(Right close to his heart)
There are letters of mine
With which he won't part.
And that is the thing
Which annoys me the most;

Mrs. F. Marshall, W. M. of Grey Chapter No. 170, O.E.S., Flesherton, and Mrs. W. A. Armstrong, Past Matron, attended the visit of Mrs. Zetta Keith, Grand Worthy Matron of the Order of the Eastern Star, to the Owen Sound Chapter on Wednesday evening of last week.

During the past week a great change has taken place from the wintry past of ice and snow to the glorious balmy weather of spring. The robins have returned to their summer homes in great numbers and their cheery songs in the morning make one realize that spring has at last arrived. While spring officially arrived on Monday, we knew that it was just around the corner by the strength of the sun and the disappearance of the ice and snow. How good it is to have warm weather again. There is an old saying that the prevailing wind for the next six weeks will be that one which is blowing when the sun passes over the equator. Monday's wind was from the south; will we have fine weather for the next few weeks? Time will tell.

WOMEN IN BEVERAGE ROOMS

(Mount Forest Confederate)

The announcement that the Toronto Liberal Women's Association has passed a resolution supporting Premier Hepburn in a move to exclude women from beverage rooms, and has also asked the government to take steps in this direction, will be hailed with satisfaction not only by temperance workers but by every intelligent citizen capable of realizing that the presence of women in such an environment is an offense to decency and public morals, says the Oshawa Times.

We heartily fall in with that opinion, and would also still more heartily fall in with a move to exclude men from beverage rooms, and would back up the government in taking steps in that direction. Beverage rooms for the sale of beer and wine should be closed not only in municipalities that vote them out, but generally throughout the province. At any rate the people of the province should be given an opportunity by a plebiscite or a referendum to vote them out and by a simple majority.

HYMNS WITH SWING

(Windsor Star)

About 3000 delegates to the annual convention of the Church of God in Christ at Memphis don't go much for speeches. They listen with respect as the orators exhort and as the reports are read. But just let a speaker sit down and give the pianist a chance to play, and the whole 3000 colored folk go to town on the hymns. No one has to call the number of the selection. The people know all the hymns and they prefer ones with swing to them. Once the music begins they are all enthusiasm. They sing at the top of their voices and some of the harmony is wonderful. It is the way they like best to worship and as in any church most of the people like to sing. Congregations enjoy a service if there are a few swing hymns sung in such a way that each individual lets go and everyone else is singing so loudly that even if he strikes a sour note no one bothers to turn and look.
