SCALD OR SORE HEADS, AND OTHER ERUPTIONS.—A most remarkable Cure by Holloway's Ointment and Pills.—Mr. Jackson, of Milk-street, Boston, has two children, aged three and five years, both of whom were afflicted from their birth with the most inveterate scald heads which greatly interfered with their general health. The mother tried every remedy likely to benefit them, to no purpose. But a friend recommended Holloway's Pills and Ointments which completely cured them in seven weeks. The mother has written most gratefully to Professor Holloway for the cure effected.

JOY FOR THE INVALID.—We cut the following from the "Philadelphia Saturday Gazette," and recommend our readers to peruse it carefully, and those suffering should not delay purchasing:—

"DR. HOOFLAND'S GERMAN BITTERS.—This celebrated Medicine prepared by DR. C. M. JACKSON, at the imposing German Medicine Store, No. 120 Arch Street, is exciting unprecedented public attraction, and the proprietor, who is a scientific physician, is selling immense quantities of it. The virtues of this remedy are so fully set forth in the extended notice of it, to be seen in our advertising columns, that there is hardly any room left for us to speak of it. This much we may add—Of the long train of physical ills to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which never fails to accompany a disordered state of the liver. Headache, piles, languor, fretfulness, a bilious tongue, a morbid breath, loss of appetite—in short, an indescribable wretchedness of existence, are its insufferable and life-wasting attendants. These diseases, which have baffled the skill of the ablest Doctors, have been radically cured by "HOOFLAND'S GERMAN BITTERS." See advertisement.

In this mammon-worshiping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the 'City of Spindles,' we were presented by a professional friend, to the celebrated Chemist, Dr. A. Ayer, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedented popularity of his medicines, and the immense sale of them, we had expected to find, him a millionare, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his best personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his preparations so expensively, that the nett profit is small.—[American Farmer, Phil.

Another of the Good Ladies of our City Testifies to the Efficacy of

Dr. M'Lane's Celebrated Vermifuge.

New York February 7, 1852.

☞ I do hereby certify to the public, that a child of mine four years old, being troubled with worms, I was induced to purchase a bottle of MR. M'LANE'S CELEBRATED VERMIFUGE, which I administered; and the result was, it brought away AN IMMENSE NUMBER OF WORMS in bunches and strings; it any had the appearance of being cut to pieces. My child is now enjoying most excellent health. I take pleasure in recommending it to both young and old, as one of the best medicines I ever used. MRS. ANN JEMISON, 38 Ninth street.

P. S. The above valuable remedy, also Dr. M'Lane's Celebrated Liver Pills, can now be had at all respectable Drug Stores in this city.

☞ Purchasers will please be careful to ask for, and take none but DR. M'LANE'S VERMIFUGE. All others, in comparison, are worthless.

TO THE ELECTORS OF ST. LAWRENCE WARD.

GENTLEMEN:—Thanking you very much for the confidence you bestowed upon me in Electing me one of the Aldermen for your Ward, I beg to inform you that I will not be a Candidate for Municipal honors at the next Elections, because I feel that the demands upon my time are so many, that I could not give that attention to your interest which I would wish to do were I again to represent you.

When I addressed you in December last, I asked your assistance to enable me to carry out projects which I had brought before the public for the construction of Macadamized Roads leading from the city into the interior; and I have now the pleasure of informing you that the support you then gave me has not been unavailing, for so promising have those projects proved in themselves, and so encouraging to others, that, while on the 1st of December, 1854, there were only 41 miles of Macadamized Roads leading into Kingston, there are now in the course of construction and to be completed within two years, 122 additional miles, the first Toll Gates on which are now advertised for lease.

I sincerely believe that this City will derive material advantage from the construction of those roads; and I need hardly assure you, that no effort of mine will be wanting to bring them into successful operation.

I am, Gentlemen,
Your obedient Serv't,
ARCH. JOHN MACDONELL.

THE NEW YORK TRIBUNE.

DAILY.....$6.
I-WEEKLY.....$3. WEEKLY.....$2.

Always in Advance.

THE WEEKLY TRIBUNE commences its XIVth annual volume with the month of September—commences it with a circulation (115,000) larger than was ever before accorded to any general newspaper whatever. This circulation has been gradually and laboriously attained by concentrating upon THE TRIBUNE the best efforts of many editors and correspondents, and by a greater liberality of outlay in each department than was probably ever before risked on any journal. It has been attained, not by sailing smoothly in the current of Opinion before the wind and basking in the smiles of majorities, but by an earnest, fearless devotion to Truth and Progress as above all partisan exigencies, all temporary interests, all momentary illusions of popularity and success. Its thorough advocacy of Temperance and Liquor Prohibition, of Justice to the despised and down trodden, and of the equal and inalienable Rights of the Human Race, irrespective of Sex or Creed or Colour, have from time to time repelled many sunshine friends, whose prejudices or seeming interests were thereby contravened, but have combined to form a character which it will endeavor to maintain, and assign it a position among journals which we feel that it will be henceforth a success not to impair.

