## THE NEW YORK TRIBUNE.

DAILY.....$6.
SEMI-WEEKLY.....$3. WEEKLY.....$2.
*Always in Advance.*

THE WEEKLY TRIBUNE commences its XIVth annual volume with the month of September—commences it with a circulation (115,000) larger than was ever before accorded to any general newspaper whatever. This circulation has been gradually and laboriously attained by concentrating upon THE TRIBUNE the best efforts of many editors and correspondents, and by a greater liberality of outlay in each department than was probably ever before risked on any journal. It has been attained, not by sailing smoothly in the current of Opinion before the wind and basking in the smiles of majorities, but by an earnest, fearless devotion to Truth and Progress as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success. Its thorough advocacy of Temperance and Liquor Prohibition, of Justice to the despised and down trodden, and of the equal and inalienable Rights of the Human Race, irrespective of Sex or Creed or Colour, have from time to time repelled many sunshine friends, whose prejudices or seeming interests were thereby contravened, but have combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be henceforth a success not to impair.

The leading ideas to which THE TRIBUNE is devoted may be briefly set forth as follows; 1. FREEDOM, to do whatever is essentially right—not alone for white Americans, or Anglo-Saxons, or Caucasians even—but for one Race to determine whether they will or will not hold another Race in abject bondage—but for every Race and Nation, and every adult rational human being. This Freedom is rightfully absolute in the broad domain of Opinion, and involves the equal and imperative right to Political Franchises: 2. ORDER, or the necessary right of the legally indicated majority to interdict in the sphere of Action all practices which it deems demoralizing, therefore prejudicial to the common weal: 3. BENEFICENCE, or the wisdom and policy of employing the resources and credit of the community to accomplish works of general and unquestioned utility, to which individual means are inadequate or which, though eminently conducive to the public good, do not promise to reimburse by their direct income the outlay required for their construction: 4. INDUSTRIAL DEVELOPEMENT, as the cornerstone of a true and benignant National Policy, counting the naturalization of a new and valuable art or product of the soil as more important than the acquisition of a fresh province or island and equally within the legitimate sphere of National concern and National effort; 5. PEACE, as a vital condition of true Progress, to be cherished by the most anxious, assiduous study to prefer as readily as we are prone to require redress for every wrong, and never to be surrendered except at the call of endangered Liberty. Such are the chief landmarks by which THE TRIBUNE directs its course.

But a small portion of THE TRIBUNE is allotted to what is currently distinguished as light reading: but Reviews of New Books of decided interest, with choice extracts illustrating their quality, are freely given, while the great body of our paper is devoted to a lucid and careful digest of the News of the Day, with Editorial comments thereon. We have reliable Correspondents in each quarter of the globe, and in nearly all the principal cities of Europe and America, and their letters will aid our readers to a clearer understanding of the causes which are now gradually converting the Old World into one gigantic arena for the death-struggle of rival interests, passions and ambitions.

THE TRIBUNE contains reliable reports of the Markets. Our Cattle Market reports alone are worth more than the price of the paper to those who are engaged in raising and selling Cattle.

No paper involving so great expenses as our Weekly and Semi-Weekly could be afforded at the price of these sheets except in connection with a Daily, nor could our Daily be sustained at its price without the aid of our Country editions. Large as our circulation is, it would involve us in ruinous loss but for the receipts for Advertising. We believe that in THE TRIBUNE is realized the largest variety and extent of solid information concerning the events of the day which has been or can be combined with extreme cheapness; and in that faith we command it to the favorable regard of the reading public. We offer no premiums for subscribers, tempt none to take it by gambling prospects of winning farms or mansions in a lottery in which tickets are furnished to its patrons, employ no traveling agents to importune people into taking it, and waste none of our rooms in dunning our subscribers for pay.

# CHERRY PECTORAL

For the rapid Cure of

## COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the Public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Men in such stations as many who voluntarily bear witness to the efficacy and value of CHERRY PECTORAL, do not wantonly trifle with, or distort facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs; judge too, whether every family ought not to have it by them as a safeguard against the every where prevailing enemy, which steals with fatal frequency upon almost every flock and carries off the lambs from many a home?

Jackson, C. H., Jackson City, O., 20th Nov., 1852.

DR. J. C. AYER,

Sir—The CHERRY PECTORAL is much inquired after. Several of our best Physicians have used it, three of them in their own cases, and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that anything like a general confidence can be excited.

The unrivalled excellence of this combination of agents, (in the CHERRY PECTORAL,) proved beyond all cavil by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate, at the same time sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself,

Respectfully your obt. servant,
JAS. H. C. MILLER, M. D.

Allegan, Mich., 10th Jan., 1854.

