HEALTH DEPENDS UPON PURE BLOOD. Thin and acrid blood cannot secrete healthy bile, and therefore the first thing for those who are dyspeptic should be to commence the purification of their blood.

BRANDRETH'S PILLS,

Not only purify, but they make the blood richer, and add those principles upon which its power to resist disease, depends.

MILD OPERATION WITH SUCCESSFUL EFFECT ARE THE PECULIARITY OF BRANDRETH'S PILLS. Now that we may soon expect genial Spring, it is of great importance that a few doses be used by the wise. Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use, we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the fine organs of the stomach and bowels—They soon cure liver complaint, dyspepsia, loss of appetite, pain in the breast bone, sudden faintness and costiveness. In brief, Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage, removing every unhealthy accumulation, till the blood is purified, the whole system renovated, and the functions and duties of life become a pleasure, where before they had been sad and weary burdens.

We have thousands of similar testimonials to the following, and such evidence can be had from living witnesses all around us on every side. It is from a gentleman of high respectability, whose letter can be seen at the Principal office: he writes:

"I am now fifty-two years of age. * * * For twenty years I have used your Pills as my family medicine, and I wish no other! and (have never had occasion to call a physician in my family, [save in the sickness of my wife with children] during the twenty years."

TRUE MEDICAL PRINCIPLES.

Never extract blood. Blood is the life. By abstracting it in painful diseases you may occasion the patient cand, *remember this ease is only the reduction or lessening the power to feel.* And by thus taking away nature's tools, you may prevent her from fully repairing the ravages of inflammation, and convert what might only have been the sickness of a few days or weeks into a chronic affection of months or years.

PURGING BY MEANS OF BRANDRETH'S PILLS.

This is the means which accords with nature—nature's remedy in fact. When sudden, acute or continued pain occurs, then to insure security you must take a medidine that will surely purge. There must be no shilly shallying, because every minute lost may be fatal.

Principal office, 43 Brandreth Building, 415 and 417 Broadway.

All Pills with 241 Broadway on the box, are counterfeit.

The genuine are sold by respectable dealers everywhere.

ANTIPHLOGISTIC SALT;

A PERFECT SUBSTITUTE

For the Lancet, Leeches and Blisters!

OF ITS INTRINSIC VALUE, THE ENLIGHTENED COMMUNITY, AND NOT THE DISCOVERER, MUST BE THE JUDGE.

Many medicines offered for sale are accompanied by doubtful certificates, (their chief virtue) and claim to be universal remedies, curing all maladies—a burlesque on common sense. As the discoverer of this Salt solemnly protests against having it placed in the category of frauds and impositions, he has resolved that it shall go forth to the world like the pure gold dollar, with no other passport than its own true value. If the public find it genuine, they will receive it—if spurious, they will reject and condemn it. Instead of being a panacea for all ills, it has control over but one ill—has but one aim, and accomplishes but one thing, to wit: subdues Inflammatory Disease—whatever be its form or locality—whether in the head, throat, chest, abdomen, extremities, or skin.

When the discoverer, after a long series of laborious and costly experiments, became fully confirmed in his conviction that the Antiphlogistic Salt which he now has the happiness to present to the American public, was a

PERFECT SUBSTITUTE

for Blood-letting, Leeches and Blisters, his mind was so agitated that he could not sleep for many nights. The cause of his agitation was the striking fact that the manner of its operation, like that of the virus in vaccination, could not be satisfactorily explained upon any known principle. How, in what way, it so effectually subdues inflammatory diseases and no others, was at first wholly inexplicable—but, on further experiment, it was proved that by its power over the veins, arteries and glands it equalizes the fluids of the body, the want of an equilibrium in which, is the sole cause of inflamation. It exerts, like the vaccine matter, an extraordinary influence over the circulation—resulting in a gradual decline of inflammation as indicated by the pulse, which soon resumes its natural state, as the heat and pain disappear. Such is its potency, that like the virus just mentioned, it requires what merely adheres to the point of a quill dipped into a solution of it, to affect the entire system—but must be instantly used to prevent decomposition & secure its full virtue. Three quills in acute, and two in chronic disease, every twenty-four hours, till the heat and fever have subsided and a perfect cure effected. When it takes the place of leeches, stimulating ointments and blisters in local inflammation, as Brain Fever, Croup, Toothache, Pleurisy, &c., its mode of administration is two-fold. (See directions for dissolving, &c.)

