*Another of the Good Ladies of our City Testifies to the Efficacy of*

**Dr. M'Lane's Celebrated Vermifuge.**

New York February 7, 1852.

☞ I do hereby certify to the public, that a child of mine four years old, being troubled with worms, I was induced to purchase a bottle of Dr. M'Lane's Celebrated Vermifuge, which I administered; and the result was, it brought away an immense number of worms in bunches and strings; it may had the appearance of being cut to pieces. My child is now enjoying most excellent health. I take pleasure in recommending it to both young and old, as one of the best medicines I ever used. Mrs. Ann Jemison, 30 Ninth street.

P. S. The above valuable remedy, also Dr. M'Lane's Celebrated Liver Pills, can now be had at all respectable Drug Stores in this city.

☞ Purchasers will please be careful to ask for, and take none but Dr. M'Lane's Vermifuge. All others, in comparison, are worthless.

E. W. PALMER,
282 Agent, Kingston, C. W.

In this mammon-worshiping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the City of Spindles, we were presented by a professional friend, to the celebrated Chemist, Dr. A. Ayer, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedented popularity of his medicines, and the immense sale of them, we had expected to find, him a millionare, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his best personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his preparations so expensively, that the nett profit is small.—[American Farmer, Phil.

Joy for the Invalid.—We cut the following from the "Philadelphia Saturday Gazette," and recommend our readers to peruse it carefully, and those suffering should not delay purchasing:—

"Dr. Hoofland's German Bitters.—This celebrated Medicine prepared by Dr. C. M. Jackson, at the imposing German Medicine Store, No. 120 Arch Street, is exciting unprecedented public attraction, and the proprietor, who is a scientific physician, is selling immense quantities of it. The virtues of this remedy are so fully set forth in the extended notice of it, to be seen in our advertising columns, that there is hardly any room left for us to speak of it. This much we may add—Of the long train of physical ills to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which never fails to accompany a disordered state of the liver. Headache, piles, languor, fretfulness, a bilious tongue, a morbid breath, loss of appetite—in short, an indescribable wretchedness of existence, are its insufferable and life-wasting attendants. These diseases, which have baffled the skill of the ablest Doctors, have been radically cured by Hoofland's German Bitters." See advertisement.

Scald or Sore Heads, and other Eruptions.—A most remarkable Cure by Holloway's Ointment and Pills.—Mr. Jackson, of Milk street, Boston, has two children, aged three and five years, both of whom were afflicted from their birth with the most inveterate scald heads which greatly interfered with their general health. The mother tried every remedy likely to benefit them, to no purpose. But a friend recommended Holloway's Pills and Ointments which completely cured them in seven weeks. The mother has written most gratefully to Professor Holloway for the cure effected.

*TO THE ELECTORS OF ST. LAWRENCE WARD.*

GENTLEMEN:—Thanking you very much for the confidence you bestowed upon me in Electing me one of the Aldermen for your Ward, I beg to inform you that I will not be a Candidate for Municipal honors at the next Elections, because I feel that the demands upon my time are so many, that I could not give that attention to your interest which I would wish to do were I again to represent you.

When I addressed you in December last, I asked your assistance to enable me to carry out projects which I had brought before the public for the construction of Macadamized Roads leading from the city into the interior; and I have now the pleasure of informing you that the support you then gave me has not been unavailing, for so promising have those projects proved in themselves, and so encouraging to others, that, while on the 1st of December, 1854, there were only 41 miles of Macadamized Roads leading into Kingston, there are now in the course of construction and to be completed within two years, 122 additional miles, the first Toll Gates on which are now advertised for lease.

I sincerely believe that this City will derive material advantage from the construction of those roads; and I need hardly assure you, that no effort of mine will be wanting to bring them into successful operation.

I am, Gentlemen,
Your obedient Serv't,
ARCH. JOHN MACDONELL.

IN reference to the above the subscriber begs to intimate, that the business will be carried on as heretofore by him at 28 Bay Street, Toronto, and 158, New Bond Street, London, England, at each of which establishments the choicest Stock of materials for Gentlemen's Clothing will always be kept, and every attention paid to all commands.

JOSEPH STOVEL,
28, Bay Street, Toronto.

Toronto, November 30, 1854.

Office for Military Boards,
20th December, 1842.

Sir,—The Committee of the Consolidated Board of General Officers having had before them the two enclosed letters from Mr. Joseph Stovel, (with Memorandums from the Duke of Wellington and the Deputy-Adjutant General attached thereto,) together with a pair of Trousers submitted by Mr. Stovel to exemplify the improvements which he proposes in the cut and make of that garment for the service of the Cavalry, have deemed it expedient to obtain his personal attendance, and also to see some Dragoons fitted with overalls made after this pattern; and they are, therefore, now in a position to form a decided opinion upon its merits.

