KIMBERLEY

Mr. and Mrs. D. L. Weber spent the week end in Ohio visiting relatives. Mrs. A. McLean returned with them for a visit.

The Sunday School held their annual picnic at Sunnyside Beach, Collingwood. All report a splendid time. They enjoyed the swimming and sports and abundance of lunch.

Mrs. S. S. Burritt and Betty Graham visited a week with Mr. and Mrs. Herman Ferrier and R. R. Abercrombie at Barrie and Mr. and Mrs. T. Hudson at Shanty Bay.

Mrs. Willison (nee Eula Hurd) spent a few days visiting friends here, before leaving for Japan, where she is taking a position and will sail from Vancouver in the near future.

Mr. and Mrs. Orchard Marshall left for his new duties at the Mt. Forest Hydro station. They will visit Midland before going to Mt. Forest.

Mrs. Stan Lawrence and children visited over the week end with relatives and friends here.

Mr. and Mrs. Elmer Ellis and family spent part of the week visiting friends in the north country.

The East Mountain friends of Mr. and Mrs. Len. Haines gathered in the Community Hall here and gave them a miscellaneous shower. Some of the Kimberley friends joined with them.

Typographical Errors

The typographical error is a slippery thing and sly;
You can hunt till you are dizzy, but it somehow will get by,
Till the forms are off the presses, it is strange how still it keeps;
It shrinks down into a corner and it never stirs or peeps,
That typographical error, too small for human eyes,
Till the ink is on the paper, when it grows to mountain size.
The boss, he stares with horror, then grabs his hair and groans;
The copy reader drops his head upon his hands and moans.
The remainder of the issue may be clean as clean can be,
But that typographical error is the only thing you see.

The busier a man is the more loafers he seems to attract.

EDITORIAL NOTES

Bumper crops in many sections of the Canadian West are forecast and this is pleasant news to all. It is expected the Dominion government will make a new set price for the wheat which will shortly come on the market: It is hoped that the price will be high enough so that most of the distress affecting the West will, to a great degree, disappear.

The Ontario Conservative Party held a convention in Toronto last week at which Hon. Earl Rowe tendered his resignation as head of the party. A leader will be selected in October and the choice apparently lies with Hon. Leopold MacCauley or Col. George Drew. Whoever is elected as head of the party will have a difficult task of bringing it out of the doldrums into which it is at present drifting.

A forerunner of a regular trans-Atlantic airplane service arrived at Montreal on Thursday after a trip from Foynes, Ireland, which consumed twenty hours and twenty minutes of flying time. The plane brought pictures of the reception of the King and Queen on their arrival in France on Tuesday, which appeared in Eastern Canada papers Thursday afternoon. More data on flying conditions over the north Atlantic is being collected and very shortly Canada and the heart of the Empire will be connected with a one-day mail and freight service.

Dog poisoners have been at work in this district this spring and summer and some valuable animals have been destroyed in this manner. We can't believe that there is any person in Flesherton or Artemesia township who would deliberately poison a dog, man's best friend, and leave it to suffer extreme agony before the end came. Rather we give credence to the thought that the poison might have been set for some other purpose. If so, the person or persons should be more careful how poison is placed so that no innocent animal will be destroyed.

There is only one key to success, and that is perseverance.

To those who argue that nightshirts are better than pyjamas, we might quote the fact that a bright young gorilla brought from the Congo to a St. Louis zoo insists on sleeping in a nightgown. Maybe there is something in the Darwinian theory.
