QUIET MARRIAGES?

Getting married nowadays seems like a noisy, sometimes vulgar occurrence which is foreign to the old-fashioned idea of sanctified matrimony. In probably every town the actual marriage ceremony is followed by a fast joy ride through the town in cars which are plastered with unseemly signs and dragging an assortment of tinware behind. The cars' horns are sounded continuously and the happy couple are ushered into the holy bonds in an atmosphere of noise, speed and wisecracks. It is reasonable to believe that the young couple who have just plighted their troth do not enjoy being made quite so conspicuous. We believe the wedding would be considerably more successful and enjoyable to both the most interested parties and the guests if it were conducted along slightly more dignified lines as would befit its high place in the social structure. —Lindsay Post.

A teacher giving a lesson on beans asked the children to compose sentences containing the word "beans." The usual bright boy produced "My father grows beans"—and the usual bright girl was ready with "My mother cooks beans". Then a little one made this effort "We are all human beans".

Teacher: "What is the origin of the word 'woman'?"

Student: "When the Lord shaped Eve from a rib that he took from Adam in the Garden of Eden, the devil was peeping over the fence and exclaimed to himself 'Wo man!' and Adam, hearing it, remembered it afterwards when it was too late."

Live Stock Report

(By Dunn & Levack, Toronto)

On Monday over 5,000 cattle arrived for sale and, with a good demand, the market was active and stronger on most classes. During the past week over 5,000 cattle have been shipped to the United States and this outlet is having a good effect on the market as a whole.

Choice weighty steers sold mostly from 6.00 to 6.30; a few fancy 6.75; fair to good from 5.25 to 5.75; common to medium 4.50 to 5.00. In the butcher section choice handy weight steers sold readily while heifers were a little easier. Most of the best cattle brought from 5.25 to 5.50 with a few fancy up to 6.00; fair to good from 4.75 to 5.25; common to medium brought from 8.00 to 9.00 with others 4.00 to 4.50. Choice baby beeves at lower prices according to quality. The cow trade was improved, choice fat cows selling from 3.75 to 4.00 with a few tops at 4.25; fair to good 3.25 to 3.75; common to medium 2.75 to 3.25; canners and cutters 2.35 to 2.65. The bull trade was active with choice fat bulls bringing 4.00 to 4.25; good heavy bolognas 3.75 to 4.00; common and medium 3.35 to 3.65.

The lamb market held active and strong, truck deliveries of choice ewes selling at 8.00 and weighed off cars at 8.25. Choice butcher sheep were in good demand at from 3.50 to 4.50. The calf trade was slow, but prices held about steady with choice from 9.50 to 10.50; fair to good 8.00 to 9.00; common to medium 5.50 to 7.00; grassers 4.50.

The hog market has shown more strength during the past week and Monday's sales were made on the steady basis of 8.00 for truck deliveries. A good outside trade has provided considerable competition resulting in much better prices than had been anticipated, considering the very bad reports of lower prices from the United Kingdom. The prospects for the balance of the week will depend a great deal upon supplies, but the general outlook looks steady.

TOO MODERN

Uncle and niece stood watching the young people dancing about them.

"I bet you never saw any dancing like this back in the nineties, Uncle?"

"Once, but the place was raided."
