COMPETITION TO MONOPOLY.

Music at Greatly Reduced Rates

NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copyright music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence, that he has public countenance and support, in his opposition to the Great Monopoly, and in his efforts to aid native talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons and Musical Instruments of all kinds. Superior toned 6½ octave pianos for $175, $200 and $225, in interior of a good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories; among them the celebrated modern improved Horace Waters' Pianos and the first premium Æolian Pianos of T. Gilbert & Co's make, (owners of the Æolian patent). Second-hand pianos at great bargains. Price from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's melodeons, (tuned the equal temperament,) the best make the United States. Prices from $45 to 150. Smith's double bank, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c.; 12½ per cent. discount to clergymen and churches. All orders promptly attended to. Music sent to all parts of the country, post paid, at the reduced rates. General and select catalogues and schedule of prices of Pianos forwarded to any address free of charge.

Testimonial of the Horace Waters' Pianos.

New York, December 12th, 1854.

HORACE WATERS, Esq., 333 BROADWAY:

Dear Sir—Having examined your Piano Fortes from scientific and appropriate tests, I am enabled to form a satisfactory judgment of their merits, and it is with pleasure that I can speak of them as among the most celebrated and improved makes of the day.

For power, brilliancy and richness of tone, elasticity of touch, and beauty of finish, they will not suffer in comparison with those of any other manufacturer, and those desirous of obtaining a really good Piano Forte—one that will prove an equivalent for their means, will find such in your beautiful instruments.

THOMAS BAKER,

R. A. M. Leader of Jullien's Band and arranger of Jullien's popular Repertoire of dance music; formerly manager of the publishing department of the great music house of Jullien & Chappell, London, and now Musical Director & Conductor at Niblo's Garden.

For power, brilliancy and richness of tone, elasticity of touch, elegance and durability of make, they are in advance of any other pianos in the United States, being the result of long experience and a series of experiments.—N. Y. DITTY.

The treble is clear, pure, beautiful, and very melodious, the bass is deep, rolling, and sonorous; the middle part is rich and sympathetic, and possesses the power of singing, i. e. of uniting the sound of each tone, in a degree but rarely achieved.—HENRY C. WATSON.

Your instruments are a sensible improvement upon American pianos, and an honor to the skillful manufacturer. There is no doubt but they will be appreciated by the public, and all admirers of true merit.—OSCAR COMETTANT.

For power tone, depth of bass, and brilliancy of treble, together with accuracy of touch, they are equal to any make I am acquainted with, and I cordially recommend them to those wishing to purchase.—V. C. TAYLOR.

They are fully equal to any of the kind I have seen in the United States, and far superior to those of a similar make I saw in England.—GEO. W. MORGAN.

I take great pleasure in pronouncing them instruments of a superior quality, both in tone and touch.—AUGUST GOCKEL.

Our friends will find at Mr. Waters' store the very best assortment of music and of pianos to be found in the United States, and we urge our southern and western friends to give him a call when they go to New York.—GRAHAM'S MAGAZINE.

We consider them worthy of special attention, from the resonant and exceedingly musical tone which Mr. Waters has succeeded in obtaining.—N. Y. MUSICAL WORLD & TIMES.

Horace Waters' Piano Fortes are of full, rich, and even tone, and powerful.—N. Y. MUSICAL REVIEW.

In the production of Pianos it is probable that Mr. Waters has eclipsed all competitors. The recent improved Pianos which he has presented to the public, have become universally admired for their delicate tone, as well as their superior finish and elegance, and have in every respect, received the universal commendation of musicians and amateurs.—TRIBUNE & MESSENGER, N. Y.

Your new Square Pianos, sir, are of such a clearness and equality of tone throughout, that they very successfully compete with the voluminous and expressive Grand Piano.—VANDERWEYDE.

The Editor of the SAVANNAH REPUBLICAN, Savannah, Ga., speaking of the Piano Fortes kept by Messrs. J. W. Morrell & Co. of that city, says:

"It will be seen that their stock comprises instruments of every grade of excellence, from the well known manufacturing establishments of Chickering & Son, Horace Waters, H. Worchester, Nunns & Clark, and Bacon & Raven. It might well be supposed, that in so large a collection there would be some very fine instruments. But there is one which, for beauty of finish and richness and brilliancy of tone, equals, if it does not excel, anything of the kind we have ever seen. It is from the establishment of Horace Waters. Being constructed of the best and most thoroughly seasoned material, and upon improved principles, it is capable of resisting the action of every climate, and of standing a long time in tune. The keys are of pearl and the recess for the finger-board is inlaid with mosaic, while the legs are most elaborately carved, and the whole instrument finished up in a style of great excellence and beauty. And yet its chief merit lies in the power, brilliancy, and richness of its tone, and the elasticity of its touch.

