The Memorial service passed off on Sunday very successfully. The boys' band of Owen Sound provided excellent music, as well as leading in the hymns sung. Mr. John McQuaker, Owen Sound was again on invitation, acting as efficient chairman; Mr. Pickering, student minister of St. Andrew's Presbyterian church read the scripture; Rev. H. E. Wright of St. Columba United, led in prayer; Miss Macphail, M.P., and Mr. F. Oliver, M.P.P., gave two fine addresses, touching on the point of the danger to democracy if all or any of the other isms should succeed; Lt. Col. F. Fraser Hunter, the guest speaker of the day, referred facetiously to his early days in the town and spoke of his experiences in both earlier and later days, a fine address and attentively listened to. Hymns sung were "O Canada," "O God our help," "O God of love, O King of peace," and "Lead kindly light." Wreaths were placed by Tommy Chase of Dundalk and Hector McDonald, Glenelg, both veterans of the war. Peace and war-time medals, especially those of Col. Hunter, D. S. O., were in evidence. The old veterans, Mr. John Weber and yours truly also displayed their long service medals proudly.

Rev. H. E. Wright was called to Exeter on Thursday last to the funeral of the late Mrs. Wright's grandmother, who passed away at the age of 89 years.

Owing to the backing out of the Durham band at the last minute for our Memorial Service, after a lot of unsuccessful telephoning, recource was had to a trip to Owen Sound to secure the Owen Sound Boys' Band, which eventually proved satisfactory. While there, we in company with Rev. H. E. Wright, who treated us to our first sight of the renowned Harrison Park, which brought to our mind the solo of earlier days, "On the winding path by the brook side, there we gathered sweet flowers, beautiful flowers, while the rippling waters were flowing and the sweet music of birds floats on the air." In this case in the last line, the strident tones of the calliope is connection with the merry-go-round, greeted our ears. It certainly is a bower of beauty, with primeval forest on one side, (tidied up of course), and on the other more modern aboriculture and horticultural work was pleasingly in evidence.