Dear Sir—No one, *no not one*—man, woman, or child—can be found to deny that the CHERRY PECTORAL is all that it claims to be. There is much used in this vicinity although not known until recently. The community should know its virtues.

Yours truly,
JOHN R. KELLOGG, M. D.

*Let gentlemen of the Legal Profession mark this case.*

Williamsburg, L. I. Sept. 3, 1854.

DR. J. C. AYER,

Dear Sir—Over application for the past three years to my duties as an advocate brought on some eight months ago a severe irritation of the bronchial tubes, which was a constant annoyance to me, and fast becoming a source of great apprehension. Every remedy tried failed to even relieve me, till I used your CHERRY PECTORAL. This has not only relieved me, but as I trust, wholly cured me. I care nothing for the reputation of advocating Patent Medicines, and this is at your service. I shall recommend it to members of the bar and others whom I may meet, labouring under similar indispositions.

Yours truly,
R. F. JONES.

South Paris, Me, Aug. 18, 1851.

I have no hesitation in saying, that I regard AYER'S CHERRY PECTORAL as decidedly the best remedy within my knowledge for the cure of chronic bronchitis, coughs, and all diseases of the lungs.

M. A. RUST, M. D.

Montgomery, Ala., October 4, 1749.

DR. J. C. AYER,—Sir: I have used your admirable compound extensively in my practice, and find it to surpass, by far, any other remedy we have for curing diseases upon the lungs.

Your obedient servant,
R. B. JONES, M. D.

What yet remains to convince the most incredulous that the Cherry Pectoral is all that it purports to be, viz: an unequalled remedial agent for all diseases of the Throat and Lungs. The experience of years, has proven it to be such, and we submit it to the people, believing that its virtues will fully maintain its reputation.

*THE FAR FAMED MEDICINE*

## Holloway's Pills.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

*The following Testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland Road, Liverpool.*

SIR,—Your Pills have been the means, under Providence of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

*Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.*

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means, of saving her life.

I remain, Dear Sir, yours truly,
Nov. 23rd, 1853. (Signed) J. GAMIS.

*An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.*

Copy of a Letter from Mr. W. Moon of the Square, Winchester.

To PROFESSOR HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,
(Signed) W. MOON.

*An Extraordinary Cure of Dropsy, after Suffering for Eighteen Months.*

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To PROFESSOR HOLLOWAY,

SIR,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re stablished. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,
(Signed) G. BRIGGS.

REVIEWS.

"Decidedly the best and most useful book of the kind.'—[Pioneer.

"The information conveyed therein is really essential to those who contemplate marriage.'—[Record.

"It contains precisely the information too often studiously kept from the young and thoughtless. However, the knowledge *must* come *some* time, and happy is the person who does not become its possessor too late.—[Politician.

Dr. De Roos is one of the very few legally qualified physicians who through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

Persons at a distance may be successfully treated, by forwarding a correct detail of their case, with a remittance of £1 per Post Office Order payable at the Holborn office or otherwise, when Medicines and advice will be forwarded to any address securely packed from observation.

Dr. DE ROOS' COMPOUND RENAL PILLS, as their name Renal (or the Kidneys) indicates, are a most safe and efficacious remedy for the above dangerous complaints; Discharges of any kind, and Diseases of the Urinary Organs generally, which if neglected, frequently result in stone in the bladder, and a lingering painful death.—They agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and will effect a cure when other medicines have utterly failed. 1s. 4½d., 2s. 9d., 4s. 6d., 11s., and 33s. per box, through all Medicine vendors.

*GERMAN BITTERS,*

DR. C. M. JACKSON,

Their power over the above diseases it not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of the liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are without a certain and pleasant.

READ THE TESTIMONY:

Capt. Daniel Abbott, Brooklin, Maine, July 1858, says: "I was taken sick one year ago, last April, upon my passage from Havana to Charleston S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep, or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters, we think Mr. CLARK to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side, for six or seven years, and about the first of January last, was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sent to your store, and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking one bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure entirely to the German Bitters. WILLIAM CLARK,

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for similar diseases.

**The Silent Friend,**

A Medical Work on the exhaustion and decay of the frame from the effects of indulgence, infection, and the injurious consequences of the abuse of Mercury; with observations on Marriage. Illustrated by 100 illustrated Engravings, by R. and L. Perry & Co., Consulting Surgeons, 19, Berners-street, Oxford-street, London. Published by the authors, and sold by Sherwood & Co., 23 Paternoster-row; Hanny, 63, and Sanger, 150, Oxford-street, Starle 23, Titchborne street, Haymarket; and Gorden, 146, Leadenhall-street, London; Powell, 15, Westmoreland street, Dublin; J. & R. Raimes & Co., Leith Walk, Edinburgh; D. Campbell, 136, Argyle-street, Glasgow; R. H. Ingham, Market-street, Manchester; L. Priestly, Lord-street, and T. Newton, Church-street Liverpool; and the Chronicle Office, Chester.

