IS THE FOURTH ESTATE VENAL

Opposition leader Macauley classes all newspapermen and other people who accept advertising or work of any kind from a government just prior to an election, as being in the subsidized column, and hints that such outlay on the part of the government is in the nature of bribery. This we believe to be an unfair classification and a direct slur on the rank and file of newspapermen at least. They may not be as perfect and above suspicion as Caesar's wife, but to think they could be purchased by a small amount of advertising or job printing is to say that they are on a pretty low level mentally and all newspapermen should resent the interference in Mr. Macauley's heated charges.

"I just can't diagnose your case, I think it must be drink."

"Righto, doctor, I'll come back when you're sober."

There is an old saying to the effect that nobody loves a fat man. Referees know that the fat men have nothing on them.

(Intended for Last Week)

Mrs. Vause was critically ill last week, but under the care of Dr. Lindsay, Dundalk, and her nurse, Miss Pearl Watson, she is somewhat improved at the present time. Mrs. Vause has been sick in bed since last fall but during the last month she was up and around a little until the recent attack laid her low gain. We hope the warm spring sunshine will help to restore her strength and health.

Mrs. R. G. Acheson spent last week in Toronto.

The play "Wild Ginger" was given in the Orange Hall on March 25 by Bethel Young People and was much enjoyed by a fair sized audience.

Mr. Johnson of Emmanuel College preached his farewell sermon in the Proton charge last Sunday. All are very sorry to see him leave.

The Proton Station hockey players who played for Dundalk in the Centre Grey League are proudly displaying the watches which were presented to them last Frida night by the Dundalk Hockey Club.

Uncle Sam has increased his imports into Canada by 33 per cent. while at the same time his purchases from us have jumped only six per cent. It is a trend that should cause some thought on this side of the line.
