Ontario Speed Limit Raises On May 24th

Ontario's new motoring speed limit —fifty miles per hour on the open highway and thirty miles per hour in all incorporated municipalities or "built up areas"— does not come into effect until May 24, Attorney-General Roebuck announced over the week end.

The bill was given Royal assent in the Legislature on Thursday, March 25. Ordinarily, it would have been operative forthwith, but under legislation introduced earlier in the session by the Government its operation is indirectly held up for sixty days.

Municipalities will just have to put up with the thirty-mile limit prescribed for them, J. P. Bickell, registrar of motor vehicles, stated Saturday. They have no power themselves to reduce it, he added.

Ever since the legislation was passed in the House there has been considerable confusion regarding its date of effectiveness. Highways Department officials were certain its operation commenced at once. Not until the Attorney-General had his say was the air clear.

Presentation To Miss G. Lever

A large number of friends gathered at the home of Miss Gertrude Lever on Wednesday evening of last week, when a splendid social time was enjoyed. During the evening an address was given by Miss Alice Armstrong, while Mrs. Gordon Dixon presented a purse well filled with money on behalf of the recipient's many friends, as a token of their esteem and best wishes. Miss Lever had been employed in the local post office for the past 13 years and left Thursday morning for Richmond Hill, where she had accepted a position in the post office.

Dear Gerty:

As we are gathered in your home this evening, we, the members of the Springhill, Toronto Line and Flesherton communities cannot but feel much regret that you are to bid us good-bye, as friends and neighbors. We recall with pleasure, the long years of kindly association together and we never forget your pleasant, obliging service in Post Office matters. We are very sure that these qualities of cheerfulness, helpfulness and friendliness that have won for you so many warm friends here will assure you many more in the community to which you are going. Our best wishes go with you, and we ask you to accept this purse as a slight token of our appreciation and esteem. We would be very pleased if you would in your turn purchase something to bring to your mind happy remembrances of us.

Signed on behalf of Spring Hill, Flesherton and Toronto Line North.

Plant A Tree Urged In Kimberley Address

[The following paper was given by Mrs. D. A. Graham at the February meeting of the Kimberley Women's Institute.] Editor's Note.

The action of the Government in setting aside millions of dollars to be available for repairing and improving the homes of Canadians has created great activity in the lumber camps of our dominion. Never in the last 20 years have as many logs been drawn out of this valley of ours. Most of us can remember when all the sides of the valley stood thick with virgin forest. Today many of its farmers have not even a wood lot. What little wood is left is being stripped to supply the pressing needs of the moment. What will be the result in 20 years hence. True, we are entitled to our share of nature's bounty, but we should not expect to reap unless we also sow. Plant the waste corners of our farms, plant the ravines, fence your wood lots and keep the cattle out of them. It is a joy to the eye and one's intelligence to see and walk through the valley road south, at Mr. W. Weber's. It is as good as a life insurance for the future of his family. Few countries realize their loss, till their forests are gone and in spite of reforestation two generations almost lapse before lost acreage can be regained. The pioneers and farmers of this Valley, cut acre upon acre of beautiful trees, most of them can count on their fingers the number of trees they have replaced.

In England, one of the most pleasing features of the program for celebrating the coronation of King Geo. and Queen Elizabeth, is a plan for beautifying the countryside and villages as stated by the coronation planting committee. It is hopeful that thousands of trees will be planted to enhance the scenic effect of landscape. The trees that are favoured are, oak, Beech, Ash, Lime, Mountain Ash, peaches, plums, birch and white woods. The planting of fruit trees along the highways will be encouraged. It is also urged that cottages without gardens should have window boxes; waste or vacant lots should have trees flowers and grass; disused church yards be converted into gardens and cemeteries beautified. Beautiful Britain is attractive to tourists as it exists to day, but it promises to take an additional glory because of the crowning of a new king.

May 12th, is coronation day, cannot we beautify one spot in our community as a living memorial of our loyalty to King and Country. This will be a loyal memorial to our motto, "For Home and Country." Then plant a tree.

Jackson — Stewart

On Friday, March 26, 1937, a quiet but pretty wedding was solemnized at 1698 St. Clair Ave, West Toronto, by the Rev. Harold Hobbs, when Gertrude Thelma, youngest daughter of Mr. and Mrs. John H. Stewart of Lion's Head, became the bride of Herschel Thomas, eldest son of Mr. and Mrs. H. B. Jackson of Proton Station. The bride was becomingly attired in sand silk crepe. They were attended by Mr. and Mrs. George Johnson, of Toronto. During the signing of the register, Miss Christie McLennan sang, "Near to the heart of God," and Mrs. Ed. Rositer sang, "O Love that will not let me go." The young couple left by motor for Proton Station where a wedding supper was served to them and some of their friends, at the home of the bride's sister, Mrs. Albert Baker. Mrs. Jackson chose for travelling a brown tweed swagger suit with matching accessories. Their many friends wish for them much happiness.