The advantages of the proposed pattern over that at present established are, that it fits the body neater and better in any position; that while sitting closer at the fork, it affords a greater freedom of stride; and that the leg seam is so placed as to be less exposed to friction by the saddle or by the stirrup-leather. It is found, moreover, on reference to some of the principal Army Clothiers, who admit the proposed pattern to be an improvement, that these advantages can be obtained without entailing an additional expense upon the Colonel. The Board are, therefore, enabled to submit, for the consideration of His Grace the Commander-in Chief, their entire approval of the proposed pattern, for which, in their opinion, Mr Stovel deserves much credit; & they have caused a pair of overalls to be prepared, of the proper quality, and of a size calculated to fit a man of 5 feet 10 inches in height, (the usual standard of sealed patterns,) which they beg to recommend to His Grace to be sealed as the established pattern, in place of that now deposited in this Office

I have the honor, to be, &c.,
(Signed,) Js. Chs. Dalblac,
Lieutenant-General.

JOSEPH STOVEL.

*BRITISH PERIODICALS.*

EARLY COPIES SECURED.

LEONARD SCOTT & CO., New York, continue to re-publish the following British Periodicals, viz.:

1. The London Quarterly (Conservative)
2. The Edinburgh Review (Whig).
3. The North British Review (Free Church)
4. The Westminster Review (Liberal).
5. Blackwood's Edinburgh Magazine (Tory).

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news-items, crude speculations, and flying rumors of the Daily Journal, and the ponderous Tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

☞ Arrangements are now permanently made for the receipt of Early Sheets from the British Publishers, by which we are enabled to place ALL OUR REPRINTS in the hands of subscribers, about as soon as they can be furnished with the foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz.:—

| For any one of the four Reviews | $3 00 |
| For any two of the four Reviews | 5 00 |

| For Blackwood's Magazine | 3 00 |
| For Blackwood and three Reviews | 9 00 |
| For Blackwood and the four Reviews | 10 00 |

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the Public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Men in such stations as many who voluntarily bear witness to the efficacy and value of Cherry Pectoral, do not wantonly trifle with, or distort facts, nor overrate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs; judge too, whether every family ought not to have it by them as a safeguard against the everywhere prevailing enemy, which steals with fatal frequency upon almost every flock and carries off the lamb from many a home?

Jackson, C. H., Jackson City, O., 22d Nov., 1852.

Dr. J. C. Ayer,

Sir—The Cherry Pectoral is much inquired after. Several of our best Physicians have used it, three of them in their own cases, and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that anything like a general confidence can be excited.

The unrivalled excellence of this combination of agents, (in the Cherry Pectoral,) proved beyond all cavil by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate at the same time sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself.

Respectfully your obt. servant,
JAS. H. G. MILLER, M. D.

Allegan, Mich., 10th Jan., 1854.

Dear Sir—No one, *no not one*—man, woman, or child—can be found to deny that the Cherry Pectoral is all that it claims to be. There is much used in this vicinity although not known until recently. The community should know its virtues. Yours truly,

JOHN R. KELLOGG, M. D.

*Let gentlemen of the Legal Profession mark this case.*

Williamsburg, L. I. Sept. 2, 1854.

Dr. J. C. Ayer,

Dear Sir—Over application for the past three years to my duties as an advocate brought on some eight months ago a severe irritation of the bronchial tubes, which was a constant annoyance to me, and fast becoming a source of great apprehension. Every remedy tried failed to even relieve me, till I used your Cherry Pectoral. This has not only relieved me, but as I trust, wholly cured me. I care nothing for the reputation of advertising Patent Medicines, and this is at your service. I shall recommend it to members of the bar and others whom I may meet, labouring under similar indispositions.

Yours truly,
R. F. JONES.

South Paris, Me; Aug. 18, 1851.

I have no hesitation in saying, that I regard Ayer's Cherry Pectoral as decidedly the best remedy within my knowledge for the cure of chronic bronchitis, coughs, and all diseases of the lungs.

M. A. BUST, M. D.

Montgomery, Ala., October 4, 1749.

Dr. J. C. Ayer,—Sir: I have used your admirable compound extensively in my practice, and find it to surpass, by far, any other remedy we have for curing diseases upon the lungs.

Your obedient servant,
R. B. JONES, M. D.

What yet remains to convince the most incredulous that the Cherry Pectoral is all that it purports to be, viz.: an unequalled remedial agent for all diseases of the Throat and Lungs. The experience of years, has proven it to be such, and we submit it to the people, believing that its virtues will fully maintain its reputation.
