OFFENSIVE BREATH.—This is a most disgusting malady; many persons are not aware that their breath is bad, and it is a delicate subject to mention. One drop of the "Persian Balm" upon your tooth brush, night and morning, will insure your freedom from this offensive malady. 150

THE PILL TRADE.—Who could dream of the magnitude such an undertaking as the manufacture of a Purgative Pill assumes when it comes into general use. And how painfully do the following numbers speak of the amount of human sickness and suffering, that little morsel of a remedy goes forth to combat and subdue. Dr. J. C. Ayer of Lowell, manufactures in his laboratory forty gross per diem of his Cathartic Pills, through all the year. This is eight boxes a minute or one dose a second. We thus find over 43,000 persons swallow this pill every day, or 1,296,000 a month! Physicians, think of that! 43,000 patients a day seek relief from the medical skill of one man. Surely that man should be, as he is in this case one of the first intelligence and of the highest character. His occupation entails upon him a fearful responsibility for the weal or woe of his fellow man. Painsville Courier. 152

Bite of a Rattlesnake cured in five minutes.
MESSRS. PERRY DAVIS & SON GENTS:—A merchant of Linnaeus, in this State, informs me that recently one of his sons was severely bitten on the leg by a rattlesnake, from the effects of which he suffered most dreadfully. The family chancing to have some of Perry Davis' Pain Killer in the house immediately commenced bathing the bitten place, without knowing whether it would or not, afford the least relief, but surprising as it may seem, the poison was soon observed to exude from the wound, and five or ten minutes the young man fell asleep, entirely free from pain, or any effect from the bite, except the flesh wound, which healed very soon. By giving publicity to this fact in your pamphlet designed for southern and western distribution, and such countries as poisonous reptiles more or less abound, it might serve the cause of humanity, and be the means of supplying an article, the want of which has long been experienced.
Yours respectfully. H. BLAKSLEY.
St Louis, Mo. 152

We would caution all who buy Pain Killer to be careful and call for Perry Davis' Pain Killer, and to take none not put up in square bottles, with Perry Davis & Son's note of hand on one side of the bottle, and "Davis' Vegetable Pain Killer" blown in the glass. All others are spurious.
Sold by E. W. Palmer, Kingston. 142

The Oxygenated Bitters have received the strongest testimonials of any medicine in the world for the cure of Dyspepsia, Asthma and general Debility, and is worth the confidence of all who seek a remedy for these complaints. 152

A Profitable Investment.—If you would save twenty dollars in physicians' fees, and twice that amount in time, buy a dollar bottle of Perry Davis' Pain Killer for family use; you will never regret it. 152

IT IS NOT GENERALLY CONCEDED that Liver Complaint, or a deranged state of the Liver is the cause of most of the summer and bowel complaints that visit us during this season of the year.

Yet some of our first physicians consider the Liver the principal cause of these diseases, or in other words, when it performs its functions properly it enables the system to resist or throw of diseases of the stomach and bowels, and where they are deranged the surest cure is to cure the Liver of its disease and cause it to perform its proper functions. There is nothing in the whole world that so quickly strengthens the Liver to a proper performance of its functions as Dr Sanford's Liver Invigorator which almost instantly checks Diarrhœa, Dysentry, or any complaint of the bowels.

The Invigorator acts as a gentle cathartic, yet it checks all looseness of the bowels from the time it is taken till the regular operation of the medicine some eighteen hours after when the cause of the complaint is removed the liver is invigorated, and health soon follows. The Invigorator may be taken with perfect safety in all cases of Dysentry, as it has been tried and used for years for such complaints by a largely practicing physician.

FOR DISEASES OF THE LIVER.

There are hundreds of remedies sold at every Drug Store, purporting to cure, each advertised as the very best ever known, till we had lost faith in them all, but there is one exception.

We speak of Dr. Sanford's Invigorator, which came to us recommended as a cure for Liver Complaints, and all derangements arising from a Diseased Liver. The testimonials of so many of our physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything eatable without trouble, while before nothing but the lightest food would digest and often that gave pain. Now what we wish to say to all our readers is, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world.—Middletown Register. 1m. 133

TO THE MILLION.—Prof. Wood, of St. Louis, has after years of deep study and untiring research, succeeded in presenting to the public an article superior to any now in use, and indeed it is truly a wonderful discovery—we advert to his Hair Restorative; the only article that has been completely successful in cheating age of his grey locks, removing dandruff, itching, scrofula, &c. It restores the gray-head to more than the original beauty; adds new lustre to locks already luxuriant; having the effect on coarse, harsh hair to render it glossy and wavy; fastens permanently hair that is loose or falling, and many other qualities which will become known as soon as used.

The pride of mankind is singularly developed in the keeping and arrangement of the hair; perhaps from the fact that it is the only portion of the human body that we can train in any way we choose; how important then, having this portion left to our care, that we should use all the means science has placed in our hands to render it beautiful and permanent. If you would have beautiful hair, glossy hair, hair with its natural color elegantly preserved to extreme old age, don't fail to purchase Wood's Hair Restorative.—Daily Iowa Gazette. OXYGENATED BITTERS.

☞ Read the following letter from Caleb Parker Esq., of Concord, N. H., a man honored and esteemed by all who know him:—

GENTLEMEN:—With no disposition to make my name conspicuous, I take the opportunity to state to the afflicted the benefit I have derived from the use of Dr. Green's Oxygenated Bitters, and to recommend them to others. For two years I have been troubled with indigestion and its attendant evils, such as flatulency, constipation, severe attacks of diarrhœa, accompanied with water-brash at the stomach which reduced me to flesh, strength and spirits, so low that I was nearly unfitted for business. I applied to several physicians, from whom I obtained only temporary relief, and finding in a short time my disease returning upon me in all its malignity I concluded, with the advice of friends, but without the least faith in their efficacy, to try the Oxygenated Bitters, from the use of which I found immediate relief, having no return of water-brash after taking the first potion. I continued to use it according to the directions, until I had taken eight or ten bottles which have entirely cured me. My weight has increased some thirty-five pounds, and my health is perfect. I can truly say that I consider the Oxygenated Bitters the best tonic extant. I have recommended them to several, who have invariably found great benefit from their use.

Yours respectfully,
CALEB PARKER.

SPECIAL NOTICE.

FRANGIPANNI.—Mr E. W. Palmer advertise the genuine Frangipanni—a most exquisite perfume. Its name has a history which we copy from Notes and Queries:—

"There is in Rome a family bearing the patronymic of Frangipanni, as famous in Italy as the Plantagenets and the Tudors in England. The origin of the name of this family is traced to a certain office which an ancestor filled in the church—that of supplying the holy bread the water in one of the ceremonials. Frangipanni literary means 'broken bread,' and is derived from Frangi to break, and Panus, bread. Hence we have the Frangipanni puddings, which good housewives know are made with broken bread. One Mercutio Frangipanni, who lived in 1492 was a famous botanist and traveller, famous as being one of the Columbus expedition when they visited the West India Islands. The sailors, as they approached Antigua, discovered a delicious fragrance in the air. This, Mercutio told them, must be derived from sweet smelling flowers. On landing they found vast quantities of the Plumeria Alba, in full bloom, rendering the air redolent with rich odor, and from this plant, which the present inhabitants of Antigua call Frangipanni flower, is distilled that exquisite fragrance which is now so popular in fashionable circles."

Such as Constipation, Inward Piles, Fullness or Blood to the Head, Acidity on the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever & Dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin, and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and great Depression of Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is a new and untried article, but one that has stood the test of a ten years' trial before the American people, unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.