SAVING FOR TELEPHONE USERS

The Bell Telephone Company announces miscellaneous rate reductions which they state will save telephone users of Ontario and Quebec upwards of $6000,000.00 yearly. Reduced charges on rural telephones will save farmers $100,000. a year. Other important items where charges are cut are for installing and moving telephones, for short haul, long distance calls, and for the hand type of telephones which after May 1st will cost only 15c instead of 30c per month more than the desk telephone. The expectation is that the reduction will lead to a still more widespread use of the telephone, increasing its value to all users.

Right now it would be pretty hard to say who is the Number One Man in American Labor.

50 Years in Business

The congratulations of this paper are extended to our fellow-townsman, Mr. F. G. Karstedt, who is entering his 51st year as a general merchant in Flesherton. He came to Flesherton as a young man and commenced a general store on the site of his present building, believing that the village had excellent opportunities, and he was not disappointed. Some nine years after he arrived he suffered a great loss when his store building was burned to the ground, his entire stock being consumed by the fire. Not daunted by this blow to his resources he erected his present fine building and branched out into hardware and tinsmithing. Here he raised his family and also shared in the progress of the village, taking an active part in its many activities. He is now the oldest merchant who has been in the same business in the county of Grey. While Mr. Karstedt has been ill at his home for several weeks he is on the road to recovery and his friends hope that he may enjoy many more years sharing the business life of the village.

Mrs. John Cushnie Died In Toronto

There pasesd away on Saturday a.m., March 27, 1937 at her home, 12 Thornhill Ave., Toronto, Sarah Jack Cushnie, after an illness of six months duration patiently borne. She was the daughter of late Mr. and Mrs. Richard Jack of Glenelg, and was born there on May 13th, 1865, receiving her early education in school No. 5 finishing her schooling she travelled extensively through the States and the Dominion. She was married to her now sorrowing husband, John Cushnie, 21 years ago, and has since resided in Toronto. She was a member of Humbercrest church and a great worker in women's Association, always ready and willing to assist in any work that was possible for her to do, and always present at the services as long as health permitted. A service was held in the church after regular service on Sunday night, when her pastor, Rev. Hazelwood had charge, taking his text from the Comfort Chapt. Speaking of her life of inspiration among her fellow creatures of her kindness, thoughtfulness, and sympathy for all, it was closed with prayer. Her casket was banked with 21 pillows, wreaths and sprays from family and friends. The pallbearers were Messrs. Daniher, Harvey, Feasby, McKenzie, Griffin, Cooley. Friends were present from Greenbank, Durham, Caledon, Georgetown. Besides her husband, she leaves to mourn her loss, one step-son, Cecil Cushnie, one step-daughter, Mrs. Will Crosken of Toronto, also two sisters, Mrs. Margaret McKechnie and Mrs. Agnes Williams of Durham and two brothers, Mr. Samuel Jack, Winnipeg and William Jack, Glenelg. The remains were taken to Flesherton on Monday, where a short service was held in St. John's United Church when Rev. Service assisted Rev. Hazelwood, after which she was laid away in Flesherton Cemetery.

PROVINCIAL HIGHWAY SHELBURNE—COLLINGWOOD

The road from Shelburne to Collingwood is to be taken over as a provincial highway, according to Dr. W. D. Smith, M. L. A. in a brief interview with the Star at the week-end.

The new highway will connect with number ten highway one mile east of Shelburne, and pass through Horning's Mills, Redickville, Maple Valley, Singhampton, Duntroon and Nottawa villages.

The official announcement will be made by the Department in a few days. The route from Singhampton to Duntroon has not been definitely decided on. There is considerable pressure from Grey County to have the highway go north two miles from Singhampton, and thence east to Duntroon, but as the grade on this route is very steep, it would be much more expensive to build. The present county road from Singhampton east to the eighth line of Nottawasaga has a very easy grade, and also has the advantage of some of the finest scenery in Ontario, skirting the "Devil's Glen", and passing through a fine farming section, and within half a mile of the village of Glen Huron.

While the member assured the Star this highway would be designated forthwith, he did not think there would be any paving done this year. There would be some curves to straighten out and culverts to put in, and the grades brought up to the Provincial standard.

Some people "know" and others merely state their "opinions." It is much easier to live with the latter.

It is a fine thing to be generous, but there is one thing you should always keep—your word of honor.

