Fitting Revenge

A young lady school teacher was recently stopped in Detroit for driving through a red light, and was given a ticket calling for her appearance in traffic court the following Monday. She went at once to the judge, told him that she had to be at her classes Monday morning, and asked for the immediate disposal of her case. "So," said the judge sternly, "you're a school teacher. That's fine madam, your presence here fulfills a long-standing ambition for me. For years I have yearned to have a school teacher in this court. "Now", he thundered, "you sit down at that table and write 'I went through a stop sign,' 500 times."
