THE ANNWOOD ESTATE,
TRENTON.

Notice To Capitalists.

THE undersigned will visit Trenton early in November, for the purpose of disposing of Vacant Lots in the Village of Annwood, and Park Lots adjoining. He will, however, be happy to treat with any gentleman or company of gentlemen for the disposal of the whole Property in one Block, including the present securities upon Sales, which amount to upwards of £4,000, allowing a large margin for profit to the purchaser.

Ten per cent. only will be required down, and Twenty one years will be given for the payment of the Balance, with covenants to release such portions as may require to be conveyed in fee.

The sole reason for disposing of the Property in this way, is that the distance from Toronto, where his interests principally lie, prevents the undersigned from bestowing that time and attention which such a valuable Property requires in order to sell to advantage in detail.

The Estate consists of 450 Acres, laid out in Town and Park Lots, fronting on the Bay of Quinte, on the east side of the River Trent, and is incorporated with, and forms part of the Village of Trenton, now one of the most rising towns in Canada West.

Title indisputable.

AYER'S PILLS,

FOR ALL THE PURPOSES OF A

Family Physic!

There has long existed a public demand for an effective purgative Pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *Pill*, but not so easy to make the best of all *Pills*—one which should have none of the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them.—These *Pills* produce no irritation or pain, unless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; But it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been specifically cured by them we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, for in truth, all these are but the consequence of diseased action of the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds, with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsey, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach and side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of season. An occasional dose stimulates the stomach into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the
