PENNSYLVANIA RAILROAD CO.
Office of the General Superintendent,
Altoona, Pa., 15th Dec. 1866.

GENTLEMEN—The watches you have been supplying to our employees on this Railroad for several years by our engine men, have given universal satisfaction. We have had no complaints worth mentioning against them, and we consider them good and reliable time-keepers. Believing I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE and have worked and do wear much longer without repairing than any watches we have ever had before. The road. As you are aware we formerly resorted to those of English manufacture, of which we had good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

I make these statements I am sustained by my predecessor Mr. [illegible], whose experience extended over a period of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

NEW YORK CENTRAL RAILROAD

Locomotive Dept Western Division,
Rochester, Dec 24, 1866.

GENTLEMEN—I have no hesitation in saying that I believe the great majority of locomotive engineers have found by experience that WALTHAM WATCHES ARE THE MOST SATISFACTORY of any for their uses. They RUN WITH THE GREATEST ACCURACY AND STEADINESS, notwithstanding the rough riding of an engine, and as I have NEVER KNOWN ONE TO WEAR OUT, they must be durable. I hope to see the time when railway companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHARLES WILSON,
G. Chief Engineer,
