The Flesherton Advance.

VOL 57; NO. 7 — WEDNESDAY, JULY 21st, 1937 — W. H THURSTON & SON, Proprietors

Splendid Program For Civic Holiday

A splendid program of sports has been drawn up for the annual picnic of Flesherton Old Boys' and Girls' Association being held here on Civic Holiday, Monday, August 2nd. From morning until late at night there will be entertainment for everyone and it will be well worth while coming miles to join in the celebration and at the same time it will be an opportunity to visit friends who will be here that day from distant points.

The program commences in the morning with water sports at the pond, for which events have been provided that will be very interesting. In the afternoon two softball games between four good teams are the feature. Singhampton and Maxwell, finalists in the Badgeros men's softball league, will meet, and Dundalk and Markdale girls will attempt to battle out a win.

The basket picnic will commence at 5.30 to be followed by a softball game between the old boys visiting and the local old timers. This should be lots of fun, if nothing else. The feature of the evening will be the amateur program at the Park pavilion. Three classes are being provided vocal, instrumental and dancing, with prizes of $50 being offered to the winners. There are also age limit classes and the younger people will compete in their own group. Any person wishing to compete may inform Mr. F. H. W. Hickling at any time or at the pavilion by 7.30 p.m. concert night. Any person will be welcome to take their place on the program.

Following the concert, dancing will be held in the Park to the music supplied by Don. Blackburn's 8-piece orchestra of Toronto, who dish out real syncopation for the enjoyment of the dancers.

All in all, it is going to be another great re-union so be sure and be on hand for the celebration. The town will welcome everyone to the sporting events of the day. Lets go, and make the event another red-letter day.

BUCHANAN — SANDERSON

The marriage took place at the home of Mr. James Sanderson, Dundas, Ont., of his sister, Isobel, daughter of Mrs. and the late Mr. John Sanderson, to Mr. Albert Buchanan, son of Mr. and Mrs. Joseph Buchanan. Rev. Mr. Totten officiated and Mr. Jack Bennett played the wedding music.

The bride was given in marriage by her brother and wore a powder blue flowered chiffon gown with picture hat and carried Butterfly roses and lily of the valley There were no attendants.

Following the reception the couple left by motor for Otttawa, Quebec and Gaspe, the bride going away in a white ensemble. The couple will live at 33 Rumsey road, Toronto.

CLEVER IN MUSIC

Nine year old Jane Karstedt, daughter of Mr. and Mrs. F. G. Karstedt of Priceville, is to be congratulated on the success in her music examination. She took 85 marks in Grade I theory, and 1st place in Grade 5 piano.

SINGHAMPTON GARDEN PARTY

Singhampton garden party will be held on W. L. Taylor's lawn Thursday, July 22nd. Good program. Hon. Earl Rowe special speaker. Open air jitney dance. Admission 40c and 20c.

Browsed On Tin Cans

A farmer informs The Advance of a peculiar incident in the life of a cow which he owns and which goes to show that even animals have their tragedies as well as human beings. This animal developed a lump on her jaw. The vet was phoned to and the swelling described. The Dr. said it was probably lump jaw. The swelling got worse and the Dr. was called to examine it. He forced the animal's mouth open and then asked the farmer what he was paying for salmon can tops. He then pried a salmon can top from between the cow's jaws, where it had become wedged so tightly that it was difficult to dislodge. The swelling has now disappeared. That cow will probably not browse any more on tin can garbage heaps.

Had that cow been able to talk she would probably have explained that her thought was that it was a condensed milk can instead of a salmon can, and that it would help her to give condensed milk for her owner.

Fine Amateur Program

The amateur concert on market square Saturday evening was enjoyed by a large number of people, and the extensive program provided was heartily encored. The broadcasting equipment is owned by Mr. Wm. L. Osborne of Dundalk, who gave several recorded numbers. Several kiddies gave song and instrumental numbers while others gave cowboy and old time songs that were real entertaining. The next amateur program will be given in Memorial Park, Flesherton, on Civic Holiday night, August 2nd.

