WORKED TOO WELL

(T.R.H., in Toronto Telegram)

A farmer up in Brant found a new use for the Hydro which he recently installed.

He had seen "electric fences" advertised, so he ran a wire around the top of the fences of one field and connected it up with the Hydro system.

Shortly after a valuable horse put its head over the fence and he found out how his scheme worked.

It was a hundred percent. successful in keeping livestock from breaking out of the field.

While the farmer skinned what was left of his horse, he tried to remember how lucky it was that he had not leaned against that fence or some of the kids had not climbed over it before the horse became inquisitive.

WHAT'S IN A NAME?

Ruth was a sweet girl. She was reading a book that gave the meaning of names. Her mother was watching her, and thinking of all the young men who were attracted to her.

"Mother," said Ruth, "it says Phillip means lover of horses, and James means beloved. Mother what does George mean, I wonder?"

"I hope, my dear,' said her mother, "that George means business."

Coronation Medal Given Local Citizen

Mr. Wm. Turney of town has been the only person here to receive the King's Coronation medal. and congratulations are extended to him on the distinction he has received. It was presented to him through his work with the Grey & Simcoe Foresters, and particularly as Company commander of "A" Company. Seven other members of the Regiment also received the medals.

On Champion Team

New Westminster Salmon Bellies, representatives from British Columbia, won the senior lacrosse championship in three straight games last week, from the Orillia Terriers, holders of the cup for the past three years. Chief of the scorers for the western team was Bill Wilson, son of Mr. and Mrs. Ben Wilson of St. Catharines, and well known in Flesherton. Bill scored 15 of the goals and had assists for as many more. He has also signed a contract to appear in films and will report at Hollywood shortly.

OVERLOADING CHARGED WHEN SCALES' CAPACITY OVERTAXED

Trevor Thompson of Markdale came into town the other day with a load of logs which was said to have resembled a barn, so high were they piled on the big truck, and, when he came under the eagle eye of Chief Meyer, the latter asked him to drive down to the town scales to see how heavy a load he was carrying.

The truck license permitted a load of nine tons, but when the vehicle was put on the scales it is said to have shot the indicator up to its maximum of ten tons, so it is not known just how heavy a load he was carrying. However, the weight is allegedly more than he was entitled to carry, and he will be given a chance to explain the matter to the court.—Hanover Post.

FLATTERER

He: "I prefer the English to the American mode of spelling."

She: "Indeed!"

He: Yes. Take parlour for instance. Having 'U' in it makes all the difference in the world.

"Well, my man," said the doctor, "what's your trouble?"

"I have a loud buzzing sound like the noise of many voices in my ears," replied the patient.

"When did you first notice this?"

"The week after getting married."
