Live Stock Report

(By Dunn & Levack, Toronto)

Supplies of cattle on Monday were heavy and the trade was slow, as buyers were bidding lower prices, with the result that salesmen refused to accept drastic cuts and over 1,800 cattle were left unsold at the close. Calves and lambs held steady, while hogs were slightly lower.

The demand was very limited for choice weighty steers, which sold at from 6.75 to 7.00; good to choice from 6.50 to 6.75. In the butcher section, bids were fully a quarter lower and choice butcher cattle sold at from 6.50 to 6.75; fair to good from 6.00 to 6.50; common to medium 5.50 to 6.00. Choice baby beeves brought from 7.00 to 7.50. Stockers and feeders were in good demand, best light kind from 5.00 to 5.50, with those of heavier weights 5.75. The cow trade was active and steady, choice fat cows from 4.75 to 5.00, with some light heifery cows up to 5.50; fair to good from 4.25 to 4.75; common to medium 3.50 to 4.00; canners and cutters 2.75 to 3.25. The bull trade was steady, good heavy bulls 4.75 to 5.00; choice butcherbulls 5.00 to 5.25; light bolognas 4.00 to 4.25.

Choice spring lambs sold readily at from 13c to 13½c per lb. Small lambs and those of medium quality were not wanted and sold at sacrifice prices. It will be well not to ship any unfinished lambs to market. Choice butcher sheep brought from 4.00 to 4.50. The calf market was active and strong, choice from 8.50 to 9.00; fair to good from 7.00 to 8.25; common to medium 5.50 to 6.50.

Heavy supplies of hogs at all centres caused prices to work lower and Monday's truck deliveries sold at 8.60. The prospects for the balance of the week looked uncertain, but it was felt, generally, that prices would hold steady.

Woodstock is going to buy the regulation red carpet for royalty and then cut it off in mat sizes and recover the purchase price by selling them as souvenirs. Now we understand how that place always keeps its financial standing at a high mark.

HARD ON THE NERVES

An old Southern planter was discussing the hereafter with one of the colored servants. "Sam," he said, "if you die first, I want you to come back and tell me what it's like over there. If I die first, I'll come back and tell you what it's like."

"Dat suits me, massa," replied the old Negro, "but if you dies first ah wants you to promise me you'll come back in the daytime."

A new machine has been invented and tests made by it can tell if a person is going crazy and it also determines how rapid the progress. The trouble is that if a man were going crazy he probably wouldn't want to know it.

Two heavy rain and thunder storms on Saturday evening and Sunday afternoon gave the needed moisture to the ground and everything is growing now in great style. It is felt by many that more rain would be a great thing for the country. Almost all the gardens have been planted except for some of the tender plants, but these will likely be attended to this week. All danger of frost is not yet over.

FIRST CLASS HONORS

Congratulations are extended to Mr. Sherman Piper, son of Mr. and Mrs. Roy Piper, of Ceylon on successfully obtaining first class honors in first year medicine at the University of Toronto. Sherman is an honor graduate of Flesherton High School and last summer won the Carter Scholarship for Grey County. First year medicine is a tough course, as fifty per cent of those taking the course fail to secure the standing required to continue their studies. Sherman's success is, therefore, more meritorious and he deserves the congratulations of friends.

Canadian mines now contribute one-quarter of our national wealth. And that means we take a great deal of gold hidden deep in the rocks and sell it to those who in turn take it and hide it again in vaults.

"It's all right—I see them coming along the road now!"

When you've got a telephone you can reassure people quickly. In the country, farm homes are far away from each other — it takes a lot of time to send somebody "next door"— but it takes no time at all when you've got a telephone. Then you are in touch with your neighbours, with the stores in the village — and if your grown up children are working in nearby towns — you can hear their voices too. Every farm home should have a telephone — because it costs so little.