CALDER—MacCANNELL

A marriage of much interest took place at the manse, Dundalk on Wednesday, July 7th, at 4 p.m., when Effie Luella MacCannell, youngest daughter of Mr. and Mrs. Angus MacCannell of Swinton Park, became the bride of John Hamilton Calder, son of Mr. and Mrs. Alex. Calder of Holstein. Rev. Wm. Mackintosh performed the ceremony.

The bride looked charming in powder blue triple sheer embroidered gown with pink rose buds and hat and accessories in white. Following the ceremony the wedding party motored to the home of the bride's brother, Mr. Dan MacCannell, where a wedding supper was served to about 35 immediate friends and relatives. In the evening a reception was held when about 200 friends were present.

The bride and groom were the recipients of many beautiful and useful gifts. Mr. and Mrs. Calder left on a honeymoon trip to Tonawanda, N. Y., Buffalo and Toronto, the bride travelling in a blue suit with white accessories. On their return they will reside on the groom's farm near Holstein.

COULTHARD—ROBINSON

A quiet but pretty wedding took place on Monday, July 19, 1937, at 8 p.m., at the home of Mr. Wilbert Poole, Feversham, when Mrs. Alice Robinson was united in marriage to Mr. Henry Coulthard of Feversham. Commandent Poole, Toronto, officiated. Mr. and Mrs. Coulthard will reside on the groom's farm at Feversham.

Another thing about money is that when it talks it doesn't mutter.—Maybe not. But you have to admit that at times it stutters rather badly.

Flesherton Hydro Rate Reductions Save Users Money

Flesherton Hydro users will save $366 in the next twelve months by reason of rate reductions in domestic users $234 and commercial users $132.

Basing its analysis upon last year's revenue and operating cost, the Ontario Hydro Commission has decided that the rates to be charged to domestic, commercial and power consumers on the Georgian Bay System, of which Flesherton is a part, be reduced in a large number of cases.

Of 63 Georgian Bay system municipalities, 59 served on cost basis and 4 served direct, 51 will receive substantial cut in consumers' rates and 12 are to remain unchanged.

Total estimated saving to Georgian Bay system consumers is as follows:

Domestic lighting	$30,959
Commercial lighting	10,483
Street lighting	1,736
	$57,132

Satisfactory financial results are recorded in the new Hydro report in respect of 1936 operation of all Georgian Bay system Hydro municipalities. Total revenues on the system were $812,344, and total costs $756,523, leaving in the adjustment $57,552 to be returned to 51 municipalities and $1,730 to be collected from 8.

The revised interim rates arranged for 1937 take into account impending additional capital costs to be incurred for additional power supplies for the Georgian Bay System municipalities. Of the 59 cost municipalities 16 will receive reduction in interim rate, 3 a slight increase, and the remainder no change.

In addition to the above-mentioned rate reduction, refunds to consumers in 19 municipalities were also authorized. The total estimated refund to these consumers will amount to $47,268.

Refunds will be made in 29 municipalities in respect of power for municipal purposes and the total amount to be refunded will amount to $11,591.

The consumers in the Georgian Bay System will, therefore, benefit by $110,591. Of this amount, $47,268 will be refunded to them by a reduction from their monthly bill; $52,132 will be deducted from their monthly bill by means of rate reductions. The refund to the municipalities of $11,591 will benefit the taxpayers in general.

The operating reports of the system show that the municipal electric utilities, so served, obtained total revenue for 1936 of $1,193,781; total expenses amounted to $1,090,833. The net surplus obtaining for that year amounted to $102,948.

Installed New Machine

O. W. Phillips & Son have recently installed a new machine for stitching soles on boots and shoes. It is the latest in machinery for repairing shoes and is the only one between Orangeville and Owen Sound. Through the use of this machine Phillips & Son are turning out repairs to shoes that are a credit to their workmanship and bring real comfort to the wearer. Our fellow business men are to be congratulated on their purchase of such a splendid machine and the growth of their business which necessitated such a purchase.

SALTY ROADS HARD ON CARS

While householders may appreciate the results obtained from putting sodium chloride or salt on the roads to lay the dust, motorists are inclined to be a little hostile toward the method by reason of the way in which the metal parts underneath the cars rust away after travelling the salt-wet roads.

