Bite of a Rattlesnake cured in five minutes. Messrs. Perry Davis & Son—Gents:—A merchant of Lisnoms, in this State, informs me that recently one of his sons was severely bitten on the leg by a rattlesnake, from the effects of which he suffered most dreadfully. The family chancing to have some of Perry Davis' Pain Killer in the house immediately commenced bathing the bitten place, without knowing whether it would or not, afford the least relief, but surprising as it may seem, the poison was soon observed to exude from the wound, and five or ten minutes the young man fell asleep, entirely free from pain, or any effects from the bite, except the flesh wound, which healed very soon. By giving publicity to this fact in your pamphlet designed for southern and western distribution, and such countries as poisonous reptiles more or less abound, it might serve the cause of humanity, and be the means of supplying an article, the want of which has long been experienced.

Yours respectfully, H. BLAKSLEY.
St Louis, Mo. 159

☞ There are plenty of young gentlemen as well as plenty of old ones, whose beards are turning gray, which gives the former a great deal of uneasiness, and exposes the age of the latter. To avoid these little perplexities we advise such of our readers to use Prof. Wood's Hair Restorative, which will in the course of a few weeks, change the hair to its natural color. It does not dye the hair like most of the hair restoratives, but produces a gradual change of color from the roots of the hair to the final end, and gives it a fine and glossy appearance. We have seen many persons who have used it successfully, and pronounced it the only invention which had come up to their idea of a "cure for gray heads." We commenced using it about two months since, and if we are any judge of age and beauty, it has made us ten years younger; in fact we are beginning to look quite young, and feel very much like getting a young wife. The change is miraculous, and it would be as difficult to find a grey hair now as it would be to find an idea in the head of the Duke of Buckingham. We know several old maids and some young widows, whose locks are beginning to assume a silvery hue, and who have been talking seriously about resorting to this remedy, and we advise them not to delay any longer. It never fails.—[St. Louis Herald.

☞ IF ALL OUR READERS WHO are troubled with Liver Complaint, Jaundice or Dyspepsia, will read the advertisement in another column of Dr. Sanford's Invigorator, and then try a bottle, we should not see so many sickly, despairing people as now meet our gaze at almost every corner, for there never was a remedy of which so much is said, and what performs so nearly what its proprietors say it will do. It came to us so highly recommended that we could not fail to try it, and a trial has convinced us, without a doubt, that it is the best family medicine in use. We take it for Headache, Sour Stomach, Billiousness, and any of the little bodily ills that are common, and it does produce a pleasant state of feeling to the sick, and what is better after using it a few times, these little ills grow less and less, and there is a prospect of being entirely free from them by a continuance in the use of the Invigorator. Now we wish to impress our readers with this, that the Invigorator is a medicine particularly adapted to family use, and where there are children subject to little diseases, as all children are, it is invaluable, and saves physicians' bills, and an untold amount of anguish both to mothers and their little ones.—[Scioto Gazette.

A NEW ARTICLE IS NOW BEING used in the manufacture of Medicine, namely, gums, of which, we are reliably informed, Dr. Sanford's Liver Invigorator is wholly composed. These gums are said to be the most powerful articles to act on a torpid or inactive liver that are now known to physicians, and yet in their combination in the Invigorator, they are as harmless as can be for even the smallest child, it may be administered with perfect safety and great benefit.

Ladies of sedentary habits find great benefit by its use, while those who are sick and debilitated, or lack vigor and energy, can not find a surer, safer, and speedier remedy than the Invigorator. Parents administer it to their children with safety and success for worms, bowel and summer complaint, cholera infantum, and derangements which children are subject to while invalids, and all who are troubled with Liver Complaint of any kind find a sure relief in this the invalid's friend.—[Portland Journal. 161

We would caution all who buy Pain Killer to be careful and call for Perry Davis' Pain Killer, and to take none not put up in square bottles, with Perry Davis & Son's note of hand on one side of the bottle, and "Davis' Vegetable Pain Killer" blown in the glass. All others are spurious.

ONE DOLLAR
WILL BUY

ONE of the best Purgative and Liver Medicines now before the public, namely, Dr. Sanford's Invigorator or Liver Remedy, that acts as a Cathartic, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off the matter, thus accomplishing two purposes effectually without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses will strengthen and build it up with unusual rapidity.

Dr. Sanford's Invigorator is compounded entirely from new articles of medicine, namely, Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel, without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in the prescriptions until used in the form of the Invigorator which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

Indigestion being caused by a deranged Liver is cured when the Liver is excited to action.

Jaundice is caused by an improper action of the Liver, and as a proof that the Invigorator relieves this disease let any one troubled with Jaundice take the Invigorator regularly; one week, and their skin will begin to assume its natural color.

Costiveness can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work. Sick Headache is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an over-loaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a family medicine generally, all who use it speak in the highest terms.

Dr. Sanford's Invigorator came to us recommended as a cure for Liver Complaints, and all diseases arising from a Diseased Liver. The testimonials of so many of our physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world.—State Fact.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as Dr. Sanford's Invigorator; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them when they need medicine to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—Jacksonville, Ala, Republican.

It is a new and untried article, but one that has stood the test of a ten years' trial before the American people, unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well-known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, satisfy the most sceptical that this remedy is really deserving the great celebrity it has obtained.

Joy to the Admirers of a Fine Head
OF
RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.—We call the attention of all old & young to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, it hing, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or deceased in scalp, to use it; and surely the young will not as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue of thousands.

The Agent for Prof Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

Deep River, Conn. July 23, 1856.

Mr. Leavenworth—Sir; I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store the 1st of April last, and & purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as anything of the kind is used in this place, you may have a market for many bottles after it is known here.

Yours with respect, RUFUS PRATT.

Philadelphia, Sept 9, 1856.

Prof. Wood—Dear Sir; Your Hair Restorative is proving itself beneficial to me. The front, and also, the back part of my head almost lost its coverings in fact bald. I have used but two half pint bottles of your Restorative, and the tip of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it.

Yours respectfully,
D. R. THOMAS, M.D.

Vincennes, Ia., June 22, 1855.

Prof. O. J. Wood: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, to whomsoever it may concern, that I have used it and known others to use it—that, I have for several years been in the habit of using other Hair Restoratives, and I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore, recommend its use to every one desirous of having a fine color and texture to hair.

Respectfully yours,
WILSON KING.