*Part the First* is dedicated to the consideration of the Anatomy and Physiology of certain organs. It is illustrated by 28 colored engravings.

*Part the Second* treats of the consequences resulting from indulgence, and their lamentable effects on the system, producing mental and bodily weakness, nervous excitement, and generative incapacity. It points out the sure means of perfect restoration to health and manhood. It is illustrated by ten explanatory engravings.

*Part the Third* treats of the disease resulting from infection, either in the primary or secondary form and contains explicit directions for the treatment. The section is illustrated by 62 colored engravings.

*Part the Fourth* contains a remedy for the Prevention of disease by a simple application by which the danger of infection is obviated. This important part of the work should be read by every young man entering into life.

The Authors, as regularly educated Members of the Medical Profession, having had long, diligent, and practical observation in the various Hospitals and Institutions for the relief of those afflicted with Syphilis, Secondary Symptoms, Stricture, Venereal and Scorbutic Eruptions of the Face and Body, have, perhaps, had an unusual opportunity of witnessing their dreadful and destructive consequences in all their various stages. Hence, knowing the practical necessity of sound judgment in such serious cases, and having seen the injury that has arisen from the carelessness and neglect of its study, Messrs R. & L. Perry have devoted their attention exclusively to the peculiar class of maladies and the relief they have consequently been enabled to render to their fellow creatures is fully testified and acknowledged by convalescent Patients and others daily arriving in Town from all parts of the country, for the express purpose of personal consultation

THE CORDIAL BALM OF SYRIACUM

is a renovator of the impaired functions of life. Its influence on the human system is especially directed to the treatment and removal of those affections which are produced by disorders of the degenerative organs, whether constitutional or acquired; and it is especially intended for those cases in which the powers of the frame, by undue and unnatural excitement, have been reduced to an unwonted amount of depression, and the vigor of constitution, together with the social happiness of existence appears to be entirely and irrevocably lost, the mental faculties being at the same time in a state of extraordinary impairment, so that the Springs of life appear to be sapped at the very foundation, and the only prospect left for the unfortunate victim of evil example, is a life time of misery, and a wretched and an early death. Such an one carries with him the form and aspect of other men out without the vigor and energy of that season of life which his early youth gave him every reason to expect he would attain, and many cease to be men, or at least to possess the qualifications of manhood at thirty. Persons so situated are earnestly advised to consult and study the *Silent Friend*, which they will find to be an excellent guide. It should be carefully read before a course of medicine be entered on. For such cases as these the Cordial Balm of Syriacum is peculiarly adapted, the direct object of which is the relief of those who by an inordinate and unnatural indulgence have destroyed their powers of constitution, and of those who while advancing rapidly to that unfortunate condition are troubled with any of the premonitory symptoms which should warn of its approach, such as the various affections of the nervous system, obstinate gleet, excesses, irregularity, obstruction or imperfection of certain evacuations, debility, general or partial, total impotence, barrenness, sterility, &c.

The Cordial Balm of Syriacum is especially recommended to be taken for some time by persons who contemplate entering into the holy bonds of matrimony; lest, in the event of the marriage bed proving fruitful, the innocent offspring should pay the penalty of the parent's previous excesses and exhibit characters of physical debility the result of early misconduct on the part of the parents. Price 11s or four at 11s., in one bottle for 33s., by which 11s. are saved

The Concentrated Defersive Essence an anti syphilitic remedy, for purifying the system from venereal contamination, and is recommended for any of the varied forms of the secondary symptoms, such as eruptions on the skin blotches on the head and face, enlargement of the throat, tonsils and uvula, threatened destruction of the nose palate, &c.; scorbutic humors, glandular swellings and diseases of the skin. Price 11s and 33s, per bottle.

The £5 cases of Syriacum or Concentrated Detersive Essence can only be had at 19, Berners street, Oxford-street, London; whereby there is a saving of £1 12s. and the patient is entitled to receive advice without a fee, which advantage is applicable only to those who remit £5 for a packet.

Perry's Purifying Specific Pills constitute an effectual remedy in cases of gonorrhœa, gleet, stricture, and diseases of the urinary organs. Price 2s. 9d, 4s 6d. and 11s. per box.

## HOLLOWAY'S OINTMENT

*A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.*

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY,

Dear Sir—Mrs. SARAH DIXON of Liquorpond Street, Boston has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and a though the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse. Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir yours truly,

(Signed) J. NOBLE.

*An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.*

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,
(Signed) ELIZABETH YEATES.

*A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.*

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

*urprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.*

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

To PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedly improved the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,
(Signed) T. FORSTER KER.
