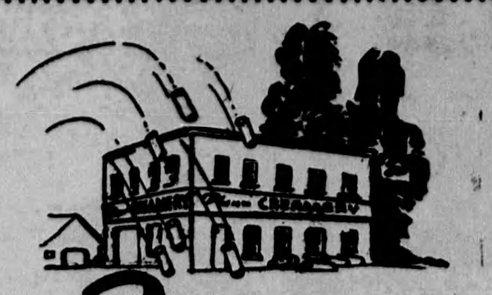
CREAM CANS ARE COSTLY



...Back home!

Much of the material for Cans comes from England, where it is now needed for war purposes and is scarce. Can costs are going up.

Many farms have one or more Cans used as containers for other materials. This is against the law. ONLY CREAM may legally be put into Cream Cans.

We REQUEST that you co-operate with us, and SEND BACK ALL EXTRA CANS not needed for cream.

Cans regularly used and properly cared-for keep cream better than carelessly-used Cans. We must have rusty Cans re-tinned.

CANS ARE LOANED to patrons as a favor. It is very difficult to keep track of them all. So, be a good sport and return all Cans to the creamery promptly.

PLOWED LAST FURROW

It may be said of the late Lord Tweedsmuir he plowed a straight furrow. Last fall, the Governor-General attended the plowing match near Peterboro and was induced to try his skill between the handles of a plow. Several experts complimented His Excellency on his fine showing, whereupon he shook his head and said, "I'm afraid I shall have to come back next fall and try it over again."

All Canada will join in the regret that he will not be back next fall.

LEG BROKEN SECOND TIME IN TWO YEARS

Harvey Trudgeon suffered an unfortunate accident last Friday while skidding logs on Eugene Connor's farm, north-east of Dundalk. The chain broke when the horses were pulling a tree out of the bush and the chain struck Harvey below the knee, breaking the bone. The same leg was broken two years ago when Harvey fell, breaking it at the ankle. Dr. T. D. P. Carter of this place set the fractured bone and had the leg placed in a plaster cast, in which it will have to remain ten weeks. The injured man was taken to Orangeville Hospital on Sunday to have the injured leg X-rayed. He is now at his home, M. O. townline. Numerous friends sympathize with Harvey in his succession of misfortunes.—Dundalk Herald.
