GRAVENHURST MINISTER

Rev. N. H. Dinnick, pastor of Calvery Baptist Church, Gravenhurst, this week has published a large Bible Chart which gives a bird's eye view of all important prophetic events of the Bible. Printed on twenty pound bond paper the chart shows the commencement of the nations, both Jewish and Gentile; the commencement of the Church; the Cross; the Second Coming of Christ; the great tribulation and the coming battle of Armageddon and burning of the earth by fire and The Great Judgment Day. The Chart was designed by Rev. N. H. Dinnick and executed by Mr. S. Fromow, well known artist of Muskoka. While the chart has been prepared to sell at 25c, it will be sent to ministers, Sunday school teachers and Christian workers free,providing a small coin is sent to cover the cost of wrapping and mailing. During the past few months Mr. Dinnick has been preaching a series of sermons on Prophecy and the chart is the outcome of prophetic studies.—Gravenhurst Banner.

Mr. Dinnick, who is a son of Rev. and Mrs. S. D. Dinnick, Orangeville, spent his younger days in Orangeville, going from his home town to New York, where he spent four years sudying theology before receiving his Th. G. He spent several years preaching on the Bowery, New York, famous for its "down and outs." Later Mr. Dinnick moved back to Ontario, where he has become known as a most interesting and instructive teacher.—Orangeville Banner.

READ THE "SMALL ADVTS'

THE LOST WAS FOUND

Durham Chronicle

A Bentinck farmer put on his vest the other day because the weather is cold again. As he did so he remembered he was wearing the same vest last spring.

Last spring means a lot of hard luck to that farmer. One of the things that happened to him had to do with selling some of his livestock to raise necessary cash. The farmer hired a trucker, whom he accompanied, taking the cattle to the city.

Having to remain in the city over night after the sale of the stock, he and the friendly trucker took a room together. In the morning when awakening, the driver was gone, for truckmen are early risers.

Feeling under his pillow for the comforting wad of $126, the proceeds of his sale, the farmer found that that, too, was gone. Police were notified and eventually the trucker was located, but not the wad of money, and nothing could be proved. Feeling ran high in the farmer's district. It was a shame to rob a man already having such heavy going.

As already stated the farmer put on his discarded vest the other day and set off for town. On the way he felt in the vest for a match, found papers in his way, and drew out his $126 from the pocket where he had sleepily placed it on retiring the night of the sale of his stock back in the spring.

No wonder the Americans wrote a song about rolling out the barrel. They consumed 52 million barrels of beer last year.

A litigious man was forced to leave on a long journey efore the conclusion of a suit he had brought against a neighbor. He left instructions with his counsel that the verdict should be sent him by wire.

Two days later he received this wire: "Right has triumphed."

At once he wired back, "Appeal immediately."

Giving Mother A Break

A kindly lady I heard about, has a friend who is not very well off and who has been blessed with a large number of children. The kindly lady, on one of her visits, was so moved by the juvenile harassment to which her friend was subjected that she sent as a gift, one of those play-pens, A few weeks later she made another call. The house as usual was swarming with small children. But in the midst of this confusion sat the patient mother, working at her sewing machine. The children were not disturbing her, because she and the sewing machine were in the middle of the playpen.—Baltimore Sun.

Orange Valley School

* denotes perfect attendance.

G. B. Littlejohns, teacher.

SO WHAT?

(J. Ollier in Shelburne Economist)

A horse chestnut is not a chestnut; grapefruit is not related to grapes; peppergrass is not a grass; calla lilies are not lilies; and a pineapple is neither a pine nor an apple.—Newspaper item.

And a good complexion is quite often only a paint job; "master of the house" is often the missus; a "pleasure excursion" is quite often anything but; quite often the fur that bears some fancy name originally formed the external covering of rabbits; and a "hot dog" has nothing to do with a dog—we hope. So what?

Birds as well as aeroplanes, are sometimes forced down because of ice on their wings.

According to mortality records, quarry work is more dangerous than mining in England.