Too many people mistake gall for genius.

Late Jacob Hamilton

On Sunday, July 11th, Badjeros village lost its oldest and most prominent citizen in the person of Mr. Jacob Hamilton, who passed away after a short illness of pneumonia. On April 9th he had marked his 86th birthday.

Born at Beauport, Quebec, he came at five years of age with his parents and settled on the Grey-Simcoe townline. As a young man he followed the milling trade and for a time managed the Feversham mill. Turning to the mercantile trade he conducted a general store at Tottenham, Richwood and Haysville. In 1910 he purchased the Badjeros store from Orrin Bailey, assuming at that time also the duties of village Postmaster. He was active in his store duties till one year ago when he retired from business, turning the store over to Harry Sipprell.

Mr. Hamilton was a man admired by all for his fair dealing in business. He was a member of the Anglican Church and a staunch Conservative. In 1911 he was married to Mrs. Wilhelmina Sipprell, who predeceased him in 1919.

He is survived by one brother, David of Badjeros and two sisters, Mrs. J. Potts of Minneapolis and Mrs Dan McEachnie of Flesherton, also by one step-son, Harry Sipprell.

The funeral, which was largely attended, was held on Tuesday, with service in Barjeros Church conducted by Capt. Belt of Dundalk, assisted by Rev. Mr. Goss. Interment took place in Badjeros Cemetery.

Floral tributes included: Wreaths from brother and sister, Harry Sipprell, United Church, National Grocers and M. E. Harrington. The flower-bearers were: L. O. Moore, John Miller, Elmer Priddle, Ernie Seeley, nd Lindsay Inglis. The pall-bearers were: Ed. Breadner, Jack Oates, Wm. Hannon, Jack Norman, Carl Moore and Ed. Taylor.

Among relatives and friends from a distance were: Mr and Mrs. Joseph Hamilton, Glen Huron; Mrs. Clara Leach, Duntroon; Mr. and Mrs. Sam Arnott, Wareham; Mr. and Mrs. Jack Stevens, Maxwell; Mr. and Mrs. T. W Henry, Chesley; Mrs. Harrold, Toronto; Mrs. E. Ross, Mr. and Mrs. J. Langdon, Mr. and Mrs. Joseph Duff, T. W. Oliver and M E. Harrington, Dundalk; Mr. and Mrs. Geo. Weir, Duntroon; Mrs. Bert Sparks and Miss Edna McCallum, R. N., Flesherton.

Crop Conditions

The latest crop report prepared by the Statistics Branch shows that field crops generally in Old Ontario made phenomenal growth in the month of June. An abundance of moisture and fairly cool weather provided the best growing conditions experienced in years. Fall wheat and fall rye, hay and clover, spring grains and pastures grew very rapidly. Fall wheat is now ripening in Western Ontario and in the more southerly part harvesting will commence within a very few days. Bumper yields will be obtained on most fields, but lodging has reduced the yield somewhat on some stands. Spring grains have developed so rapidly in most of Central and Southwestern Ontario as to completely offset the extreme lateness of seeding. Early oats and barley promise excellent yields. In Eastern Ontario spring grains have made good growth but are still below average. In Lake Erie counties frequent rains have interfered with haying operations and made curing difficult. As a result a considerable quantity of hay in this section will be of inferior quality. Weeds are the worst in years as late seeding and wet conditions of the soil have prevented cultivation. However crop conditions on the whole are quite promising in Old Ontario. In the major portion of Northern Ontario the weather since seeding has been too dry for satisfactory growth. The hay crop is especially poor and spring grains are backward and need rain for continued development. Grasshoppers are causing considerable damage in sections of Sudbury, Algoma and Manitoulin, and applications of poisoned bran have been necessary.

Insurance salesmen should wear a badge so that they will not waste time on one another.

A 14-year-old Tennessee girl obtained a divorce from her 13-year-old husband. We wonder if she was given custody of the dolls.