Splendid Exercises At The High School

Flesherton High School held its annual commencement exercises in the school auditorium on Thursday evening last, presenting a varied program which lasted slightly over two hours. their own talent, but to the interest and ability which the preparation of the exercises must have demanded of the staff.

Among the numbers were two piano solos, one by Arlene Karstedt and the other by Allan Chapple; a dutch dance presented by the junior girls; pyramid building and tumbling by the junior boys, songs by Allan Chapple and Ben Bellamy, and a dance, the Minuet, by the senior girls. The feature of the evening was a dramatic production, "The Trysting Place," (Booth Tarkington) with a cast of seven, directed and produced under the guidance of Miss McClean. The players were Marion Miller, Kathleen Bannon, Evelyn Brown, Tom Banks, George Loucks, Alex. Hopkins and Robin Goldsborough. While of short duration, the production was decidedly humorous, moving with a rapid trend of events. Present to receive their diplomas of graduation, were Misses Hazel McKillop, Anna McLean, Katherine Stewart and Mr. Leslie Seeley. Unfortunately some of those to whom diplomas were to be awarded, were unable to be present, namely: Misses Susie McKinnon and Frances Collinson.

In response to the presentation, the valedictory address was delivered by Miss Anna McLean, who touched upon the sentiment with which all these graduates now recall their school days at F. H. S. and also gave the occupation of and where employed, these young men and women who are now bringing into use some of the knowledge they have gained.

United Church Notes

Splendid congregations attended the Easter services morning and evening in Flesherton and the Ceylon church was nicely filled in the afternoon. The Sacrament of the Lord's Supper was observed in Ceylon and a reception of members was held. Fifteen united with the church, nine on profession of faith and six having been members of other churches.

Next Sunday morning there will be a reception service and Communion in Flesherton. All desiring to become members are asked to see the Minister and make arrangements for their reception.

This Thursday, April 1st, a special feature will be held in the Ceylon church. The story of "BEN HUR" will be given in lecture form and illustrated by beautifully coloured lantern slides. The slides are exceptionally good. Mr. Service has seen them before and vouches for them as being one of the best sets of slides he has ever seen. The lecture will commence at 8 o'clock, admission for adults 15c, children 10c. The primary class in the Sunday School free. Proceeds to go to the work of the Ceylon Sunday school.

Trail Rangers' Corner

Rev. G. R. Service, B. A. Scribe

Answer to last week's questions

1. The first king of the Hebrew nation was Saul.
2. "This is he" is correct.
3. Moses is the great Bible character which is associated with the Ten Commandments.
4. Calcutta is in India.
5. The purpose of the Briand—Kellog Pact is to outlaw war.

One method of the Trail Ranger programme to register progress in this business of living, is by the "Proficiency Badge." In all there are 51 different badges which a Trail Ranger can qualify for. Once he has fulfilled the requirements he receives his badge to be worn on his Trail Ranger Crest. These different badges follow the four fold program and encourage progress along the four trails of life, namely intellectual, physical, social and Spiritual.

"A sound mind in a sound body" has long been recognized as the foundation of all true usefulness and succession in life. Fortunately we live in a world where the privileges of the best schooling which money can provide are free and open to all.

Every boy who has passed the child stage and has begun to think for himself realizes that he, like every adult, has his "job", his life work to attend to. For practically all Trail Rangers, his "Main Job" is attending school. Other activities, no matter how interesting or important, should not be allowed to interfere with making the most of every term in school.

Do You Know?

1. Who was Louis Pasteur?
2. Name any three of the desciples besides Peter, James and John.
3. What is the population of Canada?
4. What is Ivory?
5. Which is correct, "You was here" or You were here"?

And so till next week, to young and old, we wish you 'Good Climbing'.

Visited Toronto Lodge

Messrs. Alf. Down, C. J. Bellamy and F. J. Thurston visited Mizpah Lodge No. 572, A.F. & A.M., on Thursday evening last, it being the official visit of the D. D. G. M. to that Lodge, of which Mr. Jos. Phillips, a former resident of Rock Mills district, is the Worshipful Master. A very pleasant time was spent and new friends made. Mr. Thos. Gamey was acting as Inner Guard for the evening and the third degree was conferred on a candidate in a faultless manner.

A NORTHERN VISITOR

The Advance had a pleasant call from an old friend on Thursday, Mr. John FcAulay of Bellingham, Algoma, who was visiting with relatives here. Mr. McAuley left this part with his parents in 1893. It is eighteen years since he paid a visit to his boyhood's stamping ground. Mr. Wm. Burnett of the suburbs is an uncle. He has many friends here who were pleased to shake his hand once more.