The leading ideas to which THE TRIBUNE is devoted may be briefly set forth as follows: 1. FREEDOM, to do whatever is essentially right—not alone for white Americans, or Anglo-Saxons, or Caucasians even—not for one Race to determine whether they will or will not hold another Race in abject bondage—but for every Race and Nation, and every adult rational human being. This Freedom is rightfully absolute in the broad domain of Opinion, and involves the equal and imperative right to Political Franchises: 2. ORDER, or the necessary right of the legally indicated majority to interdict in the sphere of Action all practices which it deems demoralizing, therefore prejudicial to the common weal: 3. BENEFICENCE, or the wisdom and policy of employing the resources and credit of the community to accomplish works of general and unquestioned utility, to which individual means are inadequate or which, though eminently conducive to the public good, do not promise to reimburse by their direct income the outlay required for their construction: 4. INDUSTRIAL DEVELOPMENT, as the cornerstone of a true and benignant National Policy, counting the naturalization of a new and valuable art or product of the soil as more important than the acquisition of a fresh province or island and equally within the legitimate sphere of National concern and National effort: 5. PEACE as a vital condition of true Progress, to be cherished by the most anxious, assiduous study to proffer as readily as we are prone to require redress for every wrong, and never to lose sur rendered except at the call of endangered Liberty. Such are the chief landmarks by which THE TRIBUNE directs its course.

But a small portion of THE TRIBUNE is allotted to what is currently distinguished as light reading: but Reviews of New Books of decided interest, with choice extracts illustrating their quality, are freely given, while the great body of our paper is devoted to a lucid and careful digest of the News of the Day, with Editorial comments thereon. We have reliable Correspondents in each quarter of the globe, and in nearly all the principal cities of Europe and America, and their letters will aid our readers to a clearer understanding of the causes which are now gradually converting the Old World into one gigantic arena for the death-struggle of rival interests, passions and ambitions.

THE TRIBUNE contains reliable reports of the Markets. Our Cattle Market reports alone are worth more than the price of the paper to those who are engaged in raising and selling Cattle.

No paper involving so great expenses as our Weekly and Semi-Weekly could be afforded at the price of these sheets except in connection with a Daily, nor could our Daily be sustained at its price without the aid of our Country editions. Large as our circulation is, it would involve us in ruinous loss but for the receipts for Advertising. We believe that in THE TRIBUNE is realized the largest variety and extent of solid information concerning the events of the day which has been or can be combined with extreme cheapness; and in that faith we command it to the favorable regard of the reading public. We offer no premiums for subscribers, tempt none to take it by gambling prospects of winning farms or mansions in a lottery in which tickets are furnished to its patrons, employ no traveling agents to importune people into taking it, and waste none of our rooms in dunning our subscribers for pay.

OFFICE FOR MILITARY BOARDS,
20th December, 1842.

SIR,—The Committee of the Consolidated Board of General Officers having had before them the two enclosed letters from Mr. JOSEPH STOVEL, (with Memorandums from the Duke of Wellington and the Deputy-Adjutant General attached thereto,) together with a pair of Trousers submitted by Mr. Stovel to exemplify the improvements which he proposes in the cut and make of that garment for the service of the Cavalry, have deemed it expedient to obtain his personal attendance, and also to see some Dragoons fitted with overalls made after this pattern, and they are, therefore, now in a position to form a decided opinion upon its merits.

The advantages of the proposed pattern over that at present established are, that it fits the body neater and better in any position; that while sitting closer at the fork, it affords a greater freedom of stride; and that the leg seam is so placed as to be less exposed to friction by the saddle, or by the stirrup-leather. It is found, moreover, on reference to some of the principal Army Clothiers, who admit the proposed pattern to be an improvement, that these advantages can be obtained without entailing an additional expense upon the Colonel. The Board are, therefore, enabled to submit, for the consideration of His Grace the Commander-in-Chief, their entire approval of the proposed pattern, for which, in their opinion, Mr Stovel deserves much credit; & they have caused a pair of overalls to be prepared, of the proper quality, and of a size calculated to fit a man of 5 feet 10 inches in height, (the usual standard of sealed patterns,) which they beg to recommend to His Grace to be sealed as the established pattern, in place of that now deposited in this Office.

I have the honor, to be, &c.,
(Signed,) JS. CHS. DALBIAC.
Lieutenant-General.

JOSEPH STOVEL.