Final Softball Games

BADGEROS DISTRICT SOFTBALL LEAGUE

A meeting of the Executive committee of the Badgeros Softball League was held Monday evening at Badjeros, when it was decided to have the semi-final game, between Maxwell and Redickville, played on Friday evening, July 23rd, at Maple Valley Presbyterian church park grounds. The junior and senior half mile races will be run the same evening. The winners of this game will meet Singhampton at the annual field day to be held on Thursday, July 29th for the championship cup of the League. The sports commence at 2 p.m. with the various jumps, 100 yard dash, 220 and 440 yard races for juniors and seniors, and also the shot put. There will also be men's, young women's and children's races. Contestants residing in the district only allowed to compete. A silver collection will be taken at both the semi final and final games and field day to cover expenses of the prizes and trophies.

Evangelistic Services

The Evangelistic Services being held in the Baptist church this week are well attended and the McMaster Evangelistic Quartette are very generous in their offerings. Last Sunday at Flesherton and Rock Mills, Mr. Ivan Morgan gave the messages, morning and afternoon, and the night service at Flesherton was addressed by Mr. Dana Lamb. Monday night Mr. Knapp gave the message and last night Mr. Rice. To-night again at eight, Mr. Lamb will speak and the quartette will sing. A cordial invitation is given to everyone in Flesherton and district to attend these services to be held each night except Saturday at 8 p.m. Next Sunday Mr. Rice and Mr. Knapp will be the special speakers. Flesherton at 11 a.m. and 7 p.m.; Rock Mills at 3 p.m.

Matches Cause Fire

A child playing with matches almost started a serious fire in town Tuesday morning, but it was discovered in time and smothered. Some loose papers were in a play house in the yard at Mr. Norman Stoddart's residence when a small lad of town lit the paper with a match he carried. Little Bobbie Stoddart, who was there at the time also, ran to the home of his grandmother, a short distance away and told his mother what had occurred and she immediately rushed home in time to smother the flames, which had eaten their way to the roof of the play house. As a barn was close by it was fortunate that the little fellow had the presence of mind under the excitement to give the alarm and save a serious fire.

IN MEMORIAM

HINCKS — In loving memory of Mrs. David Hincks who departed this life July 22, 1926.

In our home you are fondly remembered,
Sweet memories cling round your name,
Hearts that loved you with truest affection
Still love you in death just the same.
—Sadly missed by husband and family.

How is the government going to spend the gas tax when sky flivvers are used instead of the family bus?

Tennis Schedule League

The schedule for "A" group in the Four-County Tennis League has been drawn up. Chesley is dropping out of the B section, so that this schedule has not yet been drawn up. Owen Sound, Mount Forest, Durham and Mildmay are the other clubs in the B section. Following is the A section schedule:

July
15 — Shelburne at Orangeville.
15 — Flesherton at Markdale.
22 — Dundalk at Shelburne.
22 — Orangeville at Flesherton.
21 — Markdale at Dundalk.
28 — Markdale at Shelburne.
29 — Shelburne at Dundalk.
29 — Flesherton at Orangeville.

August
4 — Orangeville at Shelburne.
5 — Dundalk at Flesherton.
11 — Markdale at Flesherton.
11 — Orangeville at Dundalk.
12 — Flesherton at Shelburne.
18 — Markdale at Orangeville.
19 — Shelburne at Flesherton.
19 — Dundalk at Markdale.
26 — Shelburne at Markdale.
26 — Dundalk at Orangeville.

September
1 — Orangeville at Markdale.
2 — Flesherton at Dundalk.

Explosion In Barn

Fire destroyed the fine large hip roof barn on the farm of Mr. Wm. Hutchinson at Vandeleur on Tuesday evening, the cause of the fire being laid to spontaneous combustion. All the stock was rescued from the building, but a wagon, binder and seed drill, together with about 20 loads of new hay were burned. The fire started about seven p.m. while Mr. Hutchinson and family were eating their supper. They heard a loud noise and when they looked out the window one end of the barn was seen to be a mass of fire. A neighbor also heard the noise of the explosion. Assistance was soon on the scene and other buildings were closely watched. We understand that there was about $2,500 of insurance on the building.

Town Softball League

The town softball league got away last week to a good start and the following is the standing of the league Monday evening.
