Live Stock Report

(By Dunn & Levack, Toronto)

Monday's cattle market showed a decline in prices compared to a week ago, in spite of the fact that supplies were not too heavy. There was no outlet for export and the local wholesale trade is reported to be slow and at the present time there is an oversupply of dressed beef.

Choice weighty steers brought from 6.75 to 7.10; fair to good from 6.50 to 7.00; plain kind 5.75 to 6.25. Butcher cattle were fully a quarter lower, choice steers and heifers selling from 6.00 to 6.25. fair to good from 5.50 to 6.00; common to medium 4.75 to 5.50. Choice baby beeves held steady at from 8.00 to 9.00, others sold at lower prices according to quality. Choice butcher cows brought from 4.50 to 4.75; fair to good from 4.00 to 4.50 common to medium 3.25 to 3.75; canners and cutters 2.75 to 3.00. Choice butcher bulls 4.50 to 4.75; good heavy bolognas 4.25; light common kind 3.75 to 4.00.

Lambs opened strong, with a few extra choice Ontario lambs selling at 9.25 and Alberta lambs of heavier weights at 9.00. Choice butcher sheep held steady at from 5.00 to 5.50. The calf trade was strong, with choice veal calves at from 10.00 to 10.50 with a few tops at 11.00; fair to good from 8.50 to 9.50; common to medium 6.00 to 7.50.

Hogs featured the market, advancing to 9.50 for truck deliveries. The market is uncertain, depending entirely upon supplies and outlet to smaller wholesalers.

A dissatisfied bride puts it this way: "I gave up the attentions of many men for the inattention of one."

The ice harvest has been in full swing during the past week and most of the users of this natural commodity have their store houses filled. The ice is about fourteen inches thick and of very good quality. It is stated that a Markdale dealer has given a contract to the local men to supply 1500 blocks. Cutting has been in progress on both the Munshaw and McCauley ponds.

This district has experienced almost all kinds of weather during the past few days. Sunday afternoon and evening rain froze as it fell and made the roads dangerous for travel. Warmer weather then set in and the rain continued steady most of the night. Monday morning a cold wave commenced and by Tuesday morning the temperature reached a few degrees below zero. Colds and 'flu are rampant due, no doubt, to the changeable weather.

TO HOG PRODUCERS

Producers of hogs in Canada are reminded that the increase in the number of overfinished and overweight hogs now being marketed is creating a very serious and acute problem in the export bacon and domestic pork trade. Farmers are therefore strongly advised to refrain from overfinishing and to endeavor to market their hogs before reaching a weight of 230 pounds at the farm.
