Drew Royal Train

Thomas "Tommy" Davidson, C.N.R. engineer, had the honor of drawing the Royal Train from Toronto to Stratford on Tuesday, June 6th. Engineer Davidson, who regularly operates the Maple Leaf Flyer from Toronto to London, is a member of a pioneer Osprey family and spent his early life in Collingwood, where his family resided for a number of years and is a brother of W. H. Davidson of Collingwood. "Tommy" will be remembered by Craigleith residents, having commenced his career in that railway sectoin.

This is the season when nurses graduate from many training schools and unfortunately the only way in which we can give practical encouragement to the young ladies is by falling ill in generous numbers.

CAR RAN INTO STONE WALL

Miss Delmar Seeley of Maxwell had the misfortune to have her car badly damaged at Dunedin when it ran into the side of a barn when it was left standing on a grade. "Bren Charges Hurt Orders," says headline. In other words much business was shot.

For the benefit of the young ladies in general it should be recorded that the Queen's finger nails are not painted.

"Jack, Oh he's an hotel cook."
"A capable one, I expect."
"Rather. Every day he invents a new name for the same soup."

"Did the doctor take your temperature?"
"I dunno. All I've missed so far is my watch."

"It's all right—I see them coming along the road now!"

When you've got a telephone you can reassure people quickly. In the country, farm homes are far away from each other—it takes a lot of time to send somebody "next door"—but it takes no time at all when you've got a telephone. Then you are in touch with your neighbours, with the stores in the village—and if your grown up children are working in nearby towns—you can hear their voices too. Every farm home should have a telephone—because it costs so little.
