VICTORIA CORNERS

On Thursday evening a number of the neighbors of Mr. and Mrs. Ernie Stinson met at their home to welcome Mrs. Stinson to our neighborhood and to wish them all kinds of happiness and success. During the evening the following address was read by Mrs. Maud Acheson and presentation made by Mrs. Charlie Best and Mrs. George Ludlow:

Dear Ernie and Helen:

We, you neighbors, take much pleasure in gathering at your home this evening for the purpose of spending a social evening with you and offering you our congratulations on your recent marriage. We have all learned to admire your estimable qualities, Helen, during the past four years when you patiently guided and taught our little band of children at our childhood school, old No. 4, we are pleased that you have chosen to make your home in our midst and we extend to you the hand of welcome and friendship.

You Ernie, who have grown to manhood amongst us, have always proved a good neighbor in every way and we feel sure that the same friendly co-operation shown by you and your wife with us all in the past will continue through the coming years.

As a token of our good will we ask you to accept these blankets and this roasting pan and we all join in extending to you both our best wishes for long years of happy and prosperous wedded life.

Signed on behalf of the community
George Ludlow

Rev. H. E. Wright gave a fine synopsis on Sunday of the life and work of St. Columba, whom our church is named after. The date of his birth was 521. In the sixth century in Donegal, Ireland, he was detained at Tours on his way to Jerusalem. He had the reputation of being a great financier. Iona and Islay, Scotland, were the scene of his early work, reaching out to Northernland, England, France, Switzerland and Italy, He died at the age of 76 and was associated with the Waldenses for some time, who have the reputation of being largely responsible for the preservation of the Christian religion. The whole continent of Europe was benefitted thereby.
