SPECIAL NOTICE.

EXPLANATION.—By letter or in person, the following question is daily asked of the undersigned, by persons who have bought his new medical Salt. "How deep should the quill be dipped into the solution?" Answer—Dip as you would a pen into ink, and a drop is what remains on the quill. The quantity required is small, but the vaccine dose is smaller—and the effects of both equally extraordinary. It should be remembered, that this Salt is physic for the fluids and not body. When Jenner announced to the world his great discovery of vaccination, the learned doctors of his day, said it was a "Hoax"—and declared him to be a "Quack," "Imposter" and "Humbug". The undersigned is expecting to be assailed with similar mild epithets—but still he humbly believes the discovery of the Antiphlogistic Salt, like all inventions and discoveries, is the mere development of what always had existence in the mind of the Great Infinate.

BEST HAIR DYE IN THE WORLD!

This is strong language, yet Bogle's Electric Hair Dye (recently improved) was proven to be so, by the judges at the late mechanic's Fair, held in Boston, (among whom was Dr. Hayes, the eminent chemist and State assayer) who awarded it the PRIZE MEDAL AND DIPLOMA, over the choicest Hair Dyes on exhibition from all parts of the Union. Its unparalled superiority consists in, 1st. The ingredients are nourishing to the hair, not destructive as others are. 2d. Does not stain nor hurt the skin. 3d. Is easily applied, and dyes the hair any color required, from a delicate brown to a deep black, so natural as to appear marvellous. Manufactured, sold and sold by WM. BOGLE, 277 Washington st. 232

COPARTNERSHIP.—It may interest our brethren of the press to know that Dr. J. C. Ayer of Lowell, (Cherry Pectoral and Cathartic Pills,) has associated with him, his brother Frederick Ayer, Esq., long and favourably known as a leading merchant of the West. Mr. Ayer will conduct the widely extended business of the firm, which now reaches to the commercial nations of both hemispheres, while the Doctor will devote himself to his scientific investigations and pursuits.—Mercantile Journal. 21

Holloway's Ointment and Pills possess magical powers in the cure of sores—Mr. Henderson, of St. Andrews, N. B., writes that Holloway's Ointment and Pills have acted on his son like magic, the boy was covered with sores from the time he was a few months old, and every remedy tried seemed to increase the disorder. A relative of Mr. Henderson, assured him, and although doubtful of the truth, he determined to give them a trial, which he did. Nine weeks perseverance with these celebrated remedies, completely restored the child to health, leaving every part of his body without the slightest blemish for which Mr Henderson has tendered his everlasting thanks to Holloway's Ointment and Pills. 49

"LITTLE GIANT"

Corn and Cob, Pea and Oat Mill!

THIS MILL combines, in a remarkable manner, SIMPLICITY and POWER and may be adjusted and put into operation by any person, (no matter how ignorant he may be of machinery); while its efficiency, as a

Corn and Cob Crusher,

surpasses anything of the kind in existence, and fully warrants the unique appelation of the "Little Giant."

This crusher is adapted not only to the grinding of Ear Corn for feed, but also to the cracking of Corn, Peas, and Oats, together; in which it is unrivalled.

The economy of grinding up cobs with corn, is hardly now an open question. Full experiments have been made, and the results frequently published. It is not pretended that the cobs are rich in the element of nutrition, compared with the grain, but they have been found to yield spirit or distillation, a proof that they are far from valueless, and also answer admirably the purpose of procuring the necessary distention of the stomach, and promoting digestion.

The "Little Giant" is of two sizes, costing respectively $40 and $60. It will turn out, according to size, from ten to twenty bushels an hour and do its work most thoroughly and satisfactorily!

These Mills are to be had in all the principal Towns in Canada.

WILLSON HOUSE,
(LATE WILLSON'S HOTEL,)
MAINE STREET, Brockville, C. W.

THE SUBSCRIBER begs to intimate to his friends and the public, that he has leased the above premises, and will feel grateful for a continuance of the patronage heretofore extended to the Hotel.

The situation of BROCKVILLE is one of the pleasantest on the whole line of the St. Lawrence or Grand Trunk Railroad. From it the Traveller may enter at once by Steamboat, into the exciting scenery of the Thousand Islands. Or, if the wonderful Rapids of the St. Lawrence are to be visited, the local position of Brockville renders it the most enticing, and at the same time the most convenient spot for taking Steamboat downwards, to Montreal and Quebec.

Brockville also forms a comfortable half way distance between Montreal and Toronto by Railroad, where passengers could enjoy a quiet night's rest, and continue their journey either East or West on the following day, there being a Local and Through Train each way.

THE WILLSON HOUSE

Is Commodious, and one of the most comfortable in America. Omnibusses will attend at the Cars and Boats to carry passengers to the House, free of Charge.

The proprietor is desirous of making his House in reality a home to all Travellers who may stay at his Establishment, and consequently desires to call public attention to the conveniences of the same.

Westport Stages, via Farmersville and Beverly, leaves the Hotel every morning at 9 o'clock, Sundays excepted.

Perth Stage, via Smith's Falls, leaves at 7 o'clock every morning, Sundays excepted.

Merrickville Stage, leaves on Tuesdays, Thursdays and Saturdays, at 2 o'clock, P. M.
