Live Stock Report

(By Dunn & Levack, Toronto)

There was a liberal supply of cattle for Monday's market, and with lower reports from outside markets, the trade was easier, some classes selling from 15 to 25 cents below last week's sales. There was a limited demand for weighty steers, and very few brought over the 7 cent mark, while choice butchers sold at a general top of 6.50. The bull trade was strong on account of the order trade for the United States.

Choice weighty steers brought from 6.50 to 7.00 with a few at 7.25; fair to good from 5.75 to 6.40. Choice butcher steers and heifers sold at from 6.25 to 6.50. fair to good from 5.75 to 6.25, common to medium 5.00 to 5.50. Choice baby beeves held steady at from 8.00 to 9.50, others downward to 5.50. Choice butcher cows sold at from 4.25 to 4.50, with a few fancy at 5.00, fair to good from 3.75 to 4.25, common to medium 3.00 to 3.50, canners and cutters, 2.50 to 2.90. Choice butcher bulls were in good demand at from 5.00 to 5.25, heavies and bolognas 4.75 to 5.00, light kind 4.25 to 4.50.

Heavy supplies of lambs arrived from Alberta and the market was very slow choice kind selling mostly at 8.75 with only a few at 9.00. Choice butcher sheep were steady at from 4.50 to 5.00. The calf market was strong and prices higher, choice from 10.00 to 10.50 with a few extras at 11 cents, fair to good from 9.00 to 10., common to medium 6.00 to 8.00.

Following the sharp declines in last week's hog market, the trade was steady today, packers bidding 8.25 to 8.35, with most of the hogs going to smaller wholesalers at 8.50. The prospects for the balance of the week look uncertain. It will be well to market hogs before they become too heavy as the present discounts are severe on butcher and heavy hogs.

Principles Of Grading

The grading of farm products is based on the principle that it is sound business to classify live stock in such a way that the consumer will be able to recognize and purchase quality products, and that the price premium which the consumer will pay for the better grades should be returned to the producer of them. Practice has proven the value of the theory involved in the grading principle. Grading activities have been a tremendous incentive to quality production, with resultant price benefit to producers.

An item in a weekly newspaper read: "The ladies of the Helping Hand Society enjoyed a swap social on Friday evening. Everybody had brought something they didn't need. Many of the ladies were accompanied by their husbands."

Medical Test For Motorists?

Attorney-General Gordon D. Conant said a recommendation that all applicants for motor vehicle drivers licenses be required to have a medical certificate guaranteeing their fitness to drive, will be discussed at the provincial traffic conference to be held in Toronto this month.

Many other recommendations also will be discussed. They came from various police chiefs, safety and auto organizations, as a result of a request by Mr. Conant for suggestions to reduce the traffic toll throughout the province.

It has also been recommended that every driver should be required to produce a certificate of his fitness every five years, as well as pass a written examination based on the Highway Traffic Act.

The recommendation also urges that drivers convicted of reckless driving, operating a motor vehicle while under the influence of liquor or narcotics, criminal negligence or manslaughter, should be forced to produce a medical certificate and pass a written examination before being allowed to drive after their conviction.

Then there was the announcement made from the neighboring pulpit on Sunday that "on Tuesday evening the young people would present a play 'Home They Brought Her Warrior Dead'—in three parts.

Local and Personal

Mr. Milford Piper is this week attending the Ford Motor Company service school in Toronto.

Mr. and Mrs. F. J. Thurston were in Toronto for a couple of days last week.

Mr. and Mrs. W. I. Henry and Mr. and Mrs. H. A. McCauley visited with relatives at Dungannon Sunday.

Mr. Maurice Wright left last week to resume his position in Colombia, South America, after a three month furlough at his home here.

The Ladies' Aid of St. John's United Church, Flesherton, will hold a sale of homemade baking at McTavish's service station on Saturday, January 21, commencing at 2.30 p.m.

