Mr. L. Hill has gone to Toronto to take a position. Mr. Hill was one of the guards at the Hydro plant.

Would you like a fish story? Keith Carruthers has one. He and a boy friend went out early the first morning of fishing and landed a speckled beauty that tipped the scales at 1½ pounds. Keith is eight years old so you would know that the little fellow would be excited. He took the fish to Owen Sound and entered it in the fishing competition, but did not receive a prize.

The W. I. met at the home of Mrs. Robt. Chard Thursday for and election of officers. A discussion was held on the June celebration. Mrs. D. A. Graham presided for the election of officers, resulting as follows:

The Ladies' Aid conducted a successful sale of baking in Flesherton Saturday afternoon, the proceeds amounting to $11.

Wednesday evening the Ladies' Aid sponsored a social evening at the church and a good crowd attended. Rev. McMillan was chairman and conducted community singing, followed by a violin duet by Snowden McLeod and Bob Plester, accompanied by Mrs. Roy Piper. A debate resolved "that women are more competent car drivers than men," produced a great deal of laughter. The affirmative was taken by Mrs. Geo. Jaynes and John McWilliam, while Snowden McLeod and J. D. Teeter attempted to prove how clever men drivers were. The audience acted as judges and by a heavy clapping announced the affirmative as winners. "The Bugginsville Uplife Society," was a smart skit, given by a number of the ladies. Taking part were Mrs. G. Stuart, Mrs. Smillie, Miss Lottie Whittaker, Mrs. Earl McLeod, Mrs. Thos. Stewart, Mrs. John Beatty and Mrs. Dave Adams. Ostrich plumes were in evidence on some of the hats, bonnets, capes and high boots, with long full trailing skirts, reminding many of the microbe sweepers of fifty years ago, a real contrast with the sun-tan dresses of today. The parts were well taken and everyone enjoyed the full program. The proceeds amounted to $15.

Cameron was appointed to take down the minutes in the absence of the secretary. Seven pairs of socks and three pairs of wristlets were reported finished for the Red Cross. Mrs. Beaton led in a further discussion of the Farm and Home Improvement Contest. It was moved that the $1.00 fee be paid, which entitles all the Club members to join in the contest. The Chamber of Agriculture meeting in Owen Sound was reported. Mrs. Geo. Fisher had the topic "Uses of Milk in the Diet." Many splendid ideas were given and a discussion followed. Mrs. Beaton read a paper on "Farmers' Protective Association." Mrs. J. D. McLeod conducted a contest which was won by Mrs. Campbell. The next meeting will be held at the home of Mrs. John Stewart, when all the members are requested to attend.

WAREHAM

The syrup season is not quite over, but at least one in the neighborhood has commenced plowing. Two or three drying days will put most of the men and horses to work.

A large lone wild goose was seen yesterday on a small pond with a little group of Mallard ducks. The birds were evidently travelling together. Surely this is unusual.

Fay Blakey, Reg. Grummitt and Gordon McMaster are enrolled in the beginners' class at Wareham school, besides those reported in lst week's issue. The lower grades in the school are very full this year.

Church service was not held Sunday, this being the last of the winter schedule. From now on service is to be held every Sunday at 3.30 p.m. Sundy School ws held as usual. A discussion of the lesson on Isaiah was led by Harry Wright, for the Y. P. class and the Bible class. Wareham Y. P. class is unique, being conducted on a leadership plan, rather than the usual teacher-pupil way, and more than a score attend regularly. If Sunday's session was typical, this class is to be commended for the earnestness of their work, and for their sincere searching for truth. "The thoughts of youth are long, long thoughts." It is very evident that the leaders prepare their topics.

The new project, "The Club Girl Entertains," on which Wareham girls are working, is proving very popular. Fifteen girls attended the meeting held Saturday at the home of Doris Fisher. The next meeting will be held in the church basement at 3.30 p.m., when it is expected that several more girls and young women will join.

Some very interesting facts in connection with the history of Wareham, which the Junior Institute is preparing, are coming to light.

Mr. and Mrs. Geo. Russell, Mr. and Mrs. Kenneth Imlach, Mr. and Mrs. Wm. Cameron and sons visited at the home of Wm. Russell recently. Mr. Geo. Russell, whose home is in Idaho, reports the seeding done some time ago, and alfalfa a foot high.

Mr. Wm. Wilson of Sarigley spent a few days at the home of Mr. Wm. Wright.

Since November, 48 booknaking and gaming houses have been closed in Toonto. It is better to wait until the race tracks open and then gamble safely.
