a less immediate payment being required on a Policy for the whole term of life than in any other Office; and the holder having the option of paying a periodically increasing rate, or of having the sum assured diminished, according to an equitable scale of reduction."

"A Table (No 4) of Decreasing Rates of Premium, on a novel and remarkable plan; the Policy holder having the option of discontinuing the payment of all further Premiums after TWENTY, FIFTEEN, TEN, and even FIVE years; and the Policy still remaining in force,—in the first case for the full amount originally assured, and in either of the three other cases for a portion of the same according to a fixed and equitable scale endorsed upon the Policy.

All claims payable within THREE MONTHS after proof of death

No proof of Birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstance, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

REPORT of the Directors of THE LIVERPOOL AND LONDON FIRE AND LIFE INSURANCE COMPANY to the Eighteenth Annual General Meeting of the Proprietors, held pursuant to the Provisions of the Deed of Settlement, on the Sixteenth day of February, 1854, in the Company's Offices, 37, Castle Street, Liverpool.

The Directors have much pleasure in meeting the Proprietors at the close of another year, and now submit the following Accounts.

FIRE DEPARTMENT.

The increase in the Fire Insurance Business must be satisfactory to the Proprietors, as showing the rapid and safe progress which the Company is making. The Receipts for the past year have increased considerably over those of 1852, while the losses have materially diminished.

RECEIPTS.
1852.—£98,654 17s. 10d.
1853.—£113,612 4s. 6d.

LOSSES.
1852.—£59,091 0s. 11d.
1853—£42,846 1s. 0d.

These results show, notwithstanding the very numerous and destructive fires which have occurred, both in this Country and more especially in America, that great caution has been exercised in taking risks on the part of those, on whose judgment the Directors must necessarily in a great measure rely.

This Company is second to no Company doing business in the Canadas. The Subscriber is prepared to effect Insurance at moderate rates. Losses Paid promptly without reference to England.

HOLLOWAY'S OINTMENT.

A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY,

Dear Sir—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By perseverring with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly,

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Legs after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Servt,

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

urprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedly improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland Road, Liverpool.

SIR,—Your Pills have been the means, under Providence of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,

(Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Billious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means, of saving her life.

I remain, Dear Sir, yours truly,

Nov. 23rd, 1853. (Signed) J. GAMIS.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To PROFESSOR HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,

(Signed) W. MOON.

An Extraordinary Cure of Dropsy, after Suffering for Eighteen Months.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To PROFESSOR HOLLOWAY,

SIR,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical men consulted; all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re established. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,

(Signed) G. BRIGGS.