Holloway's Pills.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland Road, Liverpool.

SIR,—Your Pills have been the means, under Providence of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,

(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,

Nov. 23rd, 1853. (Signed) J. GAMIS.

An Astonishing Cure of Chronic Rheumatism, after being discharged from the Hospital Incurable.

Copy of a Letter from Mr. W. Moon of the Square, Winchester.

TO PROFESSOR HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and I was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go to the County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

TO PROFESSOR HOLLOWAY,

SIR,—I have much pleasure of informing you of a most surprising cure of Dropsy, recently effected by you valuable medicines. Captain Jackson of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that his used his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re stablished. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,

(Signed) G. BRIGGS.

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the Public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves.

Men in such stations as many who voluntarily bear witness to the efficacy and value of CHERRY PECTORAL, do not wantonly trifle with, or distort facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs; judge too, whether every family ought not to have it by them as a safeguard against the everywhere prevailing enemy, which steals with fatal frequency upon almost every flock and carries off the lamb from many a home?

Jackson, C. H., Jackson City, O., 20th Nov., 1852.

DR. J. C. AYER,

Sir—The CHERRY PECTORAL is much inquired after. Several of our best Physicians have used it, three of them in their own cases, and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that anything like a genral confidence can be excited.

The unrivalled excellence of this combination of agents, (in the CHERRY PECTORAL,) proved beyond all cavil by repeated trial under their own observation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate at the same time sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself.

Respectfully your obt. servant,

JAS. H. C. MILLER, M. D.

Allegan, Mich., 10th Jan., 1854.

Dear Sir—No one, *no not one*—man, woman or child—can be found to deny that the CHERRY PECTORAL is all that it claims to be. There is much used in this vicinity although not known until recently. The community should know its virtues. Yours truly,

JOHN R. KELLOGG, M. D.

Let gentlemen of the Legal Profession mark this case.

Williamsburg, L. I. Sept 3, 1854.

DR. J. C. AYER,

Dear Sir—Over application for the past three years to my duties as an advocate brought on some eight months ago a severe irritation of the bronchial tubes, which was a constant annoyance to me, and fast becoming a source of great apprehension. Every remedy tried failed to even relieve me, till I used your CHERRY PECTORAL. This has not only relieved me, but as I trust, wholly cured me. I care nothing for the reputation of advocating Patent Medicines, and this is at your service. I shall recommend it to members of the bar and others whom I may meet, labouring under similar indispositions.

Yours truly,

R. F. JONES.

South Paris, Me., Aug. 18, 1850.

I have no hesitation in saying, that I regard AYER'S CHERRY PECTORAL as decidedly the best remedy within my knowledge for the cure of chronic bronchitis, coughs, and all diseases of the lungs.

M. A. RUST, M. D.

Montgomery, Ala., October 4, 1749.

DR. J. C. AYER,—Sir: I have used your admirable compound extensively in my practice, and find it to surpass, by far, any other remedy we have for curing diseases upon the lungs.

Your obedient servant,

R. B. JONES, M. D.

What yet remains to convince the most incredulous that the Cherry Pectoral is all that it purports to be, viz: an unequalled remedial agent for all diseases of the Throat and Lungs. The experience of years, has proven it to be such, and we submit it to the people, believing that its virtues will fully maintain its reputation.

Dr. De Roos is one of the very few legally qualified physicians who through the medium of the public press have ventured to introduce appropriate remedies for the diseases treated upon in the above work, the peculiarities of which from long practical experience in the most celebrated institutions of this country and the continent, he has had perhaps unusual opportunities of observing. The necessity for sound practical judgment in such serious cases must be obvious, hence the inference that the greatest amount of benefit may be most reasonably expected at the hands of those members of the medical profession who have made these complaints their particular study, and to those only who possess the requisite qualifications can confidence be safely extended.

