It is an old saying that "everything comes to those who wait." The rain on Thursday certainly did that. I took the notion to put out two straight sided vessels of different diameter, and upon measuring afterward, found exactly 2½ inches of water, a very satisfactory test. On Friday another 1⅛ inches fell. That should spoil the small potatoes!

The Osprey Municipal Council met as a Court of Revision of the 1939 Assessment Roll at Feversham on Sat., June 10, and after making and subscribing to the oath of office, the Court opened and the following appeals were presented and dealt with:

Gordon Dennison, too highly assessed, assessment sustained; Geo. Priestley, too highly assessed, assessment sustained; Herb. Betts and Mervyn Wright, too highly assessed, assessment sustained; G. Little, too highly assessed, was reduced $100 on land; John Arnott, for reforestation purposes, was reduced $150 on land.

General business was taken up after the Court adjourned, and after the minutes and proceedings of the former meeting was read and found correct, the following business was done:

The Council was pleased to welcome members of the Melancthon Council, and to discuss the extra assessment on the Connor and R. Little extension drain (there has been much controversy and discussion on this matter) a proposal was made that this municipality should pay to them the sum of $500 in settlement. It was decided the proposition would be presented to the ratepayers affected and a decision would be forwarded at the earliest possible date.

[Note: A meeting of the ratepayers affected was held in the school house at Wareham, and by an almost unanimous vote the proposal of the Melancthon Council was rejected, so that in all probability the issue will be settled in Court.]

Silver Anniversary

(by our Eugenia Correspondent)

Mr. and Mrs. Chas. Newell of Rock Mills were at home to their friends on Saturday evening, June 24th, the occasion of their twenty-fifth wedding anniversary. The living room, where the guests were received and also the dining room, were prettily decorated with pink and white streamers and white bells. Flowers were in profusion. Miss Hilda Betts, a niece, frocked in pink taffeta, attended the door. Mrs. Levi Duckett (nee Mae Binnington), who was maid of honor 25 years ago, attired in the same dress she wore on that occasion, received with Mr. and Mrs. Newell.

Mrs. Newell looked lovely, wearing a dress of maize triple sheer. The only ornament she wore was a beautiful sunburst of pearls that her husband had given her on her wedding day. Their marriage was performed on the Betts homestead (now occupied by Frank Betts), by Rev. R. C. Kerr, who was killed in the Great War. Mrs. Newell is a daughter of Mr. Thos. Betts and the late Mrs. Betts and the groom, who was born in Bentinck, is a son of Mrs. Geo. Newell and the late Mr. Newell.

About 7.30 o'clock an appetizing lunch was served on the spacious lawn to about 80 invited guests, who all sang "For they are jolly good fellows," when the bride and groom joined them. The bride's cake was delicious, consisting of five storeys. Friends were present from Durham, Varney, Priceville, Eugenia, Maxwell and Flesherton. Later in the evening there were about 150 people present, as many friends and neighbors called to bestow best wishes and congratulations to the honored couple. A very enjoyable time was spent in music, dancing and social chat.

The bride and groom of 25 years received many lovely gifts, among which was a beautiful electric floor lamp in bronze and gold from Mr. Newell's brothers and sisters of Durham. The groom's gift to the bride was a handsome three-piece Chesterfield suite. Many letters of congratulations were reecived from distant friends, who were unable to be present. Mr. Newell's cousin broadcasted a message of best wishes and congratulations to them in the evening. They also received many pretty bouquets of flowers. We all join in extending our best wishes that Mr. and Mrs. Newell will be spared to enjoy their golden anniversary.

Completeness of equipment hasn't everything to do with enjoyment. If it had, what enjoyment would the small boy get out of fishing?

"Can you come right over, Doc . . . she's getting worse!"

If this farmer did not have a telephone it would probably have taken him all day to get "doc" organized—or to summon quick aid for other emergencies—"Sure we need a telephone," this farmer says, "we'd never be without it!"

So why take chances? A telephone means so much to the whole family; it's always handy, and it costs so little.

Don't let another day go by without making arrangements for a telephone at your farm. Every farm should have one.
