The Highway Traffic Act

A little known change in the Highway Traffic Act which became effective last spring is the fact that a driver loses his operator's license if he fails to satisfy a judgment of twenty-five dollars or more which comes as the aftermath of an auto accident. Formerly the amount was fixed at one hundred dollars and many a driver continued to operate his car when the judgment was outstanding against him for a lesser amount. The Act says that the damages in excess of twenty-five dollars must be paid within fifteen days from the date upon which the final judgment becomes final, otherwise the operator's license shall be revoked until such time as the judgment is satisfied and his financial responsibilities to operate a car, in case of accident, is established.

The first snow storm of the season hit this district on Monday, November 14th, and continued into Tuesday. Fully eight inches of snow fell during the two days but it had practically all disappeared by Thursday. Since then the nights have been cold and the days comparatively mild. The present weather is certainly easy on the wood box.

Congratulations are extended to Mr and Mrs. John McDonald of town who celebrated their thirty-fifth wedding anniversary on Friday of last week, November 18th. Mr. McDonald is busy at present framing a barn for Mr. Jos. Lamb near Meaford. Mr. McDonald will have another anniversary on November twenty-fifth when he will have reached the allotted span of life, seventy years. We hope that both Mr. and Mrs. McDonald will be able to enjoy many more years together.

People buy now where they are invited to buy. The merchant who does not ask them to buy at his store by advertising in his local newspaper should have no criticism to make of those who shop elsewhere.

Old Coins Unearthed

Two old American coins have come to light, which have been buried six inches or more under the sod, on the farm of Harry Stewart, Maple Valley. His son, Elvin, when plowing some days ago in a field which had never before been broken up, found a large U.S.A. coin of the year 1818 lying in the furrow. Another son, Harold, conducted a further search and found another coin, a small "Indian Head" cent of the year 1867. He also came upon the stem of a clay pipe with the word "Henderson" and "Montreal" on the other. At the same spot were found several pieces of slate rock and some charcoal, indicating that there might have been human habitation there years ago. —Dpndalk Herald.

CROFT—STEWART

A quiet wedding was solemnized at three o'clock Wednesday, November 16, at St. James Rectory, Dundalk, by the Rev. E. O. Lancaster when Myrtle Alvera, daughter of Mr. and Mrs. Sameul J. Stewart of Corbetton, was' united in marriage to Mr. Thomas Wesley Russel Croft, second youngest son of the late Mr. and Mrs. Charles W. Croft, Osprey.

The attendants were Miss Hazel Brown of Dundalk and Mr. Lloyd Little of Wareham.

Juvenile Hockey

An effort is being made to form a juvenile hockey group to comprise Orangeville, Shelburne, Flesherton, Dundalk, and Markdale in an effort to bring along talent for more advanced competition. In talking the matter over with the boys they seem to be jubilant over the idea, and what boy doesn't want to play hockey? We believe that a team of boys who are still seventeen years of age or under on January first next could be gathered together to form a fairly good team for competition. Juniors of today are the seniors of to-morrow and every effort should be made to encourage them in their play.
