Lot 14 con 3 E.

In 1871 the Crown granted this 100 acres to Thomas Lee who had it in his possession until 1886. From then until purchased by Wm Juffnell in 1911 it passed from many owners all of short duration. From 1935 to 1976 there were six owners. The buildings were down for several years.

In 1976 Malcolm Odell and his wife from Hamilton had a new house built but not on the site of former buildings. They have not as yet taken up permanent residence.
