## PROTON STATION

Mrs. A. Sherson has been very ill for over a week. Nurse Irish is in attendance. She is showing some improvement which, we trust, may continue until she enjoys her usual health again.

We are sorry to report Mrs. Albert Baker quite ill and we wish for her a speedy recovery.

Municipal voting took place at the Proton polling booth today (Monday). Messrs. R. G. Acheson and Wes Dever were the officers in cha They remarked that the voters did not turn out as well as usual.

Mr. and Mrs. Wyvill are visiting their daughter, Mrs. Burton, at Meaford.

Mr. and Mrs. Clark Wyvill of Toronto visited Proton friends Sunday.

Mrs. R. G. Acheson spent the past two weeks in Toronto.

Mrs. Wauchope of Badjeros spent the week end with her sister, Mrs. Sherson.

Mr. and Mrs. W. J. Hemphill, Mr. Lorne Hemphill and Miss Bernice Mather of Toronto spent the week end with Mr. and Mrs. Russell Acheson.

Mr. and Mrs. Charlie Hodgin have purchased and are already residing in the home formerly owned by the late Mrs. Corbett. Mr. Percy Hodgins purchased his brother's cottage and has rented it to Mr. and Mrs. Wm. Reddick, who have moved thereto.

### MONKEY MYSTERY SOLVED

Last year when the Gray circus was in town, two of the monkeys escaped and spent several days in the trees around town. One of the monkeys, (the larger of the two) was captured by two of the circus employees who returned to town after the show moved to Owen Sound. The smaller monkey was not captured and disappeared mysteriously a day or two after the first monkey had been caught. Where the smaller monkey went to was a mystery until after the leaves went off the trees. Then its skeleton was sighted in the top of a high maple tree at the rear of Mrs. Lockart's house. It is believed that the chain (which was attached to a collar around the monkey's neck) got caught in a crotch or branch of the tree, making the monkey a prisoner and causing its death.—Dundalk Herald.

Manhattan boasted 107 years ago of having the first horse-drawn car line in America. Then it electrifiel the lines, and now trolley cars are being replaced by buses.

## Ontario Legislature To Convene January 10th

The 1940 session of the Ontario Legislature will open on January 10, Premier Hepburn announced recently, following a Queen's Park conference with Col. Geo. A. Drew, K. C., Conservative Opposition Leader.

All major legislation which has so far been considered by the government was diclosed to Col. Drew. There will be a redistribution bill this session, as once forecast, the Premier definitely stated.

The special committee, under the chairmanship, of Hon. Paul Leduc, Minister of Mines, which was named last spring on the demand of the opposition to enquire into various angles of Ontario timber administration, present and past, will convene as the session commences, and vill sit concurrently with the house. This course of precedure will save considerable money to the province,. Mr Hepburn said, inasmuch as the probe will be completed by the time the House prorogues.

Much of the time and consideration of the session will be given over to the matter of Ontario's war effort. The various standing committees, agriculture, labor and others—will be convened without delay and instructed to make whatever accomodations they deem advisable to expediate the war effort. The recommendations will be considered by the War Resources Committee, which was appointed at the special session in September. The personnel of this last ·amed organization will be increased, Mr. Hepburn stated.

### DEMOCRACY FIRST

The sum with which the people of Ontario would save in one year by a moratorium on municipal elections would probably be in the neighborhood of $200,000. It is an exceedingly small amount in comparison with other expenditures which are at least equally unjustified.

One night of hockey in all communities affected would represent an outlay of that much. More than that amount will be spent on rugby during the fall. Many times $200,000 is spent on unnecessary motor trips. A great deal more than that is spent on candy, soft drinks and for banquets over and above the regular meals. The sum of 200,000 is spent on beverages 250 times each year in Ontario.

Why, if economy is necessary, strike first at something which constitutes a form of democracy which the war is calculated to protect.

The trouble with stopping the German sea raiders is that the ocean is a large place.
