Live Stock Report

(By Dunn & Levack, Toronto)

Extremely hot weather which seriously affected the beef trade and an over supply of cattle of medium quality had a definite effect on lowering prices on this week's cattle market. On Monday a few choice lots of cattle sold at steady prices but all other classes were fully a quarter to a half lower, also there was no outlet for shipment overseas.

A few choice steers sold at from 7.00 to 7.25 with weighty steers of medium to good quality from 6.00 to 6.75; common to medium 5.00 to 5.50. Choice butcher steers and heifers sold mostly at from 5.75 to 6.25; fair to good 5.00 to 5.50; common to medium 4.00 to 4.50. Choice baby beeves sold readily at from 8.50 to 9.50, others at lower prices according to quality. Stockers and feeders were slow of sale because of a scarcity of buyers as farmers were busy harvesting. A few of the best selected stockers sold at from 4.75 to 5.00 and choice feeders of heavier weights at from 5.25 to 5.50. The cow trade was easier, choice from 4.00 to 4.25 with a few light heifery cows at 4.50; fair to good from 3.25 to 3.75; common to medium 2.50 to 3.00; canners and cutters 2.00 to 2.50. The bull trade was slow, choice butcher bulls 4.00 to 4.25; heavy bolognas 3.50 to 3.75; common to medium bolognas 3.00 to 3.50.

The lamb market was disappointing as prices dropped one dollar per hundred since last week, choice lambs selling at 8.50. Good butcher sheep sold at from 3.00 to 3.50. The calf market was strong choice from 9.00 to 9.50; fair to good from 8.00 to 9.00 and common to medium 5.50 to 6.50.

On Monday the hog market was steady in spite of lower bids, truck deliveries selling at 10.00. The prospects look steady to strong for the balance of the week depending entirely upon supplies.

Automobile designers would be in for a real problem if the hoop and bustle fad ever came back into style.

"Did you ever take anything for your appetite?"

"Sure—three meals a day."

THEIR UPS AND DOWNS

The height and depth in brief salutations was reached recently when two girls greeted each other on Broadway as follows:

"Hi"

"Lo!"

You can't expect the girls to hanker strongly after the study of history with its old dates. What they are interested in is new dates.
