BOOK NOTICES.

Gleason's Pictorial for the Year 1855.

M. M. Ballou, who has edited the "Pictorial" from the commencement having bought out the late proprietor, Mr. F. Gleason, will conduct this popular and widely circulated paper on his own account. The new volume will be radically improved in every respect, and will be published on finer paper than ever before, which quality will be continued henceforth without change. Many new and popular features will at once be introduced, and the literary department will present an array of talent and interest beyond anything it has before attempted. The illustrations will be finer, and by better artists than have before been engaged upon the paper, and altogether the publication will be vastly improved and beautified.

Arrangements have been made for representing during the year views of the most not able buildings and localities throughout the United States, as well as giving likenesses of the most prominent characters, male and female, of artists and men of genius, such as have by their own industry and skill made for themselves a fortune and a name. In addition to these, various notable European scenes and occurrences will also be given from week to week, forming a brilliant illustrated journal.

WHAT OR WHICH IS THE BEST

Vermifuge or Worm Destroyer?

Is a question daily and hourly asked by parents, anxious for the health of their children. All who are at all acquainted with the article, will immediately answer,

Dr. M'Lane's Celebrated Vermifuge.

It has never been known to fail, and is one of the safest remedies that can be used. A friend of ours lately handed us the following statement in reference to this Vermifuge:

New York, Sept. 25th, 1852.

Gentlemen—A young lady of my acquaintance had been for a long time very much troubled with worms. I advised her to try Dr. M'Lane's Celebrated Vermifuge. She accordingly purchased and took one vial, which caused her to discharge an unusually large quantity of worms. She was immediately relieved of all the dreadful symptoms accompanying this disease, and rapidly recovered her usual health. The young lady does not wish her name mentioned; her residence, however, is 320 Fifth Street, and she refers to Mrs. Hardie, No. 3 Manhattan Place.

P. S.—Dr. M'Lane's Celebrated Vermifuge, also his Liver Pills, can now be had at all respectable Drug Stores in this City.

☞ Purchasers will please be careful to ask for, and take none but Dr. M'Lane's Vermifuge. All others, in comparison, are worthless.

Holloway's Pills.—Among all the idle medicaments of the day, the name of which fill the common ear to nausea, we would not include Holloway's Pills, celebrated both here and in Europe, for their wonderful curative properties. A sound discrimination has taught us that their reputation is not ephemeral, but a solid substantial one, based upon a long and useful existence among the intelligent, the refined, and the discerning.—They are to be met with in every portion of the civilized Globe, and in every spot their virtues are alluded to with grateful enthusiasm, that well endorses their capacity and virtues. They are no merely designed for a special complaint, but are deuratives and cure, by removing from the system elements of disease thus operating in an extraordinary manner in most all disorders to which human nature is subject.—*New York True National Democrat.*

We see by the Court Records, that the two counterfeiters, White, of Buffalo, and Lawrence, of Epping, N. H., have been placed under ten thousand dollar bonds, each, for making and selling imitations of Ayer's Cherry Pectoral. This is right. If the Law should protect men from imposition at all, it should certainly protect them from being imposed upon by a worthless counterfeit of such a medicine as Ayer's Cherry Pectoral. We can only complain that the punishment is not half enough. The villain, who would for paltry gain, deliberately trifle with the health of his fellow man, by taking from their lips, the cup of hope, when they are sinking, and substituting a falsehood—an utter delusion, should be punished at least as severely as he who counterfeits the coin of the country.—[Green Co. Banner, Carrollton, Ill. 259

SPECIAL NOTICE.

THE GREAT AMERICAN HAIR TONIC

Bogle's Celebrated Hyperion Fluid,

For the Growth and Preservation of the Hair, is well known to be without a rival on this Continent.—Hundreds of imitations have started into an ephemeral existence since the introduction of this unrivalled Hair Restorative, and their death been sealed, whilst Bogle's Hyperion Fluid, with a popularity never attained by any other article, goes on "conquering and to conquer." There is no malady that can effect the hair but can be cured by this incomparable preparation. To ladies it is invaluable, and on children a bottle it lays the foundation of a good head of hair. It is now patronised by Her Majesty the Queen of Great Britain, and commands an extensive sale throughout Europe.

