STAR OF DESTNY

The tragedy that depresses every one of us is the senseless destruction of human lives and the famine that threatens a large part of the Old World—all the result of the economical blood lust of one individual, Hitler,, and the traitorous self-interest of the fawing camp-follower, Mussolini. These wholesale assassins are the Black Plague of modern times. The Black Plague kept the population down and one can not help wondering whether these two master murderers have not the same thought in mind. To them, human lives, whether those of their own people of those of other nations, mean less than nothing. They starve human beings by the millions and then they preen themselves and boast.

What a dark world they would have to face! So it is to the Brtiish Commonwealth of Nations that the downtrodden countries must look for rescue from degradation and death and for the righting of the world's wrongs.

Here the star of destiny will rise for the British Commonwealth of Nations and for the other English-speaking peoples and from the ashes and the anguish will come a new world that will not know Hitler and that will be dedicated to the highest ideals of civilization and of Christianity.

It is suggested that Britain needs old metal and scrap iron for emergency defence and that there is a lot of such metal lying wasted on the Prairie farms. Would this be a practical donation to the cause?

Morgan: I never saw so timid a man as Henpeck. He's like a mouse in his own home.

Brown: Oh no, old chap. Why, his wife isn't the least bit afraid of him.

GENERAL MERCHANT **FLESHERTON, ONT.**

REGISTRATION STARTS ON MONDAY August 19th.

Commencing Monday, August 19th, Canada calls on her citizens, 16 years of age and over, regardless of nationality, to register. Because of the magnitude of this task the Government asks those who must register to study the questionnaire carefully. Every question must be answered truthfully and without evasion. It is imperative that every one 16 years of age and over register. You will make the whole task easier for yourself and the Government by registering early. Registration will last for three days only.

REGISTRATION DATES
August 19th, 20th, 21st

EVERYONE CAN HELP—To keep the cost of this registration at a minimum the Government is asking the co-operation of all public-minded citizens in the work of registration. You can help by getting in touch with your local registration officials and offering your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant be in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Your Registration Certificate

To every person answering the questionnaire fully and satisfactorily a certificate of registration will be issued by the local deputy registrar. This is a small card which must be carried on the person at all times.

Penalty for Non-Registration — Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.