Through the Flesherton Board of Trade free skating is again being given to the children of the district each Saturday afternoon from 1.30 to 3.30 p.m.

Proton and Flesherton clash in a Semi-Pro League game this Thursday evening in the local arena. Be sure to attend this game as the local boys have not been getting the support they deserve in their games so far. Surely after winning their last two starts a large crowd will attend to cheer them on to further victory.

Another large egg has been brought to The Advance office, this time closer to Flesherton. Mr. Geo. Best brought his large one to us Monday and it measured 5⅞ x 8 inches. If there are any larger in size than this one we would like to know of it, or if there are any other interesting freaks of nature we would like to know of them.

A social evening was held at the home of Reeve Alfred Down on Friday of last week when the members of last year's council and the two new members of the present council presented ex-Reeve H. A. McCauley with a walnut smoker as a token of the pleasure they had in working with him the past few years. Mr. McCauley was Reeve of Flesherton for eight years and climaxed excellent work for the village by being elected Warden of the County of Grey. He expressed his appreciation for the gift and intimated that he would continue his interest in village affairs and would be pleased to offer advice at any time. A pleasant social time was enjoyed by the gathering and lunch was served by the host.

High School Notes

After a long silence we are back in the news to tell you what is going on in the life of our local high school. Much of note has occurred but has not been reported. We shall try to bring your knowledge up to date and advise you of future events.

But first let us express our appreciation to the editor for giving us space to publish our news. We will make the best of the opportunity that is presented.

Literary Society

We have a lively literary society in the high school although it was late in being formed, it will certainly be a force for the training of our boys and girls. The executive consists of: president, D. Smith; vice-president, M. Stephen; secretary, B. Stewart; treasurer, W. Jamieson; editor, A. Chapple. The form representatives are: K. Bannon, M. Hunt, R. McConkey and R. O'dell. Just now Form V is preparing a program for Friday afternoon, January 27, called "The Big Broadcast." We welcome all parents and supporters to the meeting.

Education Week

Did you know that the week of February 5-12 is Canadian Education Week. During that week educationists throughout our fair Dominion are endeavouring to give our educational policies and institutions a bit of deserving publicity. Special broadcasts are being arranged for that week; special meetings will be held by various organizations. A number of our local organizations are preparing to celebrate Education Week at their meetings.

Education Week Here—The high school is preparing a special literary program and open house for Friday afternoon, February 10. No admission will be charged and tea will be served at the conclusion of the programme. Watch this space for more details. In the meantime keep that date open and let us hope for a good attendance.

Sports

We are glad to see the interest that is being taken in sports by the boys and girls. We have organized a badminton club and at present about forty students are participating; this represents nearly half of the total attendance. It is encouraging to the staff and executive to see such response. The officers are as follows: president, A. McVicar; secretary-treasurer, F. McTavish; courts and games committee, J. Collinson, John Monaghan and F. Graham.

Hockey—Our school has entered a team in the newly formed Juvenile Hockey League. Shelburne, Dundalk, Markdale and Chatsworth have also entered. Mr. Hutton is coaching the team and the Central Ontario sponsors are lending us support. We will endeavour to make each game a good exhibition of skill and sportsmanship. Your attendance at our games will encourage the boys to do their best in their first year in Juvenile hockey. Flesherton's games are as follows: Jan. 19, Flesherton at Dundalk; Jan. 26, Shelburne at Flesherton; Jan. 31, Markdale at Flesherton; Feb. 3, Flesherton at Markdale; Feb. 6, Chatsworth at Flesherton; Feb. 8, Flesherton at Chatsworth; Feb. 10, Dundalk at Flesherton; Feb. 16, Flesherton at Shelburne. The complete schedule will be printed later.

A young woman who went to the college to take her degree of doctor of philosophy married her professor in the middle of the first semester. When she announced her engagement one of her friends said, "Why Marion, I thought you came up here to get you Ph.D.?" "So I did," agreed Marion, "but I had no idea I would get him so soon."