BOGLE'S AMERICAN ELECTRIC HAIR DYE, Converts Red or Grey Hair into a beautiful Black or Brown, the moment it is applied, literally dyeing the hair without staining the skin, and leaves the hair soft and glossy, without injuring its texture in the least—a decided superiority over all other Hair Dyes.

BY-LAW NO. 1.

For regulating the annual election of Directors of the Kingston and Portland Road Company.

Passed 15th November, 1854.

WHEREAS, by an Act of the Parliament of the Province of Canada, passed in the sixteenth year of the Reign of Her Majesty, Queen Victoria, entituled, 'An Act to amend and consolidate the several Acts for the formation of Joint Stock Companies for the construction of Roads and other works in Upper Canada,' after repealing certain Acts therein mentioned, it enacts, 'That the affairs, stock, property and concerns of any Company which should or might be formed under the provisions of the said above recited Act, should for the first year be managed and conducted by five Directors, to be named in the Instrument to be registered as by the said Act required, and thereafter to be annually elected by the stockholders on the second Monday of December in each and every year, according to the Provisions of a By-Law to be passed by the Directors for that purpose.'

And whereas, it is expedient and necessary to pass a By-Law for the purpose of electing Directors of the Kingston and Portland Road Company, formed under the provisions of the said last mentioned Act.

Be it therefore enacted by the President and Directors of the Kingston and Portland Road Company, that the meeting of the Stockholders of said Company, required by said Act, be held on the second Monday in each and every year for the election of five Directors of said Company, shall be held at Davidson's Inn, in the Township of Kingston, at the hour of two o'clock in the afternoon. And it is further enacted, that the names of the several Stockholders proposed at such election for Directors, shall be set down in a book to be kept for that purpose, opposite to which the names of the several Stockholders voting at the said election shall be entered, and the votes of the several Stockholders for each Candidate shall be entered in the several columns under the names of the Candidates for whom they are given, together with the number of votes which each Stockholder shall be entitled to give, and at the close of such election the scrutineers to be appointed by a majority of the Stockholders present, shall sum up the number of votes given to each Candidate, and the Candidates who shall have received the greatest number of votes, shall be declared elected as Directors of the said Company for the year expiring on the second Monday of December following their election, and the majority of such Directors shall form a quorum.

And it is further enacted, that no Stockholders shall be entitled to vote at such annual election by proxy, but that each and every Stockholder desiring to vote at such election, shall be personally present, and declare the names of the parties for whom he intends to vote at such election.

And be it enacted, that the Directors so elected as aforesaid, shall at a meeting to be called immediately for such purpose, proceed to the election of a President, who shall be one of such Directors.

THE NEW YORK TRIBUNE.

DAILY ..... $6.
SEMI-WEEKLY ..... $3. WEEKLY ..... $2.
Always in Advance.

THE WEEKLY TRIBUNE commences its XIVth annual volume with the month of September—commences it with a circulation (115,000) larger than was ever before accorded to any general newspaper whatever. This circulation has been gradually and laboriously attained by concentrating upon THE TRIBUNE the best efforts of many editors and correspondents, and by a greater liberality of outlay in each department than was probably ever before risked on any journal. It has been attained, not by sailing smoothly in the current of Opinion before the wind and basking in the smiles of majorities, but by an earnest, fearless devotion to Truth and Progress as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success. Its thorough advocacy of Temperance and Liquor Prohibition, of Justice to the despised and downtrodden, and of the equal and inalienable Rights of the Human Race, irrespective of Sex or Creed or Colour, have from time to time repelled many sunshine friends, whose prejudices or secuing interests were thereby contravened, but have combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be henceforth a success not to impair.

