NEW ENGLAND STATES

THE Restorative of Prof. O. J. Wood, for Restoring hair perfectly and permanently, has never yet had a rival; volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot doubt; read also the following.

☞ The Hair.—People have, for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative there is no such thing as fail. We know a lady who was bald, who used the article a short time, and her head is now covered completely with the tiniest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which it restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair, either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—Woman's Advocate, Philadelphia.

Cochocton, Ohio, Nov. 17, 1856.

O. J. Wood & Co.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M. Hackluson,) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio, or some State in the West should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the Hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be, I would like to engage in the sale of it, for I am satisfied it must sell. Yours truly,

S. T. STOCKMAN.

Wayland, Mass., Feb. 5, 1857.

Prof. O. J. Wood & Co.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth, both of which it has effected completely. In the operation I have used nearly three bottles. Yours &c.,

JAMES FRANCIS.

Re-establishment of the old plan of Management.

LEWIS RICE, Proprietor, respectfully announces that he has resumed the old plan of management, as it existed before the recent alteration. Trial of the European system in this Hotel, proves, that although the advantages are great, yet the plan is better adapted for the smaller class of Hotels.

The accommodations and conveniences of the House are unsurpassed, and the recent improvements and alterations, for the comfort of guests, leave nothing to be desired.

Boston, Sept. 18, 1857. 3m-195

The Liver Invigorator.

PREPARED by DR. SANFORD, is a Great Scientific Medical Discovery, and is daily working cures almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the Jaundice or Dyspepsia to a common headache, all of which are the result of a Diseased Liver.

The Liver is one of the principal regulators of the human body, and when it becomes deranged the powers of the system are fully developed, the stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault, and the whole system suffers in consequence of one organ ceased to do its duty, that organ, one of the most powerful in the whole system, has been for years to find some remedy wherewith to counteract the many evils it is liable.

To prove that this remedy is at last found with Liver Complaint but to try a bottle, and you will be convinced.

A compound has been formed by dissolving gums and extracting the active virtues of which is soluble for the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease and effecting a radical cure without any of the disagreeable after effects, felt by using Calomel or Mineral Poison, that is usually resorted to.

One dose after each meal is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of two teaspoonfuls will always relieve Sick-Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, a preventative of Cholera.

One dose taken often at the commencement of Fever and Ague will prevent the recurrence of bilious attacks, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes food digest well.

One dose often repeated cures Chronic Diarrhœa in its worst and bowel complaints, while summer complaint yields almost to the first dose.

One or two doses cures attacks caused by worms, while worms in children, there is no surer, safer or speedier remedy in the world as it never fails.

There is no exaggeration in these statements they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine by those of the highest standing in Society, and we know it to be the best preparation now before the public.—Hudson County Democrat.

LEA and PERRINS'
CELEBRATED
WORCESTERSHIRE SAUCE.

PRONOUNCED BY CONNOISEURS to be the only **Good Sauce.** and applicable to EVERY VARIETY OF DISH.

EXTRACT OF A LETTER from a MEDICAL GENTLEMAN at Madras, to his Brother at WORCESTER, Nov. 1856.

"DEAR LEA and PERRINS—Your Sauce is highly esteemed in India, and in every region the most palatable and wholesome Sauce that is made."

EXTENSIVE FRAUDS.

Lea and Perrins having discovered that several of the Foreign Markets have been supplied with spurious imitations of their "WORCESTERSHIRE SAUCE," the labels on which closely resemble those of the genuine Sauce, and in one or more instances with the names of L. & P. forged, they have deemed it their duty to caution the public, and require purchasers to see that the names of LEA & PERRINS are upon the Wrapper, Label, Stopper, and Bottle.

L. & P. further give notice that they will proceed against any one who may infringe upon their right, either by manufacturing or vending such imitations, and have instructed their correspondents in the various parts of the world to advise them of such infringements.