Persons at a distance may be successfully treated, by forwarding a correct detail of their case, with a remittance of £1 per Post Office Order payable at the Holborn office or otherwise, when Medicines and advice will be forwarded to any address securely packed from observation.

TO THE CITIZENS OF KINGSTON

IMPORTANT NOTICE.

E. W. PALMER would respectfully inform the Public that he has secured the agency of Professor James McClintock's family Medicines, of which he has just received a full supply and which he is prepared to furnish wholesale and retail at the Proprietor's prices. Professor McClintock's fame as an eminent Physician needs no comment here. His medicines are the prescriptions adopted in his private practice and as such are invaluable in all cases where it is inconvenient to call in a physician.

Their sale has been unprecedented in the United States, where they have effected thousands of cures and no case of failure is yet recorded. At this season we would call especial attention to one of the most remarkable of the remedies, namely:—

Dr. McClintock's Pectoral Syrup

the best and safest Medicine ever used for

BRONCHITIS, CONSUMPTION,

And all Diseases of the Lungs and Air Passages. For any of these forms of disease, showing themselves in

COUGH, TICKLING OF THE THROAT, SENSE OF TIGHTNESS

It purifies the blood of all scrofulous taint; it heals ulceration; it destroys tubercles in the lungs; it regulates the bowels, checks night sweats and strengthens the stomach; it stimulates the vital powers, and gives vigor to the whole system; it quiets nervous excitement, relieves pain in the chest, soothes the cough, promotes expectoration, and at the same time affords a delicate nourishment. A most important article at this changeable season is a so

Dr. McClintock's Cold and Cough Mixture.

Colds and recent Coughs, especially if accompanied by fever or inflammatory excitement, require a remedy different in character from the Pectoral Syrup, which is so valuable in chronic complaints. The

Cold and Cough Mixture.

Is precisely the cure for recent Coughs and irritation of the Throat and Lungs. It is

ESPECIALLY VALUABLE FOR CHILDREN

As a preventive of Croup. No family in our climate should be without this efficient remedy, which, if taken on the first symptoms of cold, would prevent many an attack of Bronchitis, and a

☞ No Opium in any form contained in this Mixture.

Dr. McClintock's Remedies for Rheumatism, Neuralgia, &c.

For external use we have never known so powerful and penetrating an application as Dr. McClintock's Rheumatic Liniment. For swelled limbs, bruises, internal pains, cramps, chilblains, stiff joints, toothache, and other painful complaints, where we have seen it tried, it acts with magical effect. These remedies are sold at two shillings and sixpence per bottle.

Mr. McClintock's Dyspeptic Elixir.

Headache, Dizziness, Heartburn, Palpitation, and all the disagreeable symptoms arising from imprudence in diet, or from indigestion, may be promptly cured by Dr. McClintock's Dyspeptic Elixir, the result of thirty years experience in medical practice. Dr. McClintock's Tonic Alternative Syrup.

This remedy is not only delightful to the taste, but perfectly safe and rapid in its effects. It stimulates the liver and other glands to natural action, gives tone and new vigor to all the functions, and enables them to throw off all morbid and unhealthy accumulations.

During the extensive practice of Professor McClintock, one of the most celebrated Physicians in Philadelphia, thousands of cases of Scrofula, Erysipelas, Scurvy, Salt Rheum, Tetter, Skin Diseases, of all kinds, Ulcers, Cancers, Pimples, Boils, and Rheumatism, together with Syphilitic and Mercurial diseases in all stages, were cured by the free use of Dr. McClintock's Tonic Alternative Syrup. HOLLOWAY'S OINTMENT

A most Astonishing Cure of Scrofulous Ulcers,—A case certified by the Mayor of Boston.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

TO PROFESSOR HOLLOWAY,

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse. Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, yours truly.

(Signed) J. NOBLE.

An Extraordinary and Rapid Cure of Erysipelas in the Leg, after Medical Aid had Failed.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

TO PROFESSOR HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am Sir, your obliged and faithful Serv't,

(Signed) ELIZABETH YEATES.

A Dreadful Diseased Ancle Cured after being given up by the Faculty, at Malta, and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King st., Norwich:

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate for four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse, that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Surprising Cure of a Bad Breast, Nervous Debility, and general Ill Health.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated Feb. 12th 1853.

TO PROFESSOR HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt street, in this Town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was pursuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

(Signed) T. FORSTER KER.