The leading ideas to which THE TRIBUNE is devoted may be briefly set forth as follows: 1. Freedom, to do whatever is essentially right—not alone for white Americans, or Anglo-Saxons, or Caucasians even—not for one Race to determine whether they will or will not hold another Race in abject bondage—but for every Race and Nation, and every adult rational human being. This Freedom is rightfully absolute in the broad domain of Opinion, and involves the equal and imperative right to Political Franchises: 2. Order, or the necessary right of the legally indicated majority to interdict in the sphere of Action all practices which it deems demoralizing, therefore prejudicial to the common weal: 3. Beneficence, or the wisdom and policy of employing the resources and credit of the community to accomplish works of general and unquestioned utility, to which individual means are inadequate or, which, though eminently conducive to the public good, do not promise to reimburse by their direct income the outlay required for their construction: 4. Industrial Development, as the cornerstone of a true and benignant National Policy, counting the naturalization of a new and valuable art or product of the soil as more important than the acquisition of a fresh province or island and equally within the legitimate sphere of National concern and National effort: 5. Peace, as a vital condition of true Progress, to be cherished by the most anxious, assiduous study to proffer as readily as we are prone to require redress for every wrong, and never to be surrendered except at the call of endangered Liberty. Such are the chief landmarks by which THE TRIBUNE directs its course.

But a small portion of THE TRIBUNE is allotted to what is currently distinguished as light reading: but Reviews of New Books of decided interest, with choice extracts illustrating their quality, are freely given, while the great body of our paper is devoted to a lucid and careful digest of the News of the Day, with Editorial comments thereon. We have reliable Correspondents in each quarter of the globe, and in nearly all the principal cities of Europe and America, and their letters will aid our readers to a clearer understanding of the causes which are now gradually converting the Old World into one gigantic arena for the death-struggle of rival interests, passions and ambitions.

THE TRIBUNE contains reliable reports of the Markets. Our Cattle Market reports alone are worth more than the price of the paper to those who are engaged in raising and selling Cattle.

No paper involving so great expenses as our Weekly and Semi-Weekly could be afforded at the price of these sheets except in connection with a Daily, nor could our Daily be sustained at its price without the aid of our Country editions. Large as our circulation is, it would involve us in ruinous loss but for the receipts for Advertising. We believe that in THE TRIBUNE is realized the largest variety and extent of solid information concerning the events of the day which has been or can be combined with extreme cheapness; and in that faith we command it to the favorable regard of the reading public. We offer no premiums for subscribers, tempt none to take it by gambling prospects of winning farms or mansions in a lottery in which tickets are furnished to its patrons; employ no traveling agents to importune people into taking it, and waste none of our rooms in dunning our subscribers for pay.

Kingston, November 20th, 1854. 273-6i

NOTICE.

THE Executive Committee for the Paris Exibition have deemed it important to disseminate through Europe fuller information than is generally to be found in published Works upon the industrial condition and capabilities of the Province, and have therefore decided upon offering for public competition three prizes of £160, £60 and £40 for the three best essays on Canada and its resources, its Geological Structure, Geographical features, Natural Products, Manufactures, Commerce, Social, Educational, and Political Institutions, and general statistics.

In the treatment of the subject regard is to be had to the facilities for transport both of goods and passengers between the mouth of the St Lawrence and the regions of the West, and to a comparison of these facilities as to cost and distance with those offered by other routes.

Persons desirous of competing for the above prizes must send in their essays either in the French or English languages, to the undersigned on or before the 15th February next. Each essay to have a motto, a duplicate of which must be inscribed on a Sealed Envelope, containing the name of the author, and must accompany the essay.

The copy right of Prize Essays will be considered the property of the Committee.

Practical utility, and comprehensiveness combined with conciseness, will be among the chief considerations on which the awards of the Judges will be based,

J. C. TACHE
Secretary of the Executive Committee.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A Party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk.

Among others, the following Improvements on the system usually adopted are recommended to the attention of the Public.
