CAUTION.

THE perfection and cheapness of the American Waltham watch have given it such a widespread celebrity that unscrupulous dealers years ago imitated its style, and pirated its trade marks. Irresponsible dealers are occasionally found who furtively trade upon the popularity of the American watch by selling a base imitation under the name of the genuine article.

It is hardly necessary to state that such watches are worthless as time keepers, and when bought for the genuine are calculated to injure the high reputation which our watches have attained. The several grades of the American watch (except the lowest grade marked Home Watch Co.) are guaranteed by special certificate bearing the number of the watch and the signature of the Treasurer of the Company, R. E. Robbins. The purchaser should in all cases require one of these certificates, which is furnished to all dealers in the genuine watches.

The following are the trade marks on the several grades of our manufacture:—

AMERICAN WATCH CO.
APPLETON, TRACY & CO.
WALTHAM WATCH CO.
P. S. BARTLETT.
WM. ELLERY.
HOME WATCH CO.

PENNSYLVANIA RAILROAD CO.

Office of the General Superintendent, Altoona, Pa., 15th Dec. 1866.

GENTLEMEN—The watches manufactured by you have been in use on this Railroad for several years by our engine men, to whom we furnish watches as part of our equipment. There are some THREE HUNDRED OF THEM CARRIED ON OUR LINE, and we consider them GOOD and RELIABLE TIME-KEEPERS. Indeed I have great satisfaction in saying YOUR WATCHES GIVE US LESS TROUBLE and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never keep time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent.

American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD

Locomotive Dep't Western Division, Rochester, Dec. 24, 1866.

GENTLEMEN—I have no hesitation in saying that I believe the great majority of locomotive engineers have found by experience that WALTHAM WATCHES ARE THE MOST SATISFACTORY of any for their uses. They RUN WITH THE GREATEST ACCURACY AND STEADINESS, notwithstanding the rough riding of an engine; and as I have NEVER KNOWN ONE TO WEAR OUT, they must be durable. I hope to see the time when railway companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHARLES WILSON,
G. Chief Engineer,
Brotherhood of Locomotive Engineers.

The Great Secret of selling goods cheap is to buy them cheap and charge a small profit. We don't repeat the old cry of Selling off at Cost Price, Sacrificing the Stock, &c. We come out boldly before the public, and quote the price of our goods, and show them at the door with the prices marked in large figures. Or to save ladies from the annoyance now so common of being rudely forced to buy, we will send samples on application, postpaid, to any address.
