

we were active members in its formation in the winter of 1963 is still flourishing. I will always remember my years as Secretary of Wheaton District Co-operative.

All good things must end and change for new, so on July 1st 1969 we moved to Sydenham Township near Rockford where we continue to farm and be involved.

The Isaac Lake Farm was sold by the Luckhardts to the Ministry of Natural Resources in the Spring of 1969.

We very much enjoyed our short time on the peninsula and will always cherish the many friends we made. We feel fortunate that we are close enough to renew our acquaintances often.

Enclosed please find twenty-five dollars for now and if the book is more let me know.

Thanks for all the efforts you are making towards this and I wish you every success.
Stewart.