☞ The peculiar excellence of this Salt is that without the useless loss of blood and strength, it effectually cures inflammatory diseases (no others) by producing an equilibrium of all the fluids in the body and a consequent uninterrupted circulation. The following different forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as perfectly subdued by the Antiphlogistic Salt, as fire is extinguished by water.

1—Cases where the unbalanced fluid affects the Head and Throat, to wit:—Brain Fever, Headache, Fits, Inflamed Eyes, Ears and Nose, Canker, Neuralgia, Catarrh, Erysipelis, Bronchitis, &c.

2—Cases where the unbalanced fluids affect the Chest and Abdomen—to wit: Pleurisy, Asthma, Inflamed Lungs, and Liver, Colic, Heartburn, Coughs, Dyspepsia, Gravel, Gonorrhea, Venereal, &c.

3—Cases where the unbalanced fluids effect the Extremities and Skin—to wit: Rheumatism, Gout, Scrofula, Ulcers, Chicken and Small Pox, Salt Rheum, and all itching and other Cutaneous Eruptions.

This Salt greatly alleviates the inflamatory pains peculiar to married ladies, (before and at the time of confinement) and many Female Complaints; and is very efficacious in Fevers, Ague, Wounds, Nervous and Spinal Affections and any other forms of (mark this) inflamatory disease, attended with heat, or febrile symptoms.

☞ Persons who have a tendency of blood to the head and heart, or lead inactive lives, or breathe impure air of manufactories and the poisonous fumes of metals and minerals, or live in unhealthy climates, are exposed to a peculiar vitiation of the fluids of the body, which one dose, without interfering with diet or business, once in three months, would invariably prevent. It is believed to afford protection from infectious disease; and, therefore, it is recommended to travellers, sailors and soldiers.

☞ To protect the community from imposition by counterfeits, the proprietor will employ no Agent, and has made such arrangements that he can send the medicine in any quantity by Mail or Express, to any part of the United States or foreign countries. Its prime cost to the discoverer is $1 50 per drachm—price $2 per drachm—and is put up in drachm packages for acute disease, (with directions, &c. at $2; three do. for chronic cases, $5; and five drachms do. for families, $8—a net profit of fifty cents on each package.

☞ While many nostrum makers victimize the good natured and pill-ridden public by ordering from six to a dozen boxes or bottles to cure any malady, no matter what, the undersigned is happy in being able to state, that the severest forms of recent inflammatory disease are overcome by one Acute package, and the most obstinate and long standing cases by one Chronic package. Although thirty days have not elapsed since this new medical agent became partially known to the citizens of Boston and a few neighboring towns, yet such have been the results of its trial, that during the past week, nearly 400 packages were sold in this city, and orders received by mail and express for 183 family, 347 Chronic, and 385 Acute packages. In one instance six persons clubbed together and wrote for six packages, (of the "Little Giant," as they called it) to be forwarded to one address—thereby saving expense to themselves and the proprietor.

☞ Letters from clubs or individuals with money (if over $10) should be registered at the post office where mailed, as it costs but five cents, and will insure their safe arrival.

*** The discoverer now humbly submits his Perfect Substitute for the Lancet, leeches, and blisters, to the tribunal of an intelligent public reiterating that it does just what it claims to do—no more, no less; subdues Inflammatory Disease, (no others) whatever be its form or locality, by restoring the lost balance between the fluids and solids.—Family packages $3, Chronic $5, and Acute $2; to be had (free of expense) only by addressing him through Box 322, Boston, Mass., or at his Office, No 3 Winter Street.

☞ Cut out this advertisement and his communication in another column, for the perusal of your neighbors, and your own future use.
